

# New Bolsover Model Village Employment & Skills Report

November 2018 – June 2019

*Work  
Experience  
Placements*

598

*Young People  
Engaged*

\*The above outputs have been achieved from November 2018 – June 2019

## Young People Engaged

### Christmas Card Competition – New Bolsover Primary School, December 2009

We continue to work closely with New Bolsover Primary School. In December 2018 we supported a Christmas Card competition with the school, in which students were given the opportunity to design a Christmas card. The school chose a winning design in which the winning student received a voucher and their design was enlarged and included on the site hoarding. The design was also printed and delivered to residents of New Bolsover Model Village.

## Mock Interview Day January 2019 – The Bolsover School

On 24<sup>th</sup> January 2019 we supported at Year 10 Mock Interviews at The Bolsover School to support their industry day.

Mock interviews are a great activity to support young people to gain valuable interview skill ready for when they leave school.

## Easter Egg Competition April 2019 – New Bolsover Primary School, April 2019

During Easter 2019 we approached the school to get them to design Easter bonnets which would fit onto a hard hat. Every student in the school were involved and the teachers from the school chose a winner from each age group. They each received an Easter egg and had their photos taken on site with the construction workers on site.

## Work Experience

### Chesterfield College

We have developed an excellent relationship with Chesterfield College and have worked closely with them over the last few months to develop a work experience programme for a number of

their students to complete their work experience placements at New Bolsover Model Village.

Students from a number of trades including Brickwork and Joinery, were given the opportunity to learn valuable employability skills whilst on site.

The students were given careers talk and undertook Mock CSCS (Health & Safety) training and testing before coming on site.

In June 2019 we won **Chesterfield Colleges Work Experience Placement of the Year** for all of the students we have supported with work experience throughout the past year.

### Shirebrook Academy

On 8<sup>th</sup> July 2019, 2 students from Shirebrook Academy are attending work experience on site for a 2 week period. These students are being given the opportunity to see all the various trades working on site, to help them make a decision on which area of construction they would like to take up as a career.

## Summary of Work Experience

|                           |               |                      |
|---------------------------|---------------|----------------------|
| <b>1. Matt Richardson</b> | November 2018 | Chesterfield College |
| <b>2. Jack Jefferies</b>  | November 2018 | Chesterfield College |
| <b>3. Jack Provines</b>   | November 2018 | Chesterfield College |
| <b>4. Leighton Rose</b>   | March 2019    | Chesterfield College |
| <b>5. Jack Stafford</b>   | March 2019    | Chesterfield College |

### November 2018 Getting Green

In Nov and in conjunction with National Tree Week we planted 5 community fruit trees at the Pumpkin Patch, a community based allotment in which Woodhead's supports as part of the New Bolsover Model Village restoration project.

## March 2019 – Skills for the Future

The good work continues today, with the involvement of a Public History and Heritage Consultancy project with the University of Derby. A student from the University of Derby took time to interview tenants about wellbeing and benefits of the new refurbishments of the New Bolsover Model Village homes and how they have effected their lives for the better since the work has been carried out.

## Total Outputs Achieved to Date

| Output                           | Target | Achieved to Date |
|----------------------------------|--------|------------------|
| Students Engaged                 | 1940   | 2204             |
| New Directly Employed Local Jobs | 19     | 16               |
| Apprentice Starts                | 5      | 7                |
| Heritage Seminars                | 4      | 3                |
| Sustainability Seminars          | 2      | 2                |
| Work Experience Placements       | 30     | 21               |
