

Sherwood Lodge
Bolsover
Derbyshire
S44 6NF

Date: 9th November 2012

Dear Sir or Madam,

You are hereby summoned to attend a meeting of the Executive of Bolsover District Council to be held in the **Council Chamber**, Sherwood Lodge, Bolsover, on **MONDAY, 19TH NOVEMBER 2012 AT 1000 HOURS**.

Register of Members' Interest - Members are reminded that a Member must within 28 days of becoming aware of any changes to their Disclosable Pecuniary Interests provide written notification to the Authority's Monitoring Officer.

You will find the contents of the agenda itemised on pages 2 and 3.

Yours faithfully,

Chief Executive Officer
To: Chairman & Members of the Executive

EXECUTIVE AGENDA

Monday 19th November 2012 at 1000 hours
Council Chamber

Item No.		Page No.(s)
	PART 1 – OPEN ITEMS	
1.	<u>Apologies for absence</u>	
2.	<u>Urgent Items of Business</u> To note any urgent items of business which the Chairman has consented to being considered under the provisions of Section 100(B) 4(b) of the Local Government Act 1972.	
3.	<u>Declarations of Interest</u> Members should declare the existence and nature of any Disclosable Pecuniary Interest and Non Statutory Interest as defined by the Members' Code of Conduct in respect of: a) any business on the agenda b) any urgent additional items to be considered c) any matters arising out of those items and if appropriate, withdraw from the meeting at the relevant time.	
4.	<u>Minutes</u> To approve the Minutes of a meeting of the Executive held on 22 nd October 2012.	Previously circulated
5.	Demand for Housing Scrutiny Review <i>Recommendation on Page 7</i>	4 to 33
6.	Corporate Plan Targets April - September 2012 Update Report <i>Recommendation on Page 46</i>	34 to 46
7.	Information Requests April to September 2012 <i>Recommendation on Page 50</i>	47 to 72

9.	Second Quarterly Budget Monitoring Report	To Follow
10.*	Renewal and Tendering of Insurance Policies 2012 <i>Recommendation on Page 108</i>	103 to 108

PART 2 – EXEMPT ITEMS

The Local Government (Access to Information) Act 1985, Local Government Act 1972, Part 1, Schedule 12a.

Paragraphs 1, 3 and 4

11.*	Organic Waste Collection (Green Bin) Arkwright Agreement <i>Recommendation on Page 116 and 117</i>	109 to 129
------	--	------------

12.	Street Scene Service Efficiency Considerations <i>Recommendation on Page 138 and 139</i>	130 to 139
-----	--	------------

Paragraph 3

13.*	CCTV Tenders	To Follow
------	--------------	-----------

15.*	Supporting People Monitoring Arrangements	To Follow
------	---	-----------

* Denotes Key Decision

Committee:	Executive	Agenda Item No.:	5.
Date:	19 th November 2012	Status	Open
Category	2. Decisions within the functions of Executive		
Subject:	Demand for Housing Scrutiny Review		
Report by:	Councillor K. Reid, Chair of the Sustainable Communities Scrutiny Committee		
Other Officers Involved	Scrutiny Officer		
Director	Director of Development Director of Neighbourhoods		
Relevant Portfolio Holder	Councillor K. Bowman, Portfolio Holder for Housing		

RELEVANT CORPORATE AIMS

Please specify how the proposals help to deliver the corporate aims.

Regeneration - Improve the standard of housing across the District

Social Inclusion - Ensure that housing across the District meets the needs of all residents

TARGETS

Does the subject matter contribute to any targets specified in the Corporate Plan?

R 06 - Deliver £100,000 of New Homes Bonus per annum in the district as part of Local Investment Plan through the delivery of new affordable housing, empty properties brought back into use and mortgage assistance schemes.

SI 05 - Maximise the supply of affordable housing in the district and deliver an average of 20 units per annum by March 2015.

VALUE FOR MONEY

Please describe how the proposals deliver value for money for the Council and its customer.

Demonstrate value for money through a culture of innovation

THE REPORT

In 2011/12, the Sustainable Communities Scrutiny Committee carried out a review on Demand for Housing.

The Review was to consider the demand and availability of housing within Bolsover District under the remit of regeneration.

When the Committee viewed the waiting list for Council properties, the demand for housing across the District and the number of new developments with empty properties available, the Committee considered it timely to review what housing was currently available and what was required within Bolsover District.

The Review concluded with the production of a report which made 8 recommendations. This report was submitted to Executive on 28th May 2012 for consideration and approval of the recommendations.

After considering the report and the recommendations, the report was deferred to enable further consideration of the points raised by Executive.

ISSUES FOR CONSIDERATION

As requested by Executive the Sustainable Communities Scrutiny Committee has discussed the points raised with the Director of Development, Joint Assistant Director – Planning and the Head of Housing, together with the Portfolio Holder for Regeneration and have come up with the following responses to each point;

Recommendation 1 – Produce a new strategy and vision for local housing that redefines the authority's role as a Housing provider and sets out a future for Bolsover as a major partner in the commercial house building, social and private rented sector.

Executive commented that broader consultation with the Planning department and other services would have been beneficial as proposals in respect of the range of housing to be delivered and aspirational housing design would be considered as part of the Local Plan.

Following a discussion with the relevant officers, Members of the Scrutiny Committee were advised that a new Housing Strategy Manager had been appointed and joined the Authority in October 2012. One of the officer's first projects would be to produce a Housing Strategy for Bolsover District. This recommendation will be actioned with the production of the new Housing Strategy.

Recommendation 4 – Consider re-orientating the Housing Needs and Housing Options Teams.

Executive commented that a review of the existing housing teams would impact across three directorates of the Council and would require significant resources to review.

Members of the Committee confirmed that this recommendation was reached with the view of having the most effective approach to Housing for the District and following discussions with the relevant officers, it was agreed that the key

aspect was driving collaborative working with Members and Officers, across directorates to achieve the most effective outcomes for the District.

Following further discussions with the relevant officers, the Scrutiny Committee was advised that the new Housing Strategy would inform some of the decisions as to where housing was most appropriately placed. Again, this action would be addressed through the work on the Housing Strategy by the new Housing Strategy Manager.

Recommendation 6 – *Consider altering the Housing application form so more relevant data about tenants can be gathered.*

Executive commented that it was generally considered that requesting financial information on housing application forms would not be supported and that a comparison with Derbyshire Dales was not relevant as that Authority's housing stock was managed externally.

Members of the Committee commented that the basis of the recommendation was to ensure that relevant information could be gathered. This may possibly result in the application form being redesigned but the focus was not just on gathering information on finances from tenants, but to ensure that the form was 'fit for purpose'.

After a lengthy discussion with the relevant officers, it was agreed that the current housing application form was not 'fit for purpose' due to the pages at the end of the form which was information requested by the previous Housing Strategy Manager and was no longer relevant. Due to this information, it was still considered that the housing application form should be reviewed. Therefore the recommendation in the report remains unchanged.

Executive's request for the final paragraph of the explanatory note to the recommendation has been carried out and the paragraph removed from the report.

Recommendation 7 – *produce a plan to drive improvement in the prioritisation and turnover of Void Council properties.*

Executive commented that undertaking work to properties for letting prior to the tenant leaving had been previously rejected by Members as this was considered too disruptive to tenants. Lettings were not currently delayed as a result of minor repairs that could be carried out whilst the tenant was in situ.

The main aim of this recommendation was the need to turn properties around quickly and re-let them as soon as possible. Voids were to be considered as part of the Improvement Scrutiny Committee's review of Housing Services and any recommendations would result in an action plan which would fulfil the requirements of this recommendation.

Executive's request for the penultimate sentence of the explanatory note to the recommendation to be removed was carried out.

A further comment from Executive on the Review was that it had not considered the effects on rent levels that may be brought about by Welfare Reform. This was not part of the terms of reference for this review and this would be focused on in more detail under the remit of the Improvement Scrutiny Committee and the reviews on Housing Services.

IMPLICATIONS

Financial:	None
Legal:	None
Human Resources:	None

RECOMMENDATION

That Executive consider the further information detailed within this covering report and approve the recommendations as set out in the Demand for Housing Scrutiny Review report.

**BOLSOVER DISTRICT
COUNCIL**

**SUSTAINABLE COMMUNITIES
SCRUTINY COMMITTEE**

**Demand for Housing in
Bolsover District
2011/12 Scrutiny Review**

April 2012

**Amended August 2012
following comments from
Executive**

Foreword from Councillor Karl Reid, Chair of the Sustainable Communities Scrutiny Committee

Bolsover District Council can become a leader and a source of inspiration to home seekers in the region. By adopting a holistic approach to housing provision, the authority can implement a strategy that unifies the common elements of the local public and private housing sector. Bolsover can improve the prospects of all residents by lowering the age profile and raising the wealth profile of the District, welcoming new residents to the District, reducing homelessness and ensuring that residents reside in the most appropriate properties.

The collapse in the Housing Market, the subsequent rise in demand for rented accommodation and new legislation from the coalition government means that the Council must be more influential in the local private housing sector. This review will hopefully provide the impetus for the Council to look closely at local Housing provision, explore the links between the local Housing market and economic development, and adopt new approaches in response to this changing environment. Also, the new Welfare Reform legislation will have a significant impact on service delivery.

I would like to give our thanks to all those Officers who contributed to this report but especially Kevin Hopkinson, Peter Campbell and Danielle Troop. Also, many thanks to Alison Bluff, Democratic Services Officer and special thanks to Robin Raily, Performance and Quality Officer and Claire Millington, Scrutiny Officer, for their support to the Sustainable Communities Committee and for their dedicated hard work and commitment to this review. But, finally, I would like to thank Members of the Sustainable Communities Scrutiny Committee for all their efforts and contributions.

1. Introduction

When the Committee viewed the waiting list for Council properties, the demand for housing across the District and the number of new developments with empty properties available, the Committee considered it timely to review what housing was currently available and what was required within Bolsover District.

Shortly after agreeing the subject for review, the draft Corporate Plan Priorities and Targets for 2011 – 2015 were agreed. There are 13 Corporate Plan Targets, directly or indirectly related to the goals and ambitions for this Review. These new priorities include the delivery of £100,000 of New Homes Bonus per annum in the District as part of the Local Investment Plan through the delivery of new affordable housing (new build units, empty properties brought back into use and the Mortgage Support grant schemes) highlighting the importance placed on this issue across the whole authority.

Also, the Review coincides with the introduction of new legislation (Localism Act, Welfare Reform Bill 2011) and a new Government Housing Strategy. These new papers will have a significant impact on the provision of private and public Housing, locally and nationally.

The provision of Housing in the District requires a new approach that repositions the authority as not only a provider of Council Housing but as a partner in the private sector and in other areas of the public sector, for example, with other Residential Social Landlords (RSLs). The Council has the opportunity to forge partnerships with developers, builders and other similar bodies using the authority's stock of building land as the driver. It's essential that the authority achieves a good understanding of the local Housing market to be able to ensure that Housing is built that the community really needs and bring about positive outcomes.

2. Recommendations

Recommendation 1

Produce a new strategy and vision for local housing that redefines the authority's role as a Housing provider and sets out a future for Bolsover as a major partner in the commercial house building, social and private rented sector.

It is recognised that to raise the wealth profile of the District, the authority needs to bring new people into the District, people who appreciate Bolsover's rural setting but who will commute with ease to any of the region's conurbations. A major draw for these people will be new good quality housing. National and local developers recognise that there is a market for this type of Housing and Bolsover is in a position to take advantage of this situation by supplying the land. The Council will be better servicing its community by raising the wealth profile, encouraging local job creation, providing more good quality housing and removing the burden of maintaining unused plots of land *. A new strategy also needs to define what other providers are in the region, for example, Housing Associations, understand their needs and set out the communication channels necessary to establish and maintain working relationships with them. The strategy will also have to establish a process for examining why particular properties remain empty for a long time and suggest solutions for tackling the problems. There is a possibility that the flexibility of the new Housing Revenue Account (HRA) funding arrangements will generate sufficient 'headroom' (surplus) for finance to be available for the authority to build its own housing, adding to Council stock.

(References: Items 5:4, 5:5, 5:6, 5:16, 5:18, 5:21, 6:7, 6:9, 6:11, 6:16, 6:17, 6:22 *)

Recommendation 2

Ensure that the Review Action Plan emphasises the importance of the Regeneration Corporate Aim for the District so that the need to attract “new” households to the District is recognised across the authority *

The district has a large, low quality private rented sector, a low value open market sector across a range of settlements and the retention of an open housing waiting list for reasons of historic low demand in some social rented stock. The Housing Market of the District has performed the function of attracting low skill households into the district. The District needs to “balance” its housing market so that higher capacity households are attracted to live, work and spend here thereby assisting to deliver economic development aspirations.

(References: Items 5:4, 5:13, 5:14, 5:20, 5:42, 6:7, 6:9, 6:10 *, 6:11, 6:20)

Recommendation 3

Produce a strategy and action plan for the reduction of the number of Empty Properties across all sectors.

The Government is providing funding or a 'bonus' for new homes by match funding the additional council tax raised for new homes and empty properties brought back into use, with an additional amount for affordable homes, for the next six years. It is also in the Council's interests to reduce the number of private and public sector Empty Properties; each Empty Property is subtracted from the total of New Homes thus reducing the Bonus available to the authority. Every property in the District that is removed from the Empty Property list will increase the Council's income in one way or another.

(References: Items 5:1, 5:6, 5:9, 5:10, 5:13, 5:18, 5:20, 6:4, 6:5, 6:6, 6:11, 6:14, 6:17, 6:18. See Appendixes 8 & 9)

Recommendation 4

Consider re-orientating the Housing Needs and Housing Options Teams.

