RELEVANT CORPORATE AIMS

REGENERATION – Developing healthy, prosperous and sustainable communities.

The use of Working Neighbourhoods Fund will affect the wider determinants of Worklessness by commissioning activity that takes account of the effects upon the wellbeing of residents in local communities in respect of their health, wealth and secure employment; all of which contributes to building sustainable communities in the district."

TARGETS

The Working Neighbourhoods Fund will impact on the National Indicator 153 – Working age people claiming out of work benefits in the worst performing neighbourhoods. Bolsover District Council had agreed a holding target with the LAA of reducing the out of work claimant rate within the worst performing neighbourhoods from 28.7% to 25.7% by March 2011. This target has now been revised, to take into account the impact of the economic downturn, to reflect an average benefit claimant rate in the NI 153 areas that is 1.5% lower in Bolsover than in the East Midlands.

The Local Authority's success in tackling worklessness will also be measured against a further 4 indicators, these being:

- NI 117 – 16 to 18 year olds who are not in education, training or employment
- NI 118 – Take up of formal childcare by low income working families
- NI 163 – Working age population qualified to at least Level 2 or higher
- NI 172 – VAT registered businesses in the area showing growth.

VALUE FOR MONEY

The principles of Value for Money – economy, efficiency and effectiveness will be applied in all interventions considered.

THE REPORT

Background

1. Executive Members will recall the Authority's award of Working Neighbourhoods Fund in 2008 (Minute No. 886 refers). The Working Neighbourhoods Fund was introduced as part of the Local Government Finance Settlement and is one element of the new Area Based Grant. It provides resources to local authorities to tackle worklessness and low levels of skills and enterprise in their most deprived areas.
2. The WNF allocation to Bolsover District Council is £7,067,897 for the period 2009-11
3. As part of the Council's approach to tackling worklessness, a Commissioning Framework has been established to allocate the funding in two ways:-
 - i) the Local Authority's focus upon the people who are **already receiving benefits** and are unemployed and try to encourage them back into work and off benefits, and
 - ii) tasking the Local Strategic Partnership for Bolsover with identifying measures to address and **prevent the need to be in receipt of benefits** or become unemployed (£3m over three years)
