

Committee:	Executive	Agenda Item No.:	13
Date:	14 th May 2013	Status	Open
Subject:	Strategic Risk Register		
Report by:	Director Corporate Resources		
Other Officers Involved	Business Risk Group		
Director	Director of Resources		
Relevant Portfolio Holder	Councillor E. Watts, Leader of the Council.		

RELEVANT CORPORATE AIMS

STRATEGIC ORGANISATIONAL DEVELOPMENT – to continually improve the efficiency and effectiveness of all Council Services by maximising the potential use of Council resources.

TARGETS

All.

VALUE FOR MONEY

Risk Management arrangements are a key part of the Council's Governance arrangements which are necessary to secure value for money.

Background Information

The Council's Strategic Risk Register has been developed by the Risk Management Group to take into account the issues raised within the Master Risk Register which outlines the service or operational risks faced by the Council. The Risk Management Group has also given separate consideration to the Strategic Risks which face the organisation.

In addition to the work undertaken at the Business Risk Group the Council also considers the issue of Risk Management at the Quarterly Directorate meeting. This allows senior managers to have a greater level of input into the shaping of the Strategic Risk Register and into the wider issues of Risk Management. It also allows service Registers to be independently reviewed on a more regular basis than was achieved by periodic review at the Business Risk Group. Finally, this report will also be considered at a future meeting of the Council's Audit Committee.

In its approach to Risk Management the Council is seeking to secure a number of objectives and to operate in line with recognised best practice. In order to appreciate the importance of Risk Management it is useful to reiterate these objectives:

- To improve the way in which the Council manages its key risks so as to reduce the likelihood of them happening, and to mitigate their impact or magnitude in those cases where they do materialise. This is a key element in protecting service delivery arrangements, the financial position and the reputation of the Council.
- To strengthen the overall managerial approach of the Council. From a Governance perspective the effective operation of Risk Management is regarded as being a key element of the managerial framework operating within an authority.
- Effective Risk Management is a key component in ensuring that organisations are able to achieve their objectives, and that key projects proceed in line with plan.
- The identification of the risks attached to existing service delivery, or to a project or new initiative is important both to allow a fully informed decision to be made, and to ensure that all appropriate measures to mitigate (or reduce) the risk are in place from the outset.
- Finally, an appreciation of the risk environment within which the Council operates assists in determining an appropriate level of financial reserves for sound financial management, and ensures that the organisation has a better awareness of its overall risk exposure.

The Strategic Risk Register

The revised Strategic Risk Register as at 31 March 2013 is set out in **Appendix 1** for consideration and approval by Executive. The intention is that this review of the Register will secure the following objectives:

- Identify any newly emerging risks which need to be added to the Register and removing any risks that have been resolved. An on going review of the Strategic Risk Register ensures that a focus is maintained on current risks.
- Revising the Risk Register ensures that existing risks are reviewed, that appropriate mitigation remains in place, and where necessary risk assessment is revisited.
- The process also allows appropriate consideration to be given to the success of existing mitigation, and to the issue of whether any further mitigation is required.

- The Strategic Risk Register as set out in **Appendix 1** is structured so that those risks with the highest risk score are detailed first.

In overall terms a key element which emerges from the Strategic Risk Register is one of an ongoing requirement to maintain our current performance in respect of service delivery, performance and governance to local residents. The current position, however, needs to be maintained at a time when it will be increasingly necessary to manage the Council's finances in a more pro active way in order to ensure that our expenditure remains in line with the level of our resources at a time of declining financial support from central government. This is likely to entail some significant changes in the manner in which our services to local residents are delivered with the level of change required clearly having the potential to disrupt service provision with the associated risks that such disruption entails.

As part of the quarterly performance, finance and risk meetings the issue which was regarded as increasing in importance was that of managing the impact of welfare reform. There were a number of potential impacts arising from welfare reform which gave grounds for concern. These included the impact of welfare upon local residents with this Council possibly having to be proactive in developing and adapting its services to meeting emerging needs, the potential adverse impact upon key income streams such as Council House rents and Council Tax collection and also rising financial costs from increasing eligibility of local residents for benefit payments at a time when government grant support is effectively a fixed amount, or heavy demands upon budgets such as that for Discretionary Housing Payments. Officers are carefully monitoring the impact of welfare reform including its impact upon the Contact Centres, the Revenues and Benefits and Housing teams.

The Risk Management Group at its meeting on 1st May 2013 agreed that it is now timely to refresh the Council's Risk Strategy and it is planned that this piece of work will be completed – including the comments of the Audit Committee – by the time of the next quarterly report to Executive concerning the Strategic Risk Register. Once Executive has approved the revised Risk Strategy then it will be used as the basis for a training and awareness programme amongst both staff and Elected Members. As an interim awareness raising measure the Risk Management Group also indicated that it would be appropriate to forward the Strategic Risk Register as recommended within this report to the Budget Scrutiny Committee for its consideration.

Financial Implications

There are no additional financial implications arising out of this report at this stage. While where appropriate additional mitigation measures have been identified and implemented during the course of preparing the Strategic and Master Risk Registers, the cost of implementing this mitigation will be met from within previously agreed budgets.

Legal Aspects

There are no legal issues arising as a consequence of this report.

Risk Management Issues

Risk Management Issues are covered throughout the body of the main report.

Equalities Issues

There are no equalities issues arising directly out of this report.

Human Resource Implications

There are no Human Resource issues arising directly out of this report.

Recommendations

That Executive approves the Strategic Risk Register as at 31st March 2013 as set out in Appendix 1 to this report and request that an updated Register as at 30th June 2013 together with a revised Risk Strategy be brought back to a subsequent meeting of Executive for approval.