The introduction of the Localism and Welfare Reform Acts puts a responsibility on local authorities to make a much greater use of the private sector market. Also, it is now even more important that the home seeker is matched to the right size of property as their Housing Benefit will be linked to a minimum number of rooms. Also, for the Council to respond effectively to the demands of the new legislation, consideration should be given to unifying all the different necessary approaches to Housing provision in one team. This would mean that, the Home Improvement Agency and Energy Efficiency Services, shared ownership, Firstbuy, Newbuy, Local Authority Mortgage Support, social and private rented properties could all be marketed by the one team. Government legislation is forcing local authorities to make greater use of the private sector rental market and is also providing greater incentives for new build and to reduce the number of Empty Properties, particularly in the private sector. A greater dialogue with other organisations that have similar goals e.g. Social Services, CAB, Benefits departments, Landlords Forums would be an advantage to highlight incentives and areas of common interest. The Revenues and Benefits department would also be represented.

The Housing Options Team should provide the marketing function to enable Housing Strategy Officers to deliver a balanced housing market. They could also represent the authority on any local regional bodies set up to deal with Housing issues; for example, North Derbyshire and Bassetlaw Housing Market Area, Sheffield City Region Housing Growth

Group, etc. They could also be responsible for providing a regular 'snapshot' of the number and condition of empty homes in the District through links to Environmental Health Enforcement Officers and Council Tax collection. A principal role for the team would be providing the marketing function to address the requirements of the Corporate Plan Target, R 06 *. By adopting a more holistic approach to Housing provision, the authority will be able to ensure that it is providing a more complete service to all the community.

(References: Items 5:2, 5:3, 5:4, 5:5, 5:6, 5:7, 5:9, 5:11, 5:12, 5:14, 5:15, 5:16, 6:3*, 6:11, 6:15, 6:16, 6:20, 6:21)

Recommendation 5

Carry out a regular survey and assessment of Housing demand and need; establish a reliable data gathering and cleansing process.

It is important that the Council has a good understanding of all of the District's Housing stock both private and public sectors. Managers need to know key pieces of information about the District's stock to aid decision making. For instance, managers need to know how many houses are empty, how many bedrooms does each house have, what type of house is it, the state of repair, the owner and the demand for this type of property. The survey also needs to recognise that demand varies from one Parish, Ward or area to another.

New legislation is also going to change provision and demand. For instance, the District's Housing stock is heavily focussed on 3-bed, Band A properties which contributes to void numbers in the private rented and owner-occupied sector. This contributes to a weak housing market and limits the ability of smaller households and more affluent households to access the Housing market (see below: Welfare Reform); it also limits the ability of employers to source labour from the local population for Research and Development activity that's required in the Enterprise Zone.

Erroneous or outdated housing-needs data for affordable housing also affects the number of units negotiated on Section 106 sites. This, potentially, can lead to artificially high requests for affordable housing and dissuades developers from delivering new build developments in the area.

As a result of Welfare Reform, there will be a risk of an increase in shared Housing. Also, there will be a need to increase the delivery of smaller new build units or the sub-division of existing larger properties because of the single room rate requirement of the Welfare Reform Act. There is also a potential need for the larger 'aspirational' property.

(References: Items 5:5, 5:6, 5:9, 5:11, 5:12, 5:13, 5:40, 6:1, 6:7, 6:11, 6:16, 6:17, 6:20, 6:21)

Recommendation 6

Consider altering the Housing Application Form so more relevant data about tenants can be gathered.

The presentation by Dales Housing illustrated how they use data gathered from the Housing Application Form to address Housing need. Their approach has become particularly relevant as the new Welfare legislation will require Housing organisations to make decisions about needs based on income, the age of applicants and the types of housing available to them. It could also identify where households are ineligible to access social rented units owing to their income and offer alternative housing models such as shared ownership. A number of new legislative factors affecting Housing Benefit claimants are going to have a significant impact.

This Recommendation was written based on evidence that was submitted last autumn. Since the evidence was originally submitted last year, Housing Services has published a new application form as part of the adoption of Choice Based Letting (CBL). The new form satisfies the requirements of this Review apart from one question relating to income that hasn't been included on the application form.

(References: Items 5:5, 5:6, 5:11, 5:12, 5:13, 5:14, 5:15, 6:11, 6:20)

Recommendation 7

Produce a Plan to drive improvement in the prioritisation and turnover of Void Council properties.

Members felt that the Corporate Plan Target (CFS 06) to reduce the number of days that a Void remains out of the rental market was not sufficiently challenging. Members feel that it's important that properties are occupied and earning rental income as quickly as possible.

The CFS 6 Corporate Plan Target figure could be reduced by adopting a system of prioritisation for each property as it comes available. The principal objective for a void property is to get it earning rent as soon as possible.

(References: Items 5:22, 6:3, 6:4, 6:10, 6:11, 6:17)

Recommendation 8

Produce a communications strategy that gives advice and guidance to Tenants on the new Housing Benefits legislation

The advice and guidance would be associated with making sure the right budgetary arrangements are in place for every tenant to ensure that they continue paying their rent when the new Universal Credit regulations are introduced. (Housing Benefit will be paid directly to tenants leaving the onus on the authority to recover rent from them as individuals.) Good communication between Housing Services and tenants needs to be established. If a tenant is having difficulty paying their rent, its needs to be recognised early on to avoid the risk of adding to the authority's Rent Arrears total. Also, good communications need to be established to ensure that all the relevant Officers and external bodies can exchange data and information and deliver an effective service.

(References: Items 5:2, 5:3, 5:6, 5:7, 5:8, 5:11, 5:14, 5:15, 5:16, 5:17, 5:18, 5:40, 6:11, 6:20)

3. Scope of Review

To consider the demand and availability of housing within Bolsover District under the remit of regeneration.

- 3.1. How can the authority move forward in the current climate to meet the demands for suitable housing
- 3.2. How Council stock and land is managed
- 3.3. What is the Council's responsibility
- 3.4. Relationships with partners

The Committee was comprised of the following Members,

Cllr Karl Reid (Chair)

Cllr Clare Munks	Cllr Deborah Watson	Cllr George Webster
Cllr Graham Parkin	Cllr Jennifer Wilson	Cllr Malcolm Crane
Cllr Stephen Fritchley	Cllr Sue Wallis (Vice Chair)	Cllr Tommy Rodda

Support to the Committee was provided by the Scrutiny Officer, the Performance and Quality Officer and a Democratic Services Officer.

4. Method of Review

4.1. The Committee met on 5 occasions to consider the scope of the review, key issues they wanted to discuss, consider the evidence submitted and the people they wished to interview.

4.2. The Committee interviewed relevant officers and stakeholders in order to identify what procedures were in place and how the authority was working with its partners to provide housing to meet demand.

4.3. The committee had presentations by Officers from Bolsover DC, Chesterfield BC and Derbyshire Dales DC.

4.4. An Elected Member and an Officer attended a Workshop ('Accessing the private rented sector in the light of welfare reform') run by North Derbyshire and Bassetlaw HMA.

4.5. Attached at **Appendix 1** is a list of stakeholders interviewed.

4.6. Equalities and Diversity - Within the process of the review the panel have taken into account the impact of equalities and have not identified any negative impact.

5. Evidence (with references)

The following is a list of key pieces of written and verbal evidence presented to Elected Members during the course of the Review (see Review Document list, Appendix 2)

- 5.1. Members were asked to consider the impact of moving all or part New Homes Bonus from general savings and putting it into reducing the Empty Properties list (This leaves the problem that any monies removed from the General Savings budget would have to be replaced by other savings).
- 5.2. Best Practice Presentation: Derbyshire Dales have developed a joint board comprised of Revenues and Housing Options officers that sits fortnightly and allocates Discretionary Housing Payment (DHP) monies to those in need.
- 5.3. Best Practice Presentation: Chesterfield BC Revenues Team take referrals from the Housing Options team and are looking to receive Homelessness Grant from Housing
- 5.4. Members were asked to consider how the 3 departments with Housing responsibilities work together - Housing Needs, Housing Strategy and Environmental Health (private sector housing).
- 5.5. Members were asked to consider the merits of the Derbyshire Dales model. The authority could usefully assist those seeking to access home-ownership products if the front-line Housing Needs Team were re-orientated as a Housing Options team. Also, Housing Options could produce a profile study of Types of Housing available compared with predictions of Housing Need-based age profiles, unemployment, etc.

(* See Appendix 7)

- 5.6. A new Housing Options Team could undertake the active management of Empty Properties (in both private and public sectors); including:
 - 5.6.1. Monitoring of the numbers of empty properties using Council Tax data:
 - 5.6.2. Producing a condition survey of all empty properties in the District.
 - 5.6.3. Producing a profile study of Types of Housing available compared with predictions of Housing Need-based age profiles, unemployment, etc.
 - 5.6.4. Producing a profile of income levels of households on the Statutory Housing Register: Undertaking activities to encourage property owners to rent their property – e.g. contacting owners explaining options and drawbacks (Section 215*), sending a series of 3 letters (when this was undertaken in Rotherham, Empty Properties came down by 20%), etc.
 - 5.6.5. Undertake briefings of Officers in other organisations that have similar goals e.g. Social Services, CAB, Benefits departments, etc. (as per Derbyshire Dales practice); create a common forum.
- 5.7. Set up a dialogue with Landlords Forums to highlight incentives and areas of common interest.
- 5.8. Look into a protocol to cover the work of Benefits and Housing Officers relating to addressing the needs of home seekers - contacts & options
- 5.9. Undertake the development and implementation of a procedure/protocol for a cost neutral reduction of the Empty Properties list
- 5.10. Members were asked to consider the merits of levelling 100% Council Tax on Empty Homes (up from 50%) - The Head of Finance stated that this action would realise very little money, but it should be noted that the 50% discount is primarily a disincentive for landlords to rent out empty properties. The present arrangements in place are that the

County (DCC) takes 20% of any income. But High Peak Council has negotiated an arrangement where the smaller local Council receives a higher proportion of the Council Tax. The additional finance is returned to the area in the form of greater Disabled Facility Grants (DFGs). The basis of the High Peak negotiation is that, empty properties are less burdensome on Council services i.e. no tenants using County and District services; this rationale can be used to justify a reduction in the 20% taken away from the area by the County. Also, all measures to encourage Empty Property owners to rent out properties should be taken

- 5.11. The Welfare Reform Bill will mean that it is necessary to make an assessment of tenants' incomes to aid the enabling and allocation of suitable homes for those in genuine housing need. The Bill "*... restricts Housing Benefit entitlement for social housing tenants whose accommodation is larger than they need*" This will affect the number of households deemed to be in housing need and possibly reduce the numbers of affordable units negotiated through Section 106 *.
- 5.12. Elected Members saw examples of the way the Housing List can be managed, matching home seekers income to the appropriate size of property. Using an Application Form on-line, the authority (Derbyshire Dales) has the software to be able to compile data, statistics and reports from the forms on Housing Needs. This allowed better analysis of the Housing waiting list.
- 5.13. Elected Members saw examples of the way that data can be compiled to aid decision making in the enabling and allocation of properties and the listing of types of property available (private sector rented, shared ownership etc..) If tenants or prospective tenants' income and/or assets exceed a pre-set figure, this may affect the property type options that are open to them and should limit the numbers of new affordable units negotiated on open market sites. Thus, the district becomes more attractive to developers; the district meets new build targets and receives more New Homes Bonus.
- 5.14. Members heard how the proportion of affordable units required must be closely linked to the authority's Allocation Policy i.e. making the type of housing available match the type of housing needed.
- 5.15. Derbyshire Dales have introduced an Equity Bar as part of measures to gather information about tenants/prospective tenants' income. This ensures that the properties that are available are restricted to the most needy or the highest priority. Newark and Sherwood also (through their application form) ask if the applicant owns another property; they also ask for references.
- 5.16. Best Practice: Derbyshire Dales detailed how Benefits and Housing Officers work together to highlight problem cases so they can be targeted with an aim to reduce the impact of Welfare Reforms i.e. maximising the claimant's income rather than resorting to Discretionary Housing Payments (DHP).
- 5.17. Derbyshire Dales detailed how they work with local landlords: Streamline processes, joint working, Landlord Forums, joining services – welfare benefits, CAB, Credit Unions, joint working with Housing Benefits and Housing Options Officer.
- 5.18. The Localism Act reforms the way that social housing is regulated. The Act provides social tenants with stronger tools to hold their landlords to account. Landlords will be expected to support tenant panels - or similar bodies - in order to give tenants the opportunity to carefully examine the services being offered.
- 5.19. The Localism Act allows local authority's to discharge the homelessness duty into the private rented sector. In order to do this, the Allocations Policy must be amended

- 5.20. The authority has indicators and targets for improving the turnover of void Council properties and there is a specific Corporate Plan Target to reduce the average number of days that a property is out of use.
- 5.21. 'Empty Homes' – BDC Environmental Health.
 - 5.21.1. The Senior Environmental Health Officer (Residential) gave a briefing on the sections activities and it's recent successes
- 5.22. Empty Properties, New Homes Bonus and the General Power of Competence – (2/9/11 Committee)
- 5.23. HRA Self Financing: Head of Housing briefing on the authority's new HRA arrangements.
- 5.24. 'Help with Housing'
 - 5.24.1. An Ault Hucknall Parish Council News article on how to approach the District Council to get advice on Shared Ownership schemes.
- 5.25. Housing Application Form (Report to 4/11/11 Committee – Head of Housing)
 - 5.25.1. A copy of BDC's new Housing Application Form
 - 5.25.2. A copy of NEDDC's Housing Application Form

- 5.35. The National Policy Context – Homelessness Act 2002 (2/9/11 Committee).
- 5.36. 'Why we need more housing' – Bolsover District Council (June/July 2011 'In-touch' article)
- 5.37. Housing Commission – Housing Shortages: what Councils can do (Final report). LGA/CLG-commissioned document.
- 5.38. Workshop from North Derbyshire and Bassetlaw HMA 'Accessing the private rented sector in the light of welfare reform.
- 5.39. Affordable Housing and Allocations;
 - 5.39.1. Bolsover has a statutory duty to maintain a Housing Waiting List.

