Dear Mr Lumley

At the most recent meeting of Shirebrook Town Council certain issues were raised that require attention.

FOOTPATH 18 – SHIREBROOK

Local residents are becoming increasingly frustrated by the issues that they are facing on a daily basis in relation to the anti-social and criminal use of this footpath and have asked for our assistance in resolving these issues.

We at the Town Council have grave concerns for the welfare of local residents as result of the anti-social behaviour occurring along this path including drug use, and related paraphernalia, other waste and hazardous substances and the access this path allows to the rear of their properties has enabled thefts/burglaries.

Historically this path was well used by workers from Shirebrook Colliery, however it would now appear that the only users of the path are those using it for illegitimate reasons. We are therefore investigating the plausibility of this footpath being extinguished or redirected.

We would welcome your assistance with the progression of the above.

GRASS CUTTING SCHEDULE AND STANDARDS

We are receiving an increasing number of complaints in relation to the standard of grass cutting that is being delivered in Shirebrook. Whilst we appreciate that the weather has played a part in delays and frequency of cuts, Councillors still feel that better management and scheduling of grass cutting procedures need to be implemented to rectify current issues.

FIRES IN THE MODEL VILLAGE AREA

This is an ongoing and long standing problem that is becoming increasingly out of hand. The smoke from these fires drifting across the highway is a criminal offence and there are environmental issues due to the items being burned and the toxic fumes that they are emitting.

People are actually profiting from the acquisition of items for burning and at some point one of these fires are going to get out of control and cause damage to surrounding property or cause injury.

Thank you for taking the time to consider all of the above and I look forward to your comments at your earliest convenience.

In the meantime should you have any queries or if you require further information, then please do not hesitate to contact me.

Yours sincerely

Dear Mr. Lumley,

I am sending you a letter from my constituent [redacted] Sookholme Road,

Dear Mr Skinner,

Could you please help myself and other residents of Sookholme Road, Shirebrook [Names and addresses can be provided at any time they are required].

Directly behind our properties there is a footpath that for many years has been allowed to become overgrown and neglected. When the banking was built up behind the properties and sportworld came to Shirebrook some people that came to work there have been using the footpath since to cause anti - social behaviour. This includes:-

Drinking and shouting behind our properties, constantly,

Throwing used cans etc over onto our gardens,

Breaking into garages, outbuildings etc,

Eating and disgarding litter,

Urinating/soiling behind our properties, basically living there,

One occasion throwing a pitchfork over an approx. 6/8ft wall, with no regard for the people/dog on the other side,

Being used as a drop off point for things that I can only presume have been stolen from sportworld (judging by the number of empty boxes that are sometimes out there),

Items ,money being left in carrier bags then other people picking them up,

People taking photographs over 6/8ft high walls at the rear of our houses with no regard for our privacy.

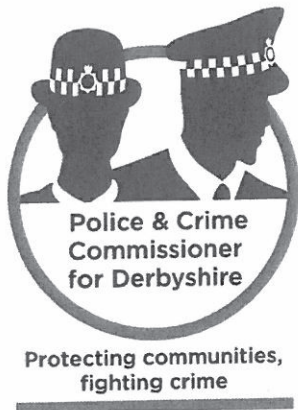

These are some of the many things that are happening over what seems like an endless timescale. We all report these as we have been told to many times by our local councillor Mr Brian Murray Carr, the local PSCO's, and the local sergent here at Shirebrook. This must therefore mean that numerous police man hours are used on matters like this. (I would go as far as to say it is harassment).

At one stage Mr Murray Carr suggested that there was a possibility that the footpath be gated off for residents use only, to gain access to properties/garages. Two other entry/exit sites to footpath 28 have already had large concrete pipes put over them and been allowed to

become or nearly become on one of them totally impassable, by whom I am unsure. Surely if it can be done (and obviously the council have no objections as this has been done at two other entry/exit sites), then WHY can something not be done at the other end behind us, to stop all this anti social behaviour, wasting of police time/man hours and stress to us all.
Please could you help?

Dear Mr Fieldsend,

Public Space Protection Order: Footpath 18 off Sookholme Road, Shirebrook

I am writing to you in response to your letter of 13th July regarding the Council's intention to make a Public Space Protection Order under s59 & s64 of the Anti-Social Behaviour Crime & Policing Act 2014.

I am aware that there have been difficulties relating to anti-social behaviour in Shirebrook and understand that this is not a decision that the Council will be taking lightly but one that hopefully will significantly improve the lives of the residents local to Sookholme Road.

I am therefore supportive of your proposed course of action.

Yours sincerely,

Alan Charles
