

Bolsover District Council

AUDIT COMMITTEE

16th May 2017

KEY ISSUES OF FINANCIAL GOVERNANCE

Report of the Executive Director – Operations

This report is public

Purpose of the Report

- The purpose of the Key Issues of Financial Governance report is to track progress concerning the implementation of previous recommendations from both External and Internal Audit and to inform the Audit Committee of progress in addressing those recommendations. It constitutes a standing item on all agendas of the Audit Committee.

1 Report Details

- 1.1 This report seeks to update Members of the Audit Committee concerning the main issues of financial governance where further progress or ongoing monitoring is required. In particular the report outlines issues raised by both External and Internal Audit in order to monitor progress in resolving these issues and to evaluate the overall position of the Council's financial governance arrangements. This report reflects both the Annual Audit Letter 2015/16 together with the more detailed ISA 260 report from KPMG both of which have been presented to this Committee. It also considers the latest update report from Internal Audit concerning progress on the Internal Audit Plan which is provided elsewhere on this agenda. The outcome of those reports together with planned management action to address the limited number of issues identified is reflected within this report. The Key Issues of Financial Governance are set out in Appendix 1 which in the view of the Chief Financial Officer constitute the main strategic financial issues currently facing the Council.
- 1.2 The Strategic Issues which are outlined below are consistent with the conclusions of the External Auditors (KPMG) report on the outcome of the 2015/16 Audit. The key messages from that report concern firstly the quality of the Statement of Accounts where the external auditors issued both an unqualified opinion on the Statement of Accounts by the 30th September, while concluding that the Authority has made proper arrangements to secure economy, efficiency and effectiveness in its use of resources. While the overall conclusions was a very satisfactory outcome for the Council the detail of the report did identify a limited number of areas where improvement is required and helps clarify where we need to focus efforts to ensure that existing standards are maintained.
- 1.3 The Council is currently in the process of finalising its Statement of Accounts in respect of the 2016/17 Financial Year, with the result that the positive outcome of

the previous years audit (2015/16) is now of less relevance for this Committee to consider as it is in the process of being updated.

1.4 With regard to the value for money conclusion and the associated risk areas whilst current arrangements are operating well and are fit for purpose, they will need to continue to evolve in the light of changing circumstances if the Council is to continue to secure a positive assessment. The main issue identified was as follows:

- While the Council continues to make good progress in protecting its financial resilience by securing the required in year savings targets the Medium Term Financial Plan continues to identify savings requirements on the General Fund approaching £2m over the next four financial years. In addition to the currently identified savings target the report noted that there are a range of risks or financial uncertainties that are currently facing the authority which will need to be effectively managed if the Council is to secure continued financial sustainability.

1.5. With regard to the work of Internal Audit the Council received a total of 3 marginal reports in 2013/14, 2014/15 and 2015/16 which is an indication that standard of internal control are being maintained. The Annual Report from the Internal Audit Consortium appears elsewhere on this agenda and identifies that a total of four audits (Taxi Licensing, S106 arrangements, Use of Social Media and Health and Safety have been assessed as marginal. A further report that in respect of Transport has assessed the system of Internal Control as unsatisfactory. Copies of the reports in respect of Taxi Licensing, Health and Safety and Transport have been provided to members of the Audit Committee for their consideration and to allow them to raise any concerns which they considered to be appropriate. The increase in the number of 'critical' audit reports is clearly a concern for the Audit Committee which will need to be addressed over the 2017/18 financial year. It does, however, need to be recognised that the 5 'critical' audit reports were only 16% of the 31 reports issued. All of the reports in respect of key financial systems resulted in a satisfactory or good conclusion providing appropriate assurance concerning some of the key areas of risk. It should also be noted that the Council has adopted a high standard in respect of the audit reports that are selected for corporate action and that management has become more pro active in identifying areas of concern to be included within the Internal Audit Plan. These factors need to be considered in arriving at any overall conclusion concerning the effectiveness of internal control arrangements.

1.6. The Strategic Issues of Financial Governance that have been previously identified are summarised in the table below (Appendix 1) which provides an outline of the issues together with an update of the current position. Given that these are Strategic Issues the responsibility for addressing them rests with the Chief Financial Officer together with the wider management team. Resolution of the issues is also dependent upon the active support of Elected Members. The role adopted by the Audit Committee has been one of monitoring and evaluating progress and where appropriate requiring and supporting further action from officers. While the Council's financial governance arrangements have improved over recent years and are now robust it continues to be important that the Audit Committee adopts a pro active role in order to ensure current standards are maintained.