- 5.39.2. From this list, allocations are made to social housing as dictated by the Allocations Policy.
- 5.39.3. The Housing Waiting List is the primary evidence source for affordable housing need.
- 5.39.4. In 2011 the Housing Waiting List was cleansed in readiness for Choice Based Lettings (CBL) 2012. Prior to this date, the uncleansed list informed the Allocations Policy. Also in readiness for CBL, the Allocations Policy was rewritten in 2010/11
- 5.39.5. The cleansing process saw numbers on the list reduce from over 5000 households to fewer than 2000 households. Prior to 2011, the list had not been cleansed for a number of years so households were registered who would have been adequately housed a number of years ago.
- 5.39.6. It is likely that an excess of affordable housing has been negotiated over the last 4 years. The authority's Allocation Policy allows owner occupiers in Bands C and D and does not specify maximum income levels required in any band. It is likely in negotiating an excess of affordable housing means asking landowners to take a reduced capital receipt for the purposes of housing those who already have homes or adequate incomes to access open market housing. The Allocations Policy needs rewriting to exclude owner occupiers (or introduce an equity bar), to specify maximum incomes, to allow discharge of duty into the private rented sector
- 5.39.7. The Bolsover Housing Market will be assisted if fewer affordable units are requested and the current imbalance of Band A vis a vis other band units can be diminished
- 5.39.8. Of the 1800 households now on the Housing Waiting List, its possible there are owner occupiers; equally, the income levels of those on the list is not known.
- 5.39.9. The authority does not undertake an eligibility check to see what size unit the household can bid for. This means that the household can tick a number of unit sizes and settlements resulting in duplication in housing needs data. For the Housing Strategy Statistical Appendix (HSSA) 2011, NEDDC had 0 households in the unknown unit size category, Bolsover had over 887 in that category.
- 5.40. Bolsover has a large low quality private rented sector mainly made up of 3 bed ex-coliery units. The authority's empty property issues stem from this housing stock. R 06: Deliver £100,000 of New Homes Bonus per annum in the District as part of the Local Investment Plan through the delivery of new affordable housing; empty properties brought back into use and the Mortgage Support grant schemes.
- 5.41. SI 05: Maximise the supply of affordable housing in the district and deliver an average of 20 units per annum by March 2015.
- 5.42. Corporate Vision: 'To enhance and improve the wealth profile, well-being and quality of life for the communities of the district of Bolsover'.

6 Key Findings

Strengths

Various initiatives have been undertaken in recent years to address the changing Housing needs of the District.

6.1 The introduction of Choice Based Letting (CBL): CBL is a new way of allocating properties. *“Each week, the available properties are advertised giving applicants the opportunity to ‘bid’ for the properties they are interested in. This enables applicants to be directly involved in the allocation of properties and allow applicants to make choices about areas and types of property. By increasing choice it is hoped to develop more settled and sustainable communities. “*

6.2 An Officer was recruited to specifically address the outstanding current and former Tenants rent arrears.

6.3 The Council has Corporate Plan Targets (PERFORM) for:

- **CFS 05** - Complete implementation of Choice Based Letting (CBL) process by Dec 2011.
- **CFS 06** – Reduce average relet times of Council properties from 25 days to 22 days by March 2015.
- **CFS 10** – Process all new Housing and Council Tax benefit claims within 20 days.
- **E 07** - Complete and adopt residential development guide as Supplementary Planning Guidance by December 2012.
- **E 09** – Bring 40 private sector empty properties back into use by March 2015.
- **R 06** – Deliver £100,000 of New Homes Bonus per annum in the district as part of Local Investment Plan
- **R 09** - Work with tenants to develop a new modern standard for council housing and develop a programme to deliver this by April 2012.
- **SI 02** – Prevent homelessness for more than 50% of people who are facing homelessness each year.
- **SI 04** – Produce a Tenancy Strategy in line with new statutory requirements by December 2013 (or by the statutory timescale).
- **SI 05** - Maximise the supply of affordable housing in the district and deliver an average of 20 units per annum by March 2015.
- **SI 06** – Produce and adopt a Homelessness Strategy by March 2012.
- **SOD 02** - Reduce the percentage of rent arrears by 20% by 2015.
- **SOD 03** - Reduce the level of Former Tenants Arrears by 25% by 2015.

6.4 Reducing Empty Properties across the District will boost New Homes Bonus.

6.5 Planning Services (Policy) are intending to commission an updated study of affordable housing need in the District. The brief should cover issues such as:

6.5.1 The experience of front line allocations officers

6.5.2 The size of the Housing Waiting List, numbers in reasonable preference categories and its' usefulness as an evidence base

6.5.3 The Allocations Policy

- 6.5.4 Entry level incomes for Bolsover plus benefits available (Housing Benefit, Discretionary Housing Payments)
- 6.5.5 Bidding rounds through CBL but minus owner occupiers and minus those above entry level incomes
- 6.5.6 The size and affordability of the private rented sector
- 6.5.7 The number of private sector voids and the ability of Bolsover Officers to bring those back into use
- 6.5.8 Write to all households on the Housing Register to determine what size property they need. This would help the updated study.
- 6.6 The Localism Act will allow local authorities to meet their homelessness duty by providing good quality private rented homes.
- 6.7 The Localism Act will give local authorities greater freedom to set their own policies about who should qualify to go on the waiting list for social housing in their area.
- 6.8 The Head of Housing gave a presentation on the new arrangements for a Self Financing HRA.
 - 6.8.1 Rent increase: a direct consequence of the government's formula for calculating rents for Council properties. The authority has to charge its tenants rents based on a imposed calculation.
 - 6.8.1.1 9.1% increase = 5.5% inflation + 0.5% + £2.00 p.w.
 - 6.8.1.2 Increase equates to a rise from £62.95 to £72.50 p.w
 - 6.8.2 The government are offering just one day (26/3/12) when discounted loans are available from the Public Works Loan Board (PWLB)
- 6.9 DRAFT PRIORITIES – HRA Asset Management Plan (AMP)
 - 6.9.1 To have in place well designed repair and maintenance systems which ensure the stock is well maintained and kept in a good state of repair.
 - 6.9.2 To ensure the housing stock is brought up to and maintained at a locally determined Bolsover Standard, remaining attractive and meeting modern requirements and tenant expectations.
 - 6.9.3 To replace obsolete or uneconomic stock with new properties, which are better designed to meet future needs and create a better balanced portfolio.
 - 6.9.4 To identify land, whether it be HRA, General Fund or non-council to build additional affordable homes to increase the number of Council owned properties available of the type and quality needed in locations where people want to live whilst ensuring a Balanced Housing Market
 - 6.9.5 To identify and consider potential opportunities for increasing the stock of properties available by acquiring homes, (e.g. RP disposals, new builds, repossessions & properties previously sold under RTB)
 - 6.9.6 To ensure the ongoing availability of housing stock, which specifically caters for the particular housing needs of older vulnerable, special needs or minority households through the provision of appropriate attributes and facilities.
 - 6.9.7 To have a long term strategy and programme in place to incrementally improve the thermal efficiency of the housing stock, at the same time helping to reduce levels of fuel poverty.
 - 6.9.8 To use procurement processes to best effect to ensure value for money in the delivery of all repairs, maintenance and improvement works
 - 6.9.9 To use the housing asset base to help deliver the wider corporate priorities of the Council

- 6.10 Corporate Aim: *Regeneration: Developing healthy, prosperous and sustainable communities*
- 6.10.1 Develop vibrant town centres
 - 6.10.2 Develop flourishing rural communities
 - 6.10.3 Secure a decent standard of housing across the district
- 6.11 Recommendation 6 was originally written based on evidence that was submitted last autumn. The recommendation suggested renewing the authority's Housing application form so further questions could be asked of prospective tenants. Since the evidence was originally submitted last year, Housing Services has published a new application form as part of the adoption of Choice Based Letting (CBL). The new form satisfies the requirements of this Review apart from one question relating to income that hasn't been included on the application form.
- The decision not to include a question about a tenant's income was based on the fact that Members have, in the past, rejected the suggestion that tenants should be asked about their income: Members did not want to include neither an income nor an equity bar on applicants looking for housing. This view was reflected within the Allocations policy, and consequently applicants are not asked for details on either income levels or savings. Moreover members considered this a divisive question as it could result in areas of the District populated only by with tenants with low incomes, potentially leading to ghettos of low income families.
- It has since become apparent that the 'banding' system within CBL will ensure that the most deserving applicants receive the necessary 'points' and the most appropriate housing. Owner Occupiers under 60 are placed in band D, and those over 60 in Band C but are awarded fewer points than tenants (all other factors being equal). This means that owner occupiers are unlikely to be offered popular properties, but may be successful in bidding for less popular properties (i.e. where there are less bids). For clarity even with applicants aged over 60 a tenant would get priority over an owner occupier if all other factors are equal. .

Areas for Improvement

- 6.12 Increasing the New Homes Bonus is a Corporate Plan Target (*R 06 - Deliver £100,000 of New Homes Bonus per annum in the district as part of Local Investment Plan through the delivery of new affordable housing, empty properties brought back into use and mortgage assistance schemes.*) The Committee agreed that reducing the number of Empty Properties would deliver improvements for the Council and for the community as a whole.
- 6.13 The Corporate Plan Target CFS 06 (*Reduce average relet times of Council properties from 25 days to 22 days by March 2015.*) may not be challenging enough for a projected 4-year activity. Reducing the length of time that a property remains unoccupied will increase income.
- 6.14 Reducing Empty Properties will boost New Homes Bonus
- 6.15 The introduction of new legislation – Localism and Welfare Reform Acts
- 6.16 The authority has to negotiate with developers what percentage of new build is required to be affordable housing. (Too large a % and the developer won't be interested).
- 6.17 Members were also asked to look and consider a number of other options in addressing the Empty Property list.
- 6.17.1 Promote Shared Ownership to existing BDC residents:

- 6.17.2 Consider producing a 'Masterplan' for Housing Investment. (This will be forthcoming through the Local Investment Plan for the Sheffield City Region but will be informed by the HRA Asset Management and Business Plans).
- 6.17.3 Consider supporting the strategy of strengthening the Bolsover housing market by seeking to bring first time buyers into the District through Firstbuy, Mortgage Support schemes and high quality new build.
- 6.17.4 Explore the issues around 'Invest to Save', batches of properties with consideration given to partnerships e.g. between developers and the authority.
- 6.17.5 Consider a Local Authority Mortgage (LEM) scheme to retain all business rate growth (uplift) to enable reinvestment; also, LEM to consider a Tax Incremental Finance Scheme to allow borrowing against future business rate uplift.
- 6.17.6 Enabling new affordable housing without sufficient regard to accurate housing needs data can produce genuine problems. (The example of Pear Tree estate was cited by a Member of the Committee).
- 6.17.7 Giving non-repayable grant to private sector landlords can be self defeating. In making Landlords repay grant, there is an incentive to manage properties and safeguard investment.
- 6.17.8 Access/facilitate Empty Property Loans via the Sheffield City Region Empty Homes working group.
- 6.17.9 Consider putting the Housing Needs Survey on to the Planning Portal to assist developers.
- 6.18 Members were asked to consider the impact of moving all or part New Homes Bonus from general savings and putting it into reducing the Empty Properties list (This leaves the problem that any monies removed from the General Savings budget would have to be replaced by other savings).
- 6.19 Produce analysis of previous Discretionary Housing Payments (DHP) usage including a projection of the DHP budget to meet demand. Consider producing a clear policy of how DHP is used.
- 6.20 New Housing and Housing-related legislation means the authority needs a broader response to Housing Needs to encompass all the options available e.g. giving advice on social rented, affordable rented, private sector rented homes, shared ownership and other home ownership products – based on household incomes. Also, the Localism Act gives local authorities greater freedom to set their own policies about who should qualify to go on the waiting list for social housing in their area.
- 6.21 A Private Sector Housing Team need to focus on enforcement to ensure that private sector void stock of over 900 units comes down and helps to diminish housing need.
- 6.22 See the draft Review of Unused Council Land – Improvement Scrutiny Committee.

7 **Conclusions**

The Review of Demand for Housing carried out by the Sustainable Communities Scrutiny Committee was chosen by conference in mid-2011 because of Elected Members desire to focus on levels of Housing provision and what recommendations could be made for improvement. It was also recognised that there were a large number of empty properties particularly in the private sector and this is an issue that requires addressing. The Review has coincided with the introduction of new legislation and guidance from Government in the form of the Localism and Welfare Reform Acts together with a new national Housing Strategy. But one of the most important factors is the cuts in subsidy that the authority is suffering. This has

highlighted the need to focus on the impact the cuts are going to have and how the shortfalls are going to be addressed.

The Review has identified a series of activities associated with the delivery of Housing Services to the community. There are recommendations to suggest improvements in processes, for instance, activities associated with the administration of void properties or providing advice and guidance for home seekers. The Report also recognises the importance of introducing new citizens to the District to aid economic development in the region. But Members have acknowledged that the Review's most important recommendation is for the authority to produce a new strategy and vision that redefines the authority's role as a Housing provider.

Appendix 3

Summary of Section 106

Section 106 (S106) of the Town and Country Planning Act 1990 allows a local planning authority (LPA) to enter into a legally-binding agreement or planning obligation with a landowner in association with the granting of planning permission. The obligation is termed a Section 106 Agreement.

These agreements are a way of delivering or addressing matters that are necessary to make a development acceptable in planning terms. They are increasingly used to support the provision of services and infrastructure, such as highways, recreational facilities, education, health and affordable housing.

The scope of such agreements is laid out in the government's Circular 05/2005. Matters agreed as part of a S106 must be:

- Relevant to planning
- Necessary to make the proposed development acceptable in planning terms
- Directly related to the proposed development
- Fairly and reasonably related in scale and kind to the proposed development
- Reasonable in all other respects.

A council's approach to securing benefits through the S106 process should be grounded in evidence-based policy.

Appendix 4

Summary of Section 215

Section 215 (S215) of the Town & Country Planning Act 1990 (the Act) provides a local planning authority (LPA) with the power, in certain circumstances, to take steps requiring land to be cleaned up when its condition adversely affects the amenity of the area. If it appears that the amenity of part of their area is being adversely affected by the condition of neighbouring land and buildings, they may serve a notice on the owner requiring that the situation be remedied.

Appendix 5

Summary of Welfare Reform Bill

Welfare Reform Bill 2010-11

The Bill provides for the introduction of a 'Universal Credit' to replace a range of existing means-tested benefits and tax credits for people of working age, starting from 2013. The Bill follows the November 2010 White Paper, 'Universal Credit: welfare that works', which set out

the Coalition Government's proposals for reforming welfare to improve work incentives, simplify the benefits system and tackle administrative complexity. Besides introducing Universal Credit and related measures, the Bill makes other significant changes to the benefits system.

Key areas

- Introduces Personal Independence Payments to replace the current Disability Living Allowance
- Restricts Housing Benefit entitlement for social housing tenants whose accommodation is larger than they need
- Up-rates Local Housing Allowance rates by the Consumer Price Index
- Amends the forthcoming statutory child maintenance scheme
- Limits the payment of contributory Employment and Support Allowance to a 12-month period
- Caps the total amount of benefit that can be claimed.

Appendix 6

Summary of the Localism Act

The main measures of the Localism Act are under four headings:

- New freedoms and flexibilities for local government,
- New rights and powers for communities and individuals,
- Reform to make the planning system more democratic and more effective,
- Reform to ensure that decisions about housing are taken locally.

New Freedoms and Flexibilities

General power of competence

- The Localism Act includes a 'general power of competence'. It gives local authorities the legal capacity to do anything that an individual can do that is not specifically prohibited; they will not, for example, be able to impose new taxes, as an individual has no power to tax.
- The new, general power gives councils more freedom to work together with others in new ways to drive down costs.
- The Act does, however, give the Secretary of State the power to remove unnecessary restrictions and limitations where there is a good case to do so, subject to safeguards designed to protect vital services.

Abolition of the Standards Board

Through the Localism Act, the Government has abolished the Standards Board regime. Instead, local authorities will draw up their own codes, and it will become a criminal offence for councillors to deliberately withhold or misrepresent a financial interest.

Clarifying the rules on predetermination

In parallel with the abolition of the Standards Board, the Government has used the Localism Act to clarify the rules on 'predetermination'. The Localism Act makes it clear that it is proper for councillors to play an active part in local discussions, and that they should not be liable to legal challenge as a result.

Greater local control over business rates

The Localism Act gives councils more freedom to offer business rate discounts - to help attract firms, investment and jobs. Whilst councils would need to meet the cost of any

discount from local resources, they may decide that the immediate cost of the discount is outweighed by the long term benefit of attracting growth and jobs to their area.

Directly elected mayors

Using powers in the Act, the Government intends to trigger a referendum in the largest cities outside London, inviting local people to decide whether they want to have an elected mayor. Referendums are being planned for May 2012.

Other freedoms for councils

The Localism Act will remove several rules,

- Councils will have greater freedom over how they set up their area committees (or other methods for consultation),
- Councils will have greater flexibility about how they carry out the scrutiny role.
- Councils, where they wish, may move away from an executive form of governance (i.e. a leader or a mayor) to a committee system.
- The Act also removes previous constraints around the timing of when councils can change their governance models.

New rights and powers for communities

Community right to challenge

The Localism Act gives voluntary and community groups, parish councils and local authority employees the right to express an interest in taking over the running of a local authority service. The local authority must consider and respond to this challenge; and where it accepts it, run a procurement exercise for the service in which the challenging organisation can bid.

Community right to bid (assets of community value)

The Localism Act requires local authorities to maintain a list of assets of community value which have been nominated by the local community. When listed assets come up for sale or change of ownership, the Act then gives community groups the time to develop a bid and raise the money to bid to buy the asset when it comes on the open market.

Right to approve or veto excessive council tax rises

The Localism Act gives local communities the power to decide Council Tax rates. The Secretary of State will determine a limit for council tax increases which has to be approved by the House of Commons. If an authority proposes to raise taxes above this limit they will have to hold a referendum to get approval for this from local voters who will be asked to approve or to veto the rise.

Transparency over senior council officials' pay

Under the terms of the Localism Act, councillors will need to vote on and publish a statement of their policies on pay. This will include the salaries of senior officials working in local authorities, but also the lowest paid employees.

Getting rid of fines and charges for rubbish collection

The Climate Change Act 2008 gave councils the ability to charge families for overfilling their bin and to introduce extra tariffs for taking away household waste. In the Localism Act, we have removed this ability.

Reform to make the planning system clearer, more democratic and more effective

Abolition of regional strategies

The Secretary of State wrote to local authorities in 2010 to tell them that the Government intended to abolish regional strategies. The Localism Act will enable us to do this.

Duty to cooperate

The duty requires local authorities and other public bodies to work together on planning issues.

Neighbourhood planning

The Act introduces a new right for communities to draw up a neighbourhood plan. Local communities will be able to use neighbourhood planning to grant full or outline planning permission in areas where they most want to see new homes and businesses, provided a neighbourhood development plan or order is in line with national planning policy, local communities will be able to vote on it in a referendum. If the plan is approved by a majority of those who vote, then the local authority will bring it into force. Local planning authorities will be required to provide technical advice and support as neighbourhoods draw up their proposals. The Government is funding sources of help and advice for communities

Community right to build

As part of neighbourhood planning, the Act gives groups of local people the power to deliver the development that their local community want. A community organisation, formed by members of the local community, will be able to bring forward development proposals which, providing they meet minimum criteria and can demonstrate local support through a referendum, will be able to go ahead without requiring a separate traditional planning application. The Government will also fund sources of help and advice for communities.

Requirement to consult communities before submitting certain planning applications

To further strengthen the role of local communities in planning, the Act introduces a new requirement for developers to consult local communities before submitting planning applications for certain developments.

Strengthening enforcement rules

The Localism Act will strengthen planning authorities' powers to tackle abuses of the planning system, such as deliberately concealing new developments.

Reforming the community infrastructure levy

The Localism Act will change the levy to make it more flexible. It allows some of the money raised to be spent on things other than infrastructure. It will give local authorities greater freedom in setting the rate that developers should pay. And crucially, the Act gives the Government the power to require that some of the money raised from the levy go directly to the neighbourhoods where development takes place.

Reform the way local plans are made

Local planning authorities play a crucial role in local life, setting a vision, in consultation with local people, about what their area should look like in the future. The plans allow local authorities to draw up and set out where new buildings, shops, businesses and infrastructure need to go, and what they should look like.

The Localism Act will limit the discretion of planning inspectors to insert their own wording into local plans.

Nationally significant infrastructure projects

The Localism Act abolishes the Infrastructure Planning Commission and restores its responsibility for taking decisions to Government ministers.

Reform to ensure that decisions about housing are taken locally

Social housing allocations reform

The Act gives local authorities greater freedom to set their own policies about who should qualify to go on the waiting list for social housing in their area.

Social housing tenure reform

Provisions in the Localism Act allow for more flexible arrangements for people entering social housing in the future. Social landlords will now be able to grant tenancies for a fixed length of time. The minimum length of tenancy will be two years, in exceptional circumstances, with five years or more being the norm. There is no upper limit on the length of tenancy.

Reform of homelessness legislation

Councils have a duty to house people who are eligible, in priority need and unintentionally homeless; and this duty will remain in place. Central Government will also continue to fund support and advice to prevent homelessness and rough sleeping.

The Localism Act lets local authorities meet their homelessness duty by providing good quality private rented homes.

Reform of council housing finance

Now, instead of having to send the money raised by rent to central government and wait to see each year what share they get allocated back, councils will be able to keep the rent and use it locally to maintain their social homes.

National home swap scheme

The Localism Act paves the way for a national home swap scheme. This will enable people who would like to swap their social home to access details of all other tenants who may be a suitable match.

Reform of social housing regulation

The Act reforms the way that social housing is regulated. The Act provides social tenants with stronger tools to hold their landlords to account. Landlords will be expected to support tenant panels - or similar bodies - in order to give tenants the opportunity to carefully examine the services being offered. The Act also abolishes the Tenant Services Authority and transfers its remaining functions to the Homes and Communities Agency. The Act also changes the way that complaints about social landlords are handled. Currently, there are two separate ombudsmen (the Local Government Ombudsman and the Independent Housing Ombudsman) handling social tenants' complaints about their landlord. In the future, a single watchdog (the Independent Housing Ombudsman) specialising in complaints about social housing will ensure greater consistency across the sector.

Abolition of Home Information Packs

The Localism Act has repealed once and for all the original laws that called for Home Information Packs.

Products included in the 2010/11 additional affordable housing statistics

Social Rent: Rent Mixed Funded (MFRENT), Rent Mixed Funded challenge fund (CFRENT), Temporary Social Housing (TSH), General needs remodelled units, Recycled Capital Grant Fund (RCGF), Disposals Proceeds Fund (DPF), Private Finance Initiative (PFI), and local authorities new build, and Section 106 nil grant social rented homes (from HCA/HSSA).

Intermediate Rent: Intermediate Rent (INTRENT), Intermediate Rent Key Worker (KWINRENT), Intermediate Rent Challenge Fund scheme (CFIRENT).

Low Cost Home Ownership includes:

- **New Build HomeBuy:** New Build HomeBuy (HBYNB), New Build HomeBuy Key Worker (KWHBYNB), Shared Ownership challenge fund (CFSALE), Shared Ownership Mixed Funded (MFSALE), Shared Ownership, Mixed Funded Key Worker (KWMFSALE).
- **Open Market HomeBuy:** HomeBuy Open Market Purchase (HBYOM), Rent to HomeBuy, Home Ownership for people with long term disabilities (HOLD), HomeBuy Direct (HBYDIR).
- **Social HomeBuy** (SHB).
- **Other:** Right to Acquire (RTA), Cash Incentive Scheme (CIS; from HSSA Section J), Voluntary Purchase Grant (VPG), Recycled Capital Grant Fund (RCGF), First Time Buyers Initiative (FTBi), London Wide Initiative (LWI). Mortgage Rescue Scheme, Armed Forces Home Ownership Scheme, S106 nil grant low cost home ownership homes (from HCA/HSSA).
- **DCLG announcement 12/3/2012:** Newbuy scheme, Right-to-buy (RTB) % discounts.

Subject:	Corporate Plan Targets April - September 2012 Update Report		
Report by:	Assistant Director- Strategy and Performance		
Other Officers Involved	Relevant Assistant Directors/ Directors/ Heads of Service		
Director	Chief Executive Officer		
Relevant Portfolio Holder	Councillor E. Watts, Leader of the Council		

RELEVANT CORPORATE AIMS

This report is an update on all of the corporate plan targets as follows:

COMMUNITY SAFETY – Ensuring that communities are safe and secure

CUSTOMER FOCUSED SERVICES – Providing excellent customer focused services

ENVIRONMENT – Promoting and enhancing a clear and sustainable environment

REGENERATION – Developing healthy, prosperous and sustainable communities

SOCIAL INCLUSION – Promoting fairness, equality and lifelong learning.

STRATEGIC ORGANISATIONAL DEVELOPMENT – Continually improving our organisation.

TARGETS

As detailed in the report.

VALUE FOR MONEY

All targets have a template which is housed within the Performance Management System (PERFORM). Within this template target owners have identified any financial challenges and provided details of the expected outcomes to customers.

THE REPORT

The Corporate Plan 2011 - 2015 was approved by members in September 2011 following an internal and external consultation exercise. The Annual Performance Plan for 2011/12 was completed in July 2012.

Within the report are the performance updates for the period April (as appropriate) to September 2012. The targets have been presented to the

Scrutiny Committees for consideration. The following is a summary of the overall performance:

Community Safety

- One target has already been reported as successfully completed.
- The remaining seven targets are all on track.

Customer Focused Services

- Five targets are confirmed as on track
- One target CFS 10 is slightly behind target for this quarter.
- Four targets have been removed from the report as they have been successfully completed and reported previously.

Environment

- EO5 is the first Environment target to be achieved.
- E02 is awaiting a written report.
- E06 is performing below target.
- All other targets are reported as on track.

Regeneration

- Four targets have already been successfully reported as complete.
- Target R12 has been completed this quarter bringing the total targets completed to five within this aim.
- The remaining targets are on track.

Social Inclusion

- Three targets have already been successfully reported as complete.
- SI 06 has now been achieved.
- Five targets are reported as on track.

Strategic Organisational Development

- All seven targets are reported as on track

Improvement Scrutiny Committee and Sustainable Communities Scrutiny Committee each requested a written report from Officers on a target. These will be submitted to the next meetings. A verbal update was also requested by the Improvement Committee which was dealt with at the Committee.