2 Conclusions and Reasons for Recommendation

Conclusions

- 2.1 The report is intended to provide information to allow the Audit Committee to consider the progress that has been secured in maintaining and improving the Council's financial governance arrangements. While the evidence provided within the report indicates that the Council's financial governance arrangements are robust and on balance are continuing to improve it is important that this progress is maintained and outstanding issues are resolved.

Reasons for Recommendations.

- 2.2 To support the Audit Committee in undertaking its function of providing an ongoing independent review of the Council's financial governance arrangements.

3 Consultation and Equality Impact

Consultation.

- 3.1 There are no issues arising from this report which necessitate a detailed consultation process.

Equalities.

- 3.2 This report does not have any direct implications for Equalities issues.

4 Alternative Options and Reasons for Rejection

- 4.1. Given that the Council has a clear commitment to maintaining the quality of and where possible improving its financial governance arrangements it is appropriate that a formal reporting mechanism is in place to the Audit Committee. This approach is in line with good professional practice and accordingly other options have not been actively considered. While there are other options as to the format of this report the current format has been used for a period in excess of three years and has been amended to reflect the views of the Audit Committee. Over this period there has been a systematic improvement in the Council's Financial Governance arrangements which indicate that the approach adopted has assisted in securing the required outcomes.

5 Implications

5.1 Finance and Risk Implications

Financial

There are no additional financial implications for the Council arising from this report.

Risk

This report is intended to assist in ensuring that the Council has robust financial governance arrangements in place. As such it is a key mitigation against any failure or weakening in these arrangements which would have a significant

impact upon the Council’s financial performance, its reputation and its service delivery arrangements.

5.2 Legal Implications including Data Protection

There are no Legal or Data Protection issues arising directly from this report.

5.3 Human Resources Implications

There are no Human Resources issues arising directly out of this report.

6 Recommendation

- 6.1. It is recommended that Audit Committee considers whether the Strategic Issues of Financial Governance as set out in the report reflect the key issues facing the Council, and raises any issues of concern which it may have with progress to date on addressing those issues.

7 Decision Information

Is the decision a Key Decision? (A Key Decision is one which results in income or expenditure to the Council of £50,000 or more or which has a significant impact on two or more District wards)	No
District Wards Affected	None Directly.
Links to Corporate Plan priorities or Policy Framework	Robust financial Governance arrangements underpin the effective operation of the Council and its ability to secure the full range of Corporate Plan Priorities.

Issue Raised	Progress to date including target dates.
<p>1. Take effective steps to balance the Council's budget over the period of the Medium Term Financial Plan.</p>	<p>The Council has a good record in respect of achieving targeted levels of savings over the past few years. On the basis of the MTFP approved in February the shortfall in respect of the current financial year 2016/17 have been resolved and the Council should achieve an in year surplus in excess of £0.4m. While the estimated shortfall of £0.170m in respect of the current year (2017/18) should be easily resolvable, there remain a further shortfall of £1.7m over the final three years of the MTFP, which needs to be addressed at the earliest opportunity. Against this background it is important that the Council continues to progress its growth and transformation strategies to secure financial sustainability and enable it to address the identified shortfall.</p> <p>In addition to the position in respect of the General Fund as outlined above the Council in common with all social landlords will be required to implement a 1% p.a. rent reduction for the four years from April 2016. This policy together with changes in right to buy and the welfare system has a significant detrimental impact on the Council's HRA and the Council will need to continue to actively manage the position to ensure that the 30 year business plan remains robust.</p> <p>Progress in both these areas will continue to be reported as part of the Council's quarterly budget monitoring process.</p>
<p>2. To improve the Council's Internal Control arrangements.</p>	<p>This Key Issues of Financial Governance report, together with reports from Internal and External Audit should enable the Audit Committee to monitor the progress that is being made in respect of maintaining the quality of and securing improvements in our internal control arrangements. Internal Audit have undertaken a more prominent role in the Council's Performance Management arrangements since April 2013. Comprehensive training programme have been delivered to all cost centre managers during the summer of 2014, with a further programme completed during the autumn of 2015. A further programme of training is planned to be provided in spring 2017.</p> <p>Progress reports from the Head of Internal Audit to this Committee will continue to highlight where areas have been assessed as marginal in respect of internal control.</p>
<p>3. To maintain a high standard of external financial reporting particularly in respect of the published accounts, against a background of a reduction in the statutory timescale for the closure of accounts.</p>	<p>The Council has continued to improve the quality of its financial accounts with the Audit report in 2015/16 concluding that our arrangements are robust. That standard needs to be maintained against a background of the significant reputational impact of not securing an unqualified external audit conclusion and the reality that good financial reporting is generally a sign of wider robust financial management. Accordingly the position will continue to be monitored as part of the Key Issues of Financial Governance report.</p>