The full corporate plan updates are as follows:

Community Safety Corporate Plan Targets	Status	Progress	Target Date
CS 02 - Increase percentage of successful Anti-Social Behaviour Contract's (ABCs) to 90%.	On track	September 2012: Since the start of monitoring this target in October 2011 we have commenced 21 Acceptable Behaviour Contracts. Of these 21 one has been cancelled and the perpetrator has been served with an Anti Social Behaviour Order, one has been extended for a further three months and ten have been completed successfully. The other 9 are currently being monitored with no substantial breaches. Monitoring will continue until the end of the Contract (usually 6 months). Based on the 21 current ABC's, ten successfully completed ABCs and one failure and 10 ongoing successes, the success rate is 95%.	Tue-31-Mar-15
CS 03 - Deliver 8000 hours of positive activity through community based engagement per year.	On track	Sept 2012: (only 5 months reported) As at 5 months 2012/13, we have delivered 4313 participatory hours against an annual target of 8000 (54% against a target of 42%).	Tue-31-Mar-15
CS 04 - Reduce the incidence of flytipping, dog fouling and littering by 20% by March 2015.	On track	Sept 2012 - During the second quarter actions have continued to improve performance and meet the target Details of these actions are available from Environmental Health. Below are details of the number of incidents. 2010/2011 2011/2012 2012/13 Q1 2012/13 Q2 Fly tipping 746 640 133 144 Dog fouling 285 284 44 50 Littering 226 311 51 46 TOTALS 1257 1235 228 240	Tue-31-Mar-15
CS 05 - Ensure that all tenants of bungalows and sheltered housing schemes are offered new doors with secure locking mechanisms by April 2015.	On track	Sept 2012 - There are now only approximately 40 doors to fit to our bungalows and the programme of work has been received very favourably by tenants.	Tue-31-Mar-15

CS 06 - Install 100 new lifelines within the community each year.	On track		July - Sept 2012 - 78 Careline units installed.	Tue-31-Mar-15
CS 07 - Identify and deliver initiatives to reduce acquisitive crime by 3% per year from the 2011 baseline.	On track		Percentage figures for serious acquisitive crime and violent crime are no longer available. As from April 2012 the Home Office classify crime as 'victim based crime, non victim based crime or fraud and forgery'. Crime counts are calculated using the date the crime report was created. SEPTEMBER 2012 UPDATE The performance update for August shows there has been a 15.7% reduction in all crime when compared to the previous 12 months. There has been a 10.1% increase in domestic burglary (25 crimes) compared to the previous 12 months and a 20.7% reduction in non-domestic burglary (100 crimes). Theft from vehicle shows a 16.8% reduction (59 crimes) and theft of vehicle shows a 37.6% reduction (62 crimes) compared to the previous 12 months.	Tue-31-Mar-15
CS 08 - Identify and deliver initiatives to reduce assault with less serious injury by 3% per year from the 2011 baseline.	On track		Percentage figures for serious acquisitive crime and violent crime are no longer available. As from April 2012 the Home Office classify crime as 'victim based crime, non victim based crime or fraud and forgery'. Crime counts are calculated using the date the crime report was created. SEPTEMBER 2012 UPDATE The performance update for August shows there has been a 15.7% reduction in all crime when compared to the previous 12 months. Violence with injury has seen a 15.1% reduction (72 crimes) and violence without injury shows a 14.4% reduction (52 crimes) compared to the previous 12 months.	Tue-31-Mar-15

Customer Focused Services Corporate Plan Targets	Status	Progress	Target Date
CFS 01 - Review and deliver the Engagement Plan annually	On track	Sept 2012 - Engagement plan leads will be contacted for updates during October 2012 for reporting to Improvement Group meeting on 20/11/12. Engagement Plan 2012/13 produced and taken to Improvement Group on 12/06/12. Engagement Plan 2011/12 nearly fully evidenced. Both documents/evidence can be viewed at L:\Groups\Engagement Plan.	Tue-31-Mar-15
CFS 02 - Review and deliver the Communication Plan annually	On track	September 2012 - Communication Plan 2011/12 presented and approved by Improvement Group 2.8.11. Plan is on ERiC and officers working to the document. 2012/13 updated and discussed at Improvement Group.	Tue-31-Mar-15
CFS 06 - Reduce average relet times of Council properties from 25 days to 22 days by March 2015.	On track	September 2012 - estimate figure for 2nd quarter 22 days (NOT cumulative). Figure for Q2 to be updated once calculated.	Tue-31-Mar-15
CFS 07 - Fully deliver the Customer Service Excellence Implementation Plan and retain accreditation by March 2014.	On track	Sept 2012 - Updates from plan leads will be sought in October 2012 for reporting to the Improvement Group on 20/11/12. Compliance with the standard maintained currently. Improvement plan taken to Improvement Group on 12/06/12 and approved together with an updated original improvement plan showing outcomes.	Mon-31-Mar-14
CFS 08 - Carry out 97% of repairs to Council houses on the first visit (Right First Time) by March 2015.	On track	September 2012 - Right First Times - 97%	Tue-31-Mar-15
CFS 10 - Process all new Housing and Council Tax benefit claims within 20 days.	Failing	Sept 2012: New claims processing times for July is 20.87 days and August 18.74 days. Data for September will not be available until the end of October Average processing time for new claims for quarter 1 is 20.50 days. Thus the	Sat-31-Mar-12

			processing time for April-August is 20.22 days	
--	--	--	--	--

Environment Corporate Plan Targets	Status		Progress	Target Date
E 01 - Recycle and compost 45% of household waste by March 2015.	On track		Sept 2012 - The amount of waste recycled continues to increase further to integration of burgundy bin collection and is currently at 45% (estimate). However, overall, and allowing for seasonal variation, it is anticipated we will achieve approximately 40% at March 2013.	Tue-31-Mar-15
E 02 - Reduce the level of municipal waste land filled by reducing the quantity of the household waste sent to landfill to 15,000 tonnes by 2015.	On track		October 2012 – Awaiting written report for Members to consider following discussion at Cabinet and Scrutiny.	Tue-31-Mar-15
E 03 - Complete and adopt the final Core Strategy Development Plan Document by December 2013.	On track		Oct 2012: Local Plan Topic papers on Employment and Transport, and Infrastructure Study approved by Planning Committee. Consultation completed on Local Strategy Statement and reported to Council. Work progressing on affordable housing and viability issues.	Tue-31-Dec-13
E 04 - Reduce fuel usage and CO ² emissions from our transport, plant and equipment used to deliver services by 3% year on year.	On track		September 2012 - At the end of quarter two the fuel issued is 45.11% of the annual allowance. The annual allowance takes into account the target 3% reduction. We are on track to meet the target.	Tue-31-Mar-15
E 05 - Deliver the first BREEAM excellent standard workspace in Shirebrook through external funding by March 2013.	Achieved		Sept 2012 –This project was completed in August 2012 and has been assessed as BREEAM excellent.	Sun-31-Mar-13
E 06 - Increase the Standard of Cleanliness, so that 96% of streets each	Failing		Sept 2012 - Litter 98.19% of streets met the cleanliness standard whereas only 87.52% of streets met the Detritus standard	Tue-31-Mar-15

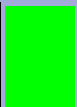

year meet the criteria of an acceptable standard, established by Keep Britain Tidy Group Local Environment Quality Standards (LEQS).				
E 07 - Complete and adopt residential development guide as Supplementary Planning Guidance by December 2012.	On track		September 2012: Meeting with Citizens Panel to discuss document. Agreement with all four Councils to begin formal consultation exercise mid October	Mon-31-Dec-12
E 08 - Consider whether the former Coalite site meets the statutory definition of contaminated land by March 2012	Extended		Sept 2012 - No success with external funding sources therefore further site investigation commenced on 1/10/12 involving six months sampling in accordance with risk assessment review report and determination process. Work progressing with NEDDC and Environment Agency and liaison with all interested parties continuing to ensure a long term sustainable solution.	Fri-30-Aug-13
E 09 - Bring 40 private sector empty properties back into use by March 2015.	On track		Sept 2012 - The second quarter in 2012/13 has seen 62 properties come back into use highlighting the continued greater activity in the summer months. Total to date is 132 properties brought back into use and therefore still well over target.	Tue-31-Mar-15

Regeneration Corporate Plan Targets	Status	Progress	Target Date
R 02 - Deliver a health intervention programme which provides 500 adults per year with an exercise plan accessed via the GP referral scheme.	On track	October 2012 - For the financial year 12/13, 329 clients have been referred to the Bolsover Wellness programme. The target figure was revised following a review of the referral process and reflects the current targets set by the PCT in the hub specification.	Tue-31-Mar-15
R 03 - Increase participation/ attendances in sport, physical and cultural activity each year for the lifetime of the plan.	On track	Sept 12: (only 5 months reported) With 5 months gone of 2012/13, attendances recorded should be 42% approx of the target 285,000 = 119,700. The actual number of recorded attendances as at month 5 is 41.5% of target = 118,556. This figure includes an estimate based on previous years at KLC as we have no access to there attendances for the period prior to handover. In addition this figure does not include Clown Leisure Facility figures yet.	Tue-31-Mar-15
R 04 - Deliver a child focused health intervention programme to 95% of identified Key Stage 2 year groups by March 2015	On track	September 2012 - The current financial year covers the end of the last academic year (Apr - July 2012) and the start of the new academic year. During this period up to end of the autumn term the Five:60 programme will be delivered to 81% of identified key stage 2 children throughout the district.	Tue-31-Mar-15
R 05 - Offer assistance to 150 households to address affordable warmth issues by March 2012.	On track	Sept 2012 - In the 2nd quarter of 2012/13, an outturn of 187 engagements has been achieved. This means that a total of 348 engagements for the year have already been achieved which is well above the target.	Tue-31-Mar-15
R 06 - Deliver £100,000 of New Homes Bonus per annum in the district as part of Local Investment Plan	On track	September 2012: The 2011/12 target of £100,000 was exceeded by over £42,000. As assessment is being undertaken in October 2012 as to the current position for 2012/13.	Tue-31-Mar-15
R 07 - Deliver a retail development to	On track	Sept 2012 - Planning consent has been given and section 106	Mon-31-

Shirebrook Town Centre by March 2014.			works agreed. The Director of Development is in talks with Tesco about a start date for the construction phase. Oct 2012 Start date being pursued direct with Tesco.	Mar-14
R 10 - Remove 120 category 1 hazards (as defined by the Housing Act 2004) within private sector housing by March 2015.	On track		Sept 2012 - In the 2nd quarter of 2012/13, 11 category 1 hazards have been removed. That brings the total achieved since April 2011 to 64 and therefore well on target.	Tue-31-Mar-15
R 12 - Deliver 2,000 m2 of new workspace in Shirebrook by December 2012.	Achieved		Sept 2012 – The construction of the Tangent was completed and handed over in August 2012.	Mon-31-Dec-12
R 13 - Assist economic growth within the district through direct support for 60 existing businesses and the creation of 39 new businesses by December 2013.	On track		Sept 2012 - Assist economic growth within the district by December 2013: Direct support for 60 existing businesses - ACHIEVED Creation of 39 new businesses - 7 achieved to date, the remaining 32 should be achieved under: Targets for the Tangent Business Centre, completed and handed over in August 2012, the centre is ERDF funded and has a target to create 24 new businesses by Dec. 2013. The Grow Your Own Enterprise project funded by ERDF, Nottingham Business Venture has the overall target to create 1,400 new businesses across the East Midlands (until December 2015). The programme will target areas of greatest need to increase business start-up by providing face to face business support and workshops and is anticipated to return at least 8 new businesses within the timeframe to Dec. 2013. It is unfortunate that the LEO Supporting Enterprise project (Local Enterprise Growth Initiative) failed to achieve the outputs contracted under WNF. However the before mentioned	Tue-31-Dec-13

		project activities should ensure that the target to create 39 businesses is achieved.	
--	--	---	--

Social Inclusion Corporate Plan Targets	Status	Progress	Target Date
SI 01 - Fully deliver the actions identified in the Single Equality Scheme by March 2015.	On track	September 2012 - Annual Review 2011/12 completed. Progress reported to Improvement Group 12.06.12. Review approved by Executive for approval on 2.07.12. Half year review due to go to Improvement Group November 2012. Majority of actions are on target.	Tue-31-Mar-15
SI 02 - Prevent homelessness for more than 50% of people who are facing homelessness each year.	On track	April 2012 - Sept 2012 - 59% of homeless approaches were prevented. (152 approaches, 90 prevented)	Tue-31-Mar-15
SI 03 - Carry out 200 adaptations to council houses each year	On track	Sept 2012 - 99 adaptations completed April to Sept 2012	Tue-31-Mar-15
SI 04 - Produce a Tenancy Strategy in line with new statutory requirements by December 2013 (or by the statutory timescale).	On track	September 2012: Under the Localism Act there is a legal duty for local housing authorities to produce a Tenancy Strategy by the 15th January 2013. A new Housing Strategy Manager started in post from October 1st, following a 6 month vacancy, and will be producing the strategy in time to take to Council in December 2012.	Tue-31-Dec-13
SI 05 - Maximise the supply of affordable housing in the district and deliver an average of 20 units per annum by March 2015.	On track	September 2012: Still on target to deliver an average of 20 new affordable homes per annum. New Housing Strategy Manager in post from October 1st, following a 6 month vacancy, and a detailed update will be provided in the following quarter	Tue-31-Mar-15
SI 06 - Produce and adopt a	Achieved (behind	October 2012 - The Homelessness Strategy was	Sat-30-Jun-12

Homelessness Strategy by March 2012.	target)		approved by Executive on 28th May 2012.	
--------------------------------------	---------	---	---	--

Strategic Organisational Development Corporate Plan Targets	Status	Progress	Target Date
SOD 01 - Reduce the Council's overall spend in accordance with the Savings Strategy by March 2013.	On track	Sept 2012 - The Council has made good progress in achieving its savings target of £0.975m in respect of 2012/13. The time required to implement certain of the elements within the Strategy will mean that the full level of savings will not be achieved in respect of 2012/13. The shortfall is currently anticipated to be some £0.2m, although it should be noted that this figure includes addressing some in year cost pressures that were identified by the budget monitoring process. Officers are currently in the process of considering what options are available to address the £0.2m shortfall and what measures are available to address the shortfall for 2013/13 which will arise as a result of the Government's Comprehensive Spending Review.	Sun-31-Mar-13
SOD 02 - Reduce the percentage of rent arrears by 20% by 2015.	On track	September 2012: At the start of the monitoring for Corporate Plan the arrears were 2.8% (£486,526). At the end of September 2012 the figures stands at 2.6% (£500,221) this is a decrease of 8%	Tue-31-Mar-15
SOD 03 - Reduce the level of Former Tenants Arrears by 25% by 2015.	On track	September 2012: The starting figure was £658,493.14 as at the end of September 2011 a 25% reduction would be £493,869.85 At the end of September the figure was £562,066.49 which is a decrease of 15%. Since the start of the Corporate Plan £48,705.62 former tenants arrears have been collected and £198,295.00 has been written off which has been a reduction of £247,000.62.	Tue-31-Mar-15
SOD 04 - Reduce the	On	Sept 2012: The Council has	Tue-

cost of collection of income year on year by increasing options available to customers.	track		continued to work to encourage customers to migrate to more cost effective payment options such as Direct Debit which is an on going process. The Payments Strategy is in the process of being reviewed but officers are of the view that this is unlikely to deliver the level of savings that was previously anticipated.	31-Mar-15
SOD 05 - Develop a series of business cases in respect of joint services/collaboration to deliver £750k savings by March 2014.	On track		Sept 2012 - Savings achieved from the Joint Management Structure amount to £343,000. These relate to the Joint CEO, Joint Directors and Joint Assistant Directors. The Business Cases currently being implemented have planned savings of: Environmental Health £206,000 Garage Review £50,000 Street Scene £50,000 TOTAL £306,000 Some of these have already been achieved such as income from the MOT Station at Doe Lea is now being received and savings are already being achieved from Joint Street Scene Management. In total the savings achieved and being implemented amount to £649,000 as at September 2012 against a target of £750,000 by March 2014.	Mon-31-Mar-14
SOD 06 - Fully deliver the Investors in People Implementation Plan and retain Silver level accreditation by July 2014.	On track		September 2012 - Investors in People Improvement Plan developed and agreed. Reviewed at Improvement Group on 3.4.12 and 25.9.12. Development work is ongoing.	Thu-31-Jul-14
SOD 07 - Produce a People Strategy 2011-15 by September 2011 and fully deliver milestones by March 2015.	On track		September 2012 – People Strategy approved by Council on 21st September 2011. 3 of the 11 targets have been completed (see People Strategy for further details). Owing to staff changes within the section following implementation of the 3rd tier Strategic Alliance no further progress made as yet. Most of the remaining actions fall within 2013/14.	Tue-31-Mar-15

ISSUES/OPTIONS FOR CONSIDERATION

Progress against the Corporate Plan targets as outlined in the report.

IMPLICATIONS

Financial: None within this report.

Legal: None within this report.

Human Resources: None within this report.

RECOMMENDATION

That Executive note the progress against the Corporate Plan 2011-2015.

REASON FOR DECISION TO BE GIVEN IN ACCORDANCE WITH THE CONSTITUTION

In line with the Executive function to monitor progress against the Corporate Plan.

ATTACHMENTS: No

Report by:	Information & Engagement Manager		
Other Officers Involved	Information Assistant		
Director	Chief Executive Officer		
Relevant Portfolio Holder	Councillor E. Watts, Leader of the Council		

RELEVANT CORPORATE AIMS

CUSTOMER FOCUSED SERVICES – Providing excellent customer focused services

STRATEGIC ORGANISATIONAL DEVELOPMENT – Continually improving our organisation.

The effective management of requests for information made under the Freedom of Information Act 2000 provides requesters with a customer focused service and ensures compliance with the Act.

TARGETS

Local performance indicator for replying to requests within standard.

VALUE FOR MONEY

A centrally administered information requests service enables a large number of requests to be administered by a small team. It also enables effective co-ordination of information and application of knowledge.

THE REPORT

To provide information on requests made under the Freedom of Information Act 2000, Environmental Information Regulations 2004 and Data Protection Act 1998 for the period 1st April 2012 to 30th September 2012.

Freedom of Information and Environmental Information Requests

Volumes

- 185 Freedom of information (FOI) requests
- 31 Environmental information requests (EIR)
- 216 Requests received in total for processing

- 27 requests received for information held by other organisations

Table A provides a breakdown of requests by department.

Performance

Target: 100% of requests to be responded to within 20 working days.

- 212 (98%) FOI and EIR requests were responded to within 20 working days

By timescale:

- 43 (20%) responded to within 10 working days
- 74 (34%) within 11-15 working days
- 95 (44%) within 16-20 working days
- 4 (2%) over 20 working days¹

¹ An extension was applied to three requests to consider an exemption. Another was extended as department needed more time to find the information.

Other Information

Table B provides a summary of the FOI requests received by date order.

Provision of information for FOI requests:

- No information was held in relation to 90 (42%) requests
- Information was provided for 65 (30%) requests
- Some information was provided for 61 (28%) requests

The following information has been requested on multiple occasions:

- Details of public health funerals² (x13)
- Business rate accounts in credit (x8) (see footnote 2)
- Information concerning the development of Sherwood Lodge and the Council's preferred developer, Morrison's (x8)
- Lists of empty domestic and commercial properties (x5) (see footnote 2)
- Information on property searches (x3)

Data Protection Requests

We receive requests from individuals seeking their own personal data (subject access requests) and requests from third parties seeking personal data under one of the subject access exemptions listed under the Data Protection Act 1998.

Volumes

- 2 Subject Access requests received
- 7 Third party requests received for personal data held

Performance

- All responded to within 40 calendar days – the prescribed timescale within the Act

By timescale:

- 5 responded to within 5 working days
- 1 within 6-10 working days
- 1 within 11-15 working days
- 1 within 31-35 working days
- 1 within 36-40 working days

² Information on public health funerals, business rate accounts in credit and empty commercial property listings is routinely published on our website – request usually satisfied by provision of a web link.

ISSUES/OPTIONS FOR CONSIDERATION

None

IMPLICATIONS

Committee:	Executive	Agenda Item No.:	8.
Date:	19 th November 2012	Status	Open
Category	3. Part of the Budget and Policy Framework		
Subject:	Compliments, Comments, Complaints		
Report by:	Customer Services Support Officer		
Other Officers Involved			
Director	Director of Corporate Resources		
Relevant Portfolio Holder	Councillor E. Watts, Portfolio Holder for Customer Services		

RELEVANT CORPORATE AIMS

CUSTOMER FOCUSED SERVICES – Providing excellent customer focused services

STRATEGIC ORGANISATIONAL DEVELOPMENT – Continually improving our organisation.

The effective management of complaints and customer requests is central to excellent customer service. It also provides a good source of information which the Council can use to improve services.

TARGETS

Local performance indicators for handling written complaints and Ombudsman complaints.

VALUE FOR MONEY

A centralised complaints service maximises the use of staffing resources as well as the provision of management information

THE REPORT

To provide information on the number of compliments, comments and complaints for the period 1st July 2012 to 30th September 2012.

The report includes information regarding Stage one complaints with an update from the previous quarter which was incomplete due to technical issues.

Compliments

Table A shows the number of written compliments received for the period. In total 42 written compliments were received (up from the previous quarter when we received 20). 14 compliments were received for the Leisure Department, 13 of which were in relation to the Olympic Torch event.

Table B shows the above information by department.

Comments

Table C shows the number of written comments received for the period. All 12 received were responded to within standard (20 working days). There were no trends for this quarter.

Table D shows the above information by department.

Service Requests

The table below provides a breakdown of service requests expressing dissatisfaction with the waste collection service, made verbally by customers, and handled by Contact Centres by volume for the period 1st July 2012 to 30th September 2012.

Service Area	01/04/12– 30/06/12	01/07/12– 30/09/12	Total
Missed clinical waste collection	33 (12)	13 (6)	46 (18)
Missed domestic or green bin collection	377 (327)	270 (235)	647 (562)
Missed blue box/ burgundy bin collection	112 (98)	151 (138)	263 (236)
Total	522 (437)	434 (379)	956 (816)

The figures in brackets show the number of service requests escalated to the department for investigation/ action. For the same period Contact Centres handled 7,498 requests for service in total.

Complaints

Stage one

Table E shows the number of stage one complaints for the period. The customer service standard for responding to Stage one complaints is 3 working days. Please note that updated information is included for quarter 1 which was not originally provided due to technical difficulties.

Table F shows the above information by department.

Stage two

Table G shows the number of stage two or written complaints received for the period by date order. 73 complaints were received during this period, up from last quarter in which we received 36 complaints. All (100%) were responded to within our customer service standard of 20 working days. 24 complaints were received for the Planning Department, 11 of which are around the proposed development in Bolsover, and 17 were received for the Finance & Revenues Department, 9 of which were Housing and Council Tax benefit related.

Table H shows the above information by department.

Stage three

Table I shows the number of stage three complaints received for the period by date order. These are complainants who have already made a stage two complaint and still feel dissatisfied. During this period 9 stage three complaints were received, all were responded to within standard.

Ombudsman

Table J shows the status of Ombudsman complaints for 2012/13 as of 25th October 2012. During this quarter, one informal and four formal investigations were received, all were responded to within the Local Government Ombudsman's standard of 28 calendar days. We received two decisions of 'To discontinue investigation as there is no outstanding injustice' and one of 'Not to initiate an investigation'. We have three complaints awaiting a decision from the Ombudsman.

Performance

The target of 100% has been achieved for responding to stage two complaints within 20 working days for the second quarter of 2012/13.

ISSUES/OPTIONS FOR CONSIDERATION

None

IMPLICATIONS

Financial: - None

Legal: - None

HR & Payroll: - None

RECOMMENDATION(S)

That the report be received

REASON FOR DECISION TO BE GIVEN IN ACCORDANCE WITH THE CONSTITUTION

To keep Members informed of volumes and trends regarding compliments, comments, complaints.

Table I: Summary of Stage Three Complaints 01/07/12– 30/09/12

Date Received	Area	Summary of Complaint	Departments Involved	Date Response Sent	No of work days	Remedy
19/07/12	Bolsover	Not happy with response to Stage two complaint and believes the land to be developed is designated open space	Legal	16/08/12	20	Re-iterated advice given in Stage 2 response still accurate - the land forms part of the Council offices and is no longer required
01/08/12	Shirebrook	Issues with Shirebrook Town Council precept	Legal	24/08/12	17	Advice still correct - parish precept set by Shirebrook Town Council
06/08/12	Hilcote	Still not happy with noise from road traffic	Environmental Health Planning	29/08/12	16	As previously advised in Stage two response, traffic noise is exempt from statutory noise nuisance legislation
13/08/12	Creswell	Believes Council is responsible for usage of site after planning for floodlights at Creswell	Planning	24/08/12	17	Bolsover District Council is not responsible for the management of the site (Parish Council)
28/08/12	Pinxton	Wants Planning department to disallow further development at Pinxton	Planning	24/09/12	20	As Stage Two response - still working with other agencies and will consider in appropriate planning applications
31/08/12	Bolsover	Still believes should have extension to Discretionary Housing Allowance (DHA) (on behalf of daughter)	Finance & Revenues	25/09/12	17	DHA short term payment to allow claimant to improve their financial position. Claimant received increase in benefit but made no amendment to improve their financial position
04/09/12	Clowne	Not happy with Council Tax summons - feels that they have paid in a timely manner	Finance & Revenues	25/09/12	15	Council Tax payment submitted using incorrect reference number, now rectified, apology for time taken to resolve

Table I: Summary of Stage Three Complaints 01/07/12– 30/09/12

Date Received	Area	Summary of Complaint	Departments Involved	Date Response Sent	No of work days	Remedy
04/09/12	Shirebrook	Still not happy with level of grasscutting in Shirebrook	Street Services	01/10/12	19	Assurance that grounds maintenance standards will be raised
27/09/12	Shirebrook	Still believes land to rear of property belongs to her not Council	Housing	17/10/12	14	Land is in the ownership of Bolsover District Council advised to speak to Land Registry

Table J: Summary of Ombudsman Complaints 2012/13

Date Received	Area	LGO's Summary of Complaint	Departments Involved	Date Response sent	No. of Calendar Days	Date Decision Letter Received	Ombudsman's Decision
22/12/11	Clowne	Says council refusing to re-house him as he has arrears from former tenancy. But tenant denies this as says he paid in full when he handed his keys in	Housing	20/01/12	22	22/05/12	To discontinue investigation as there is no outstanding injustice
09/03/12	Clowne	Questions in relation to Disability Facilities Grant	Environmental Health	20/03/12	11	22/06/12	Not to initiate an investigation (formerly Ombudsman's Discretion) - finds no evidence of maladministration by the council
13/03/12	Shirebrook	Feels BDC have failed to take action to prevent flooding on his street. Claims BDC and DCC are trying to lay responsibility with the other	Regeneration	23/03/12	10	19/10/12	To discontinue investigation as although the District and County Council do not agree on the cause of the flooding the Ombudsman cannot be critical on how the District Council reached its decision. Noted future liaising between Councils
17/01/12	Whitwell	Complaint against council's failure either to adapt former flat or move him somewhere more appropriate within a reasonable timescale	Housing	15/02/12	29	03/10/12	To discontinue investigation on the grounds that the Council did adapt the flat as requested and any failure to move the tenant was not because of any fault by the Council.
08/06/12	Barlborough	Council Tax arrears led to resident facing bankruptcy	Finance & Revenues	02/07/12	24	09/10/12	To discontinue investigation on the grounds that there is insufficient evidence that the resident has suffered injustice in

Table J: Summary of Ombudsman Complaints 2012/13

Date Received	Area	LGO's Summary of Complaint	Departments Involved	Date Response sent	No. of Calendar Days	Date Decision Letter Received	Ombudsman's Decision
							consequence of any maladministration by the Council

Committee:	Executive	Agenda Item No.:	10.
Date:	19th November 2012	Status	Open
Category	3. Part of the Budget and Policy Framework		
Subject:	Renewal and Tendering of Insurance Policies 2012		
Report by:	Director of Corporate Resources		
Other Officers Involved	Senior Technical Officer Assistant Director of ICT & Finance		
Director	Director of Corporate Resources		
Relevant Portfolio Holder	Councillor E Watts, responsible for the Resources portfolio.		

RELEVANT CORPORATE AIMS

STRATEGIC ORGANISATIONAL DEVELOPMENT – Continually improving the efficiency and effectiveness of Council services by demonstrating value for money by reviewing the current basis of risk transfer arrangements whilst maintaining sound financial management.

TARGETS

To review the Council's entire insurance portfolio with the current insurers, whilst endeavouring to remain within the Long Term Agreements (LTA). To improve the effectiveness and efficiency of the renewal process, whilst maintaining adequate insurance cover.

VALUE FOR MONEY

Obtain competitive renewal terms for all of the Council's insurance policies during a period where the insurance market is experiencing rising costs.

THE REPORT

Purpose of the Report

The Council's insurance policies were due for annual renewal on 1st October 2012 within the framework established by the three year Long Term Agreement which commenced in October 2011. This report is to inform Members of the outcome of the recent insurance renewal process carried under powers delegated to the Director of Corporate Resources.

Delegated Powers

The Council has granted delegated powers to the Director of Corporate Resources to renew the Council's insurance cover, in order to obtain the most economically advantageous outcome, (Standing Orders have been waived in accordance with 4.8.2.(3) and 4.8.2 (4)). This report outlines the actions of the Director of Corporate Resources.

Members are now asked to note the actions of the Director of Corporate Resources in renewing the Authority's insurance cover as described in the report.

Background

Bolsover District Council's insurance policies are subject to a 3 year Long Term Agreement (LTA), with the option to extend for a further 2 years, which commenced on the 1st October 2011, following a comprehensive tendering exercise.

The principal insurance policies are subject to a £20,000 excess on each and every claim. The exceptions are vehicles (and Council tools contained within) which are subject to a £250 excess, computer having £1,000, engineering plant having £10,000, leasehold flats having a nil excess except subsidence claims where £2,500 applied, and a £50,000 excess in respect of the flood peril at Pleasley Vale site.

A major change at the 2011 tender was made to the Housing stock peril due to claims experience. This resulted in a £250 excess per property relating to the storm damage peril. An excess of £20,000 applies per incident for other perils.

ISSUES/OPTIONS FOR CONSIDERATION

Portfolio Movement Summary

Insurance premiums are predominately based on factors including sums insured, claims history, risk exposure, market fluctuations, geographical area and level of activity. The areas below have been compared against the position as at the 2011 renewal. All remaining policies have shown minimal movement on sums insured.

- ➔ Salary and wages figure declared to insurers reduced by 15%.
- ➔ Housing properties sum insured reduced by 0.4%.
- ➔ Lease flats sum insured reduced by 5%
- ➔ General properties sum insured increased by 17%
- ➔ Work in progress increased by 26%
- ➔ Vehicle numbers reduced by 11%.
- ➔ All Risks sum insured reduced by 34%

Renewal Outcome Summary

The current property insurer (Travelers) has not increased premium ratings. Increased premiums are due to the revised sum insured (ie acquisition of Clowne Campus and Tangent Hub) and a mid term credit will follow when the Council completes the sale of Sherwood Lodge. Property cover will be improved as it now includes damage to street furniture and theft of building parts. A property low claims rebate of £10,624+IPT was triggered and has been secured. A 1% early 'day one' payment discount was also taken. Three Risk Management days relating only to the property policies are included within the premium.

At present the Council does receive competitive casualty (predominately EL and PL policies) rates, although the current insurer (Zurich Municipal) has indicated they will breach the LTA in 2013/14 and potentially increase rates significantly (possibly a 15% - 20% rise), as they consider that risk / claims are running high. The Council does not accept this position and is continuing to challenge it. As a result of this challenge agreement has been reached to retain current rates without any increase for 2012/13, with the Council successfully challenging a rate guarantee clause. This has resulted in an overall saving of £7,435* due to reduced salary costs.

* Note that the direct reduction in casualty policy premiums is a result, in the main, of Environmental Health transferring their liabilities to NEDDC, and as a consequence BDC will receive additional indirect insurance costs as part of the recharges between the two Authorities. However this will be reflected in payments made for the service to NEDDC.

The motor insurer (Chartis) breached the LTA, by increasing the premiums above inflation, effectively forcing the Council to tender again. Chartis argued that the Council's loss ratio (claims as a percentage of premium) was high (currently running at 56%, which includes reserve figures). Usually the breakeven point for motor Insurers is where the loss ratio is between 60% and 70%. The Council's liability insurer (Zurich) and property (Travelers) insurer were approached to tender for the motor insurance but premiums were in excess of £100k, (£87k+IPT in 2011), so were not viable options. Liberty Syndicate (Lloyds) were the most competitive at £90,650 + IPT and their tender has been accepted.

Consideration was given to increasing the motor policy excess level to £1,000 to secure savings, against which a quote from QBE insurer showed a premium saving of £23,650+IPT against the current best terms. However when analysing and comparing the loss ratio, based on claim experience and costs, the Council would have to fund a further £30,000 in own claims for the increase in anticipated costs below the increased excess level. It was therefore not considered cost effective as it would place increased costs on the insurance reserve.

Conclusion & Costs

- ➔ Travelers retained all property policies.
- ➔ Zurich retained all casualty policies, but have indicated they will breach the LTA in 2013.
- ➔ MAPS retained the vehicle uninsured loss recovery agency service.
- ➔ Liberty was awarded the motor policy. Negotiations have secured agreement to continue to use the current vehicle approved repairer.
- ➔ Vehicle policies show a grey fleet contingency liability policy. This was previously integrated within the vehicle policies, but is now detailed separately arising from the arrangements negotiated with Liberty the new vehicle insurer.
- ➔ Engineering policies continue to be provided by with Zurich Municipal.
- ➔ RSA retained the computer policy.
- ➔ When comparing 2011/12 with 2012/13 actual payments, including the low claims rebate and including IPT produce annual savings of £11,762, (£340,176 - £328,414). This, however, reduces to £4,846 when accounting for NEDDC insurance recharges (£340,176 - £335,330).
- ➔ The following comparison table shows premiums by category and compares against 2011/12:

	2011/2012 £	2012/2013 £	Variance £

Specialist Advice / Brokering

Consultancy and Brokering services were reviewed in March 2010 with savings identified as part of the process of testing the market. The annual cost for the 2013 renewal process will be £3,500.

Reserves & Provisions

At 1st April 2012, the withdrawals were £116,960 from the Insurance Provision and £30,257 from the Reserve, which previously had annual contributions of £100,000 to the Provision and £10,000 to the Reserve. These amounts are budgeted for in the Medium Term Financial Plan to fund claims below the excess and finance any uninsured losses.

Due to the excess now being £250 per Council property in relation to the storm peril, the Council has increased its risk exposure significantly and could suffer major financial losses, without having a sufficient insurance reserve to fund. Consequently the Housing Revenue Account (HRA) contributes an additional £50,000 per annum to the Insurance Reserve to finance the losses within the revised excess.

As at the 31st March 2012 the insurance provision was removed to comply with IFRS accounting requirements. Most of the balance was transferred to the Insurance reserve account, and following an annual combined contribution to the reserve of £110,000 and £50,000 from the HRA, this has resulted in a 2012/13 opening insurance reserve balance of £300,000.

IMPLICATIONS

Financial:

1. The overall annual cost is £498,830, based on the insurance year, 1st October 2012 to 30th September 2013. The following table shows and compares with 2011:

	2011/12 Costs £	2012/13 Costs £
Premiums (net of IPT)	321,373	320,912
Low Claims Rebate (Property)	0	(10,624)
IPT @ 6%	18,803	18,126
Provision Contribution (Gen Fund)	100,000	0
Reserve Contribution (Gen Fund)	10,000	110,000
Reserve Contribution (HRA)	50,000	50,000
Consultancy / Brokering	3,200	3,500
NEDDC Insurance Recharges	0	6,916
Total	503,376	498,830

The costs as outlined above will be met from within existing approved budgets.

Legal: None

Human Resources: None

RECOMMENDATION

That the action of the Director of Corporate Resources (acting under delegated powers) in continuing to secure the Council's insurance policies within the framework established by the Long Term Agreement be noted.

REASON FOR DECISION TO BE GIVEN IN ACCORDANCE WITH THE CONSTITUTION

The Council has assessed value for money, quality and service issues, and selected the option financially beneficial to the Council.

Subject:	Second Quarterly Budget Monitoring Report	Status	Open
Report by:	Assistant Director of Corporate Resources		
Other Officers Involved:	Director of Corporate Resources Chief Accountant		
Director	Director of Corporate Resources		
Relevant Portfolio Holder	Councillor E. Watts, Leader of the Council		

RELEVANT CORPORATE AIMS

STRATEGIC ORGANISATIONAL DEVELOPMENT. To continually improve the efficiency and effectiveness of all Council Services by maximising the potential use of Council resources.

TARGETS

All.

VALUE FOR MONEY

This report is part of the budget process which challenges existing spending levels to ensure that resources are effectively used and directed towards the delivery of the Corporate Aims.

1 The Report

- 1.1 To update Executive on the financial position of the Council following the second quarter's budget monitoring exercise for the General Fund, the Housing Revenue Account, the Capital Programme and in respect of Treasury Management activity.

2 Issues for Consideration

General Fund Revenue Account

- 2.1 Before detailed consideration of the General Fund budget is discussed it is important to inform Members that all recharges and notional charges (e.g. depreciation) within the budgets have now been excluded. This now leaves within each budget head the controllable costs of that cost centre; i.e. the direct cost attributable to the running of that area. Its aim is to present a

- clearer picture of the direct costs of each function, service and support cost centre to Members and Officers.
- 2.2 There have also been some changes made to how the budgets for Benefits are shown in the Council's accounts. The costs of processing and administration of benefits has now been split out from the costs of benefit payments and subsidies. Also, each of the benefit payment types now has their own cost centre. These can be seen within the corporate aim of Customer Focused Services. These changes have been done to comply with accounting requirements and to assist in managing the changes being introduced for Council Tax Benefits and other welfare reforms.
- 2.3 Accounting accruals have been completed throughout this monitoring statement to account for expenditure incurred but not yet paid and income due but not received to present a true position for monitoring.
- 2.4 The budget monitoring position for the second quarter is summarised in **Appendix 1**. A comparison of the profiled budget against the actual expenditure to date shows an over spend at the end of the second quarter of £0.107m. The over spend covers many variances within the budgets but effectively reflects a shortfall of delivered savings against targets at the half year point.

Issues to report

- 2.5 The detailed cost centre monitoring statement is shown on **Appendix 2**. Comments have been added to explain some of the main variances identified at the half year point. In the end 3 columns savings have been identified that as yet have not been transferred against the savings targets. The savings identified amount to £0.130m and when they are transferred will reduce the savings target down to £0.243m. Efforts to contain expenditure and maximise income is ongoing and officers expect to see the savings target continue to reduce as the year progresses.
- 2.6 Increased financial control is being applied to the coding analysis of expenditure in the accounts. As a result officers have seen that expenditure that had previously been treated as capital expenditure is now being correctly charged to the General Fund repairs and maintenance budgets. However, as a result it is now noticeable that many of the repair and maintenance budgets are under pressure.

Summary

- 2.7 To summarise, the budget monitoring position at the half year shows an overall net overspend of £0.107m. This indicates that the overall savings target of figure of £0.243m is a good forecast assessment at the half year point in time based on the current budgets that officers are working to. Officers are continuing to examine and identify efficiencies and savings and this ongoing work is expected to reduce this figure with an aim to break even by the end of the financial year.

- 2.8 Officers within the Finance Team are currently preparing the Revised General Fund Budgets and detailed discussions have been held with all budget officers and managers during October. The revised budget is expected to be completed in early November and any changes to the figures above will be reported to Members at the meeting.

Housing Revenue Account (HRA)

- 2.9 The Housing Revenue Account in respect of the first half year of 2012/13 is set out in **Appendix 3** to this report.

2.10 Expenditure

HRA expenditure is running in line with expectations and shows an under spend at the end of the second quarter of £0.114k. At this stage officers do not expect any significant variances at the year end in the expenditure budgets.

2.11 Income

Income from rents is now in line with the current budget (note this budget was amended in the quarter 1 report to reflect the level of properties that are vacant awaiting demolition and replacement). Other income budgets show some variances but are expected to outturn in line with the approved budgets.

2.12 Interest

The Interest charges budget was reduced in quarter one by £1.150m to reflect the savings achieved on the interest rates on loans taken to meet the HRA self financing settlement. A half year review of all interest budgets has been undertaken and further savings are expected to accrue arising from the Treasury Management activity managed within the Accountancy Section. The effective use of internal borrowing has reduced the interest charges to the HRA by an estimated £0.039m for the first half year.

2.13 Summary

The net position at the half year point shows that the HRA has a net under spend of £0.196m. Some of this under spend will balance out as the year progresses and work is undertaken. Officers are now commencing the revised budget process for the HRA and detailed work will be undertaken on every budget line to assess the revised budget required and set the base budget for 2013/14. This work is coupled with detailed work on the HRA business plan that is being reviewed following the HRA reforms and the end of the Government Subsidy arrangements. In particular options to commence earlier than planned the repayment of the debt settlement and future capital investments plans financing requirements will be considered.

Capital Investment Programme

2.14 Capital Expenditure and Resources

The second quarter monitoring position in respect of the Capital Programme is provided in **Appendix 4** to this report.

The Appendix is also split into 2 sections the first section shows the Housing Revenue Account Capital Schemes and the second section the General Fund Capital Schemes.

2.15 Housing Revenue Account – Capital

The variance column (7) shows that the programme is behind the profiled budget by £0.655m at the end of the second quarter. A detailed review and re-profiling exercise is planned for November that will look at all the individual HRA capital schemes. The current programme is fully financed for the year and there are no issues to report to Members at this stage.

2.16 General Fund – Capital

The monitoring statement shows the General Fund capital programme for 2012/13 (£14.397m) and the actual expenditure and commitments against the profiled budget. At the end of the second quarter the monitoring statement shows that £6.723m has been spent or committed which is £0.316m below the profiled budget. The financing of the programme at the end of the second quarter shows that £4.500m of prudential borrowing is required; no external borrowing has been undertaken i.e. internal Council balances and cash flow balances have been utilised.

2.17 It is now clear that there will be a delay in the concluding some key asset sales which means there is likely to be a shortfall of capital receipts available to finance the current year capital programme. This will require that further prudential borrowing will be undertaken during the second half year to cover the financing of the capital programme until the receipts are received. Once the receipts are received the prudential borrowing will be repaid.

2.18 Summary

The Capital Programme is currently progressing in line with the approved budgets for 2012/13. The delay in capital receipts means that the Council will need to undertake some prudential borrowing over the short term to cover the financing requirements of the programme.

Treasury Management

2.19 A brief report on the treasury management activity during the first half year is shown as **Appendix 5**. The impact of the current borrowing strategy has been reported in both the HRA and General Fund sections of this report. There are no other significant issues to report.

Under the CIPFA Code of Practice a detailed half year monitoring report in respect of Treasury Management has been reported to Council.

Risk Management

- 2.20 The issue of Financial Risks is covered throughout the report. In addition, however, it should be noted that the risk of not achieving a balanced budget is outlined as a key risk within the Council's Strategic Risk Register. While officers are of the view that these risks are being appropriately managed it needs to be recognised that there are pressures on all of the Council's main budgets and that an overspend of £0.107m is reported as the position at 30 September 2012.

IMPLICATIONS

Financial: Financial implications are covered in the relevant sections throughout this report.

Legal: The Council has a responsibility to operate within the context of a balanced budget

Human Resources: None

RECOMMENDATION

That the Executive notes the report on the position on the Council's budgets at the end of the second quarter of the 2012/13 financial year and the Treasury Management activity for the same period.

REASON FOR DECISION TO BE GIVEN IN ACCORDANCE WITH THE CONSTITUTION.

To inform Executive of the position on the Council's budgets at the end of the second quarter of the 2012/13 financial year and the Treasury Management activity for the same period.

APPENDIX 5

Treasury Management

Activity during first six months of 2012/13

Investments

Investments during the period are summarised in the table below:

	Santander	Bank of Scotland	Money Market Fund	Landisbanki	Total
	£000	£000	£000	£000	£000
Opening balance	3,200	0	0	3,000	6,200
Investments made in the period	3,200	23,800	11,000		38,000
Withdrawals / transfers in the period	(3,200)	(22,500)	(8,000)		(33,700)
Investments maturing during the period	(3,200)				(3,200)
Closing Balance	0	1,300	3,000	3,000	7,300

The investments have been made in accordance with the Council's Treasury Management Strategy.

The Council remains a creditor for its investments in Landisbanki. The latest updates associated with this are:

- A partial payment of £388,663.41 was received on the 29/05/2012

The performance of the investments in the first six months is shown below. Please note this excludes the interest being accrued on the Iceland Investment:

	2nd Quarter
Interest generated	£16,103.24
Average rate of interest	0.54%
Bank of England base rate	0.50%

Interest rates offered by most institutions remain very low.

Borrowing

Long Term

No PWLB borrowing has been undertaken in the first six months of 2012/13. The overall Public Works Loans Board debt therefore remains at £107.100m.

Parish Councils are able to investments their available cash balances with the Council. This has to be treated as borrowing by the Council and at the end of September 2012 a sum of £362,155 is borrowed.

Short Term

No short term temporary borrowing has been undertaken in the first half year.

Interest Charges

Officers continue to utilise available internal balances, reserves and positive cash flows as a means to finance capital expenditure. This has the impact of reducing sums available for investments but also reduces the need for external borrowing. The interest rate the Council receives on investments is around 0.54% whereas external borrowing over the medium term attracts interest charges of around 3.25%. Avoiding the external borrowing interest rates at the expense of investment income saves the Council around 2.71% (3.25% less 0.54%) which for every £1m equates to interest saved of £27,100 per year.

Compliance with Treasury Limits

During the first six months the Council continued to operate within the treasury limits set out in the Borrowing and Investment Strategy.

	Approved Amount	Actual
Authorised Borrowing Limit	£132,115,000	£107,462,000
Operational Boundary	£127,155.000	£107,462,000

The Council is significantly below these limits so is now in the process of lowering the control totals. This recommendation is contained in the half year Treasury Management report to Council.

EXECUTIVE

Minutes of a meeting of the Executive of Bolsover District Council held in Committee Room One, Sherwood Lodge, Bolsover, on Monday 22nd October 2012 at 1000 hours.

PRESENT:-

Members:-

Councillor A. F. Tomlinson – In the Chair

Councillors K. Bowman, D. Kelly, D. McGregor, B.R. Murray-Carr (to minute no. 540) and A.M. Syrett.

Officers:-

W. Lumley (Chief Executive Officer), P. Hackett (Director of Health and Well Being), B. Mason (Director of Corporate Resources), S.E.A. Sternberg (Solicitor to the Council), J. Fieldsend (Senior Principal Solicitor), M. Connley (Special Projects Officer – Leisure), L. Khella (Consultant Programme Manager) (to minute no. 539), J. Clayton (Partnership Funding, Research and Appraisals Manager) (to minute no. 539) and R. Leadbeater (Democratic Services Officer).

534. APOLOGY

An apology for absence was received on behalf of Councillor E. Watts.

535. URGENT ITEMS OF BUSINESS

There were no urgent items of business.

536. DECLARATIONS OF INTEREST

Minute No.	Member	
541.	B.R. Murray-Carr	Significant Non Statutory

EXECUTIVE

537. MINUTES – 24TH SEPTEMBER 2012

Moved by Councillor D. Kelly, seconded by Councillor D. McGregor

RESOLVED that the minutes of a meeting of the Executive held on 24th September 2012 be approved as a true record.

538. NATIONAL OFFENDER MANAGEMENT SERVICES (NOMS) FUNDING OPPORTUNITY TO CREATE A SOCIAL ENTERPRISE

The Consultant Programme Manager presented the report to seek Executive approval in respect of a proposal to source funding from the National Offender Management Service. The aim was to create a social enterprise which would support local offenders and disadvantaged people residing within Bolsover, Chesterfield and North East Derbyshire in gaining employment and skills. Bolsover District Council had submitted an expression of interest to secure £50,000 of funding to develop a legally constituted partnership to deliver employment related support in the local area. The first stage of the application process had been successful and a more detailed proposal was required to be submitted by the end of October 2012.

The role of the social enterprise would be to perform a support function to increase funding into the area, which would be used by partner organisations to deliver support to those groups facing the greatest barriers to accessing employment.

In response to questions from Members, the Consultant Programme Manager advised that there were approximately 150 to 180 ex-offenders residing in the area that would be amongst those people likely to benefit from the scheme. Further questions were raised in respect of assistance available to other disadvantaged groups such as the disabled and homeless. Members were advised that the project was still in a very early stage and individual schemes and beneficiaries were not yet identified. It was added that the social enterprise would not focus on the delivery of schemes or attempt to duplicate work undertaken by other agencies but would work with partners to attract funding into the area for specialist organisations to deliver.

Questions were raised as to whether the management team that would be responsible for delivering the social enterprise had been identified. The Consultant Programme Manager responded that a formal procurement process would likely be undertaken for this purpose.

Members were pleased to support the creation of the social enterprise.

EXECUTIVE

Moved by Councillor A.F. Tomlinson, seconded by Councillor D. Kelly

RESOLVED that (1) Executive notes and supports the proposal to seek funding from the National Offender Management Service to create a social enterprise which will support local disadvantaged people residing within Bolsover, Chesterfield and North East Derbyshire to gain employment.

(2) a reporting mechanism is implemented to keep Members/Officers abreast of developments regarding the social enterprise should the application for funding to NOMS be successful.

REASON FOR DECISION : **Supporting positive outcomes for disadvantaged groups by increasing access to funding opportunities.**

(Consultant Programme Manager)

The Consultant Programme Manager and Partnership Funding, Research and Appraisals Manager left the meeting.

539. COMMUNITY RIGHT TO CHALLENGE

The Solicitor to the Council presented the report to advise Members of the provisions contained within the Localism Act 2011, known as the Community Right to Challenge, which enabled relevant bodies to submit an expression of interest for the running of Council services. This included most Council provided services.

The relevant bodies permitted to submit an expression of interest were defined in the Act as:

- A parish council;
- A voluntary body;
- A community body;
- A body or trust established for charitable purposes;
- Two or more employees of the authority, whether or not they have formed themselves into a body for this purpose, or
- Such other persons or bodies as may be specified by the Secretary of State by regulations.

Members were advised that services provided in partnership with the NHS, those services providing health or social care for complex needs, or statutory powers

EXECUTIVE

such as Council Tax setting, were excluded from the Community Right to Challenge.

The Solicitor to the Council advised that there was no requirement for a relevant body to have a local connection and an expression of interest could be submitted in partnership with another organisation, including a commercial organisation or sub-contractor arrangement.

The information and qualifications required for submitting an expression of interest were outlined in the report along with the process that the Council would follow to validate and accept it and carry out a formal tender process. Expressions of Interest would be required to demonstrate best value and promote or improve the social, economic or environmental well-being of the area. Services that were currently provided jointly with other authorities could also be subject to Community Right to Challenge.

Members raised questions in respect of the process and implications of a Community Right to Challenge to which the Solicitor to the Council responded. Concerns were raised in respect of the potential increased costs brought about by additional procurement exercises and that commercial organisations would be permitted to tender for services through affiliation with permitted relevant bodies.

Moved by Councillor D. McGregor, seconded by Councillor D. Kelly

RESOLVED that (1) the Executive designate 1–21 August of each year as the time period during which the Council will receive expressions of interest for Council services other than those provided jointly with other authorities.

(2) the Executive appoint the Monitoring Officer as proper officer for the purposes of the Community Right to Challenge and recommend to Standards Committee the inclusion of this in the Delegation Scheme in the Constitution.

(3) the Executive authorise the Monitoring Officer to acknowledge expressions of interest for Council services other than those provided jointly with other authorities by 31 August of the year in which the expression of interest is made and advise the relevant body that has made the submission that a decision on whether to accept or reject their expression of interest will be made between 1 September and 31 October of the same year.

(4) once the Monitoring Officer, as proper officer, has undertaken a review of an expression of interest, a report be brought to the Executive at the earliest opportunity for members to decide whether or not to accept or reject the expression of interest. Where the decision is to reject the expression of interest this will include at least one of the statutory grounds for refusal set out in

EXECUTIVE

paragraph 3.13 of the original Executive report. Where the decision is to approve the expression of interest the procurement exercise will commence between 1 and 30 November of the year in which the expression of interest is made.

(5) for the purposes of the legislation, the minimum period to elapse between the date of the Council's decision to accept an expression of interest and the date on which the procurement exercise will start be two days and the maximum period be 91 days. The maximum period to elapse between the date on which the Council receives an expression of interest submitted by a relevant body and the date on which it notifies the relevant body of its decision in respect of the expression of interest be 92 days.

(6) a report setting out timescales for those Council services currently provided jointly with other authorities be brought back to a future meeting of Executive.

(7) current contracts with third parties be advertised on the Council's website for the purposes of the Community Right to Challenge 6 months before the end of the contract.

(8) the Monitoring Officer be given delegated authority to vary the timescales in paragraphs 1 to 5 above, following consultation with the Leader of the Council.

(9) the timescales given in paragraphs 1 to 4 be publicised on the Council's website and be subject to review in 12 months' time.

REASON FOR DECISION: **This is new legislation which needs to be implemented and a process put in place.**

(Solicitor to the Council/Head of Democratic Services)

540. THE LOCAL GOVERNMENT (ACCESS TO INFORMATION) ACT 1985

Moved by Councillor K. Bowman, seconded by Council A. Syrett

RESOLVED that under Section 100(A)(4) of the Local Government Act 1972 (as amended), the public be excluded from the meeting for the following item of business on the grounds that it involves the likely disclosure of exempt information as defined in the stated Paragraph of Part 1 of Schedule 12A of the Act and it is not in the public interest for that to be revealed.

EXECUTIVE

Councillor B.R. Murray Carr declared a Significant Non Statutory interest in the following item and left the meeting.

541. SHIREBROOK MODEL VILLAGE SPORTS GROUND – DISPOSAL OF CHANGING PAVILION AND LEASE OF FACILITY TO SPORTS CLUBS – EXEMPT PARAGRAPH 3

The Portfolio Holder for Social Inclusion presented the report to seek Executive approval of proposals for the future management and maintenance of Shirebrook Model Village Sports ground, including disposal of the changing pavilion to Shirebrook Town Council and lease of the facility to local sports clubs.

The Director of Health and Well Being and Special Projects Officer provided further detail in respect of the ownership and trusteeship of the site which had been a complex and long standing issue. Members were advised that agreement of the proposals would provide the best achievable outcome for both the Council and existing users of the facilities.

Members supported the principle of the proposals, however concerns were raised with regard to the £5,000 to be provided annually by Bolsover District Council in respect of maintenance of the site. The Director of Health and Well Being advised that the Council had a legal obligation to maintain the site as trustee but suggested that this issue could be re-visited at a future date.

At the request of the Chair, a minor amendment was made to recommendation 4 to state that the £5,000 per annum would be provided from existing Leisure Services budgets.

Moved by Councillor A. Syrett, seconded by Councillor K. Bowman

RESOLVED that (1) Bolsover District Council remains as Trustee of Shirebrook Model Village Recreation Ground Welfare Scheme (Registered Charity No. 520506).

(2) 25 year leases be granted to Shirebrook Cricket Club and Shirebrook Rangers on terms to be agreed by the Assistant Director of Leisure in consultation with the Solicitor to the Council.

(3) disposal of the existing changing pavilion to Shirebrook Town Council to be relocated from Shirebrook Model Village Sports Ground to Coronation Drive Recreation Ground, subject to the resolution of the land ownership issue and the granting of leases to Shirebrook Cricket Club and Shirebrook Rangers Football Club be approved.

EXECUTIVE

(4) a budget of £5,000 per annum be established from existing Leisure Services' budgets for Shirebrook Model Village Recreation Ground to cover costs associated with the ongoing maintenance of the site by existing volunteers.

REASON FOR DECISION: **In order to allow the development of land for the provision of sport, recreation and community facilities.**

(Director of Health and Well Being)

The meeting concluded at 1104 hours.

Sherwood Lodge
Bolsover
Derbyshire
S44 6NF

EXECUTIVE

19th November 2012

The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012

Notice of Intention to Conduct Business in Private

Notice is hereby given in accordance with Regulation 5 of the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 that the following items are likely to be considered in private:

CCTV – TENDER FOR MONITORING ARRANGEMENTS

The reason that the above item is likely to be considered in private is that it may involve the disclosure of information relating to the financial or business affairs of any particular person (including the authority holding that information).

ORGANIC WASTE COLLECTION (GREEN BIN) ARKWRIGHT AGREEMENT

The reason that the above item is likely to be considered in private is that it may involve the disclosure of information relating to the financial or business affairs of any particular person (including the authority holding that information).

The Council has received no representations requesting that these items be considered in public.

W. Lumley BSc, FCCA,
Chief Executive Officer
9th November 2012
