Bolsover District Council

Safety Committee

30th August 2018

Health and Safety Report – April 2018 to June 2018

Report of the Health and Safety Manager

This report is public

Purpose of the Report

- To provide an update on the Council's health and safety performance over the last quarter.
- To provide an update on the Council's health and safety aims and objectives and the progress made against realising these targets.
- To report on any significant health and safety accidents, incidents, enforcement activity or legislative changes which could adversely affect the council's risk exposure.

1 <u>Report Details</u>

1.1 Actions from Previous Meeting

There were no actions resulting from the previous meeting held on 31st May 2018.

1.2 Standard Report Items.

1.2.1 Employee Protection Register

During the reporting period six (6) names have been added to the employee protection register and one (1) removed. As a result the total number of entries now held on the register is fifty two (52). (As at 30th June)

 It has been suggested that workplace inspections should be undertaken of two new areas these being

- Council Vehicles
- > Non Communal Commercial Premises (i.e. Shirebrook Station)
- A view on this suggestion is sought from the Safety Committee.

Please note, the Workplace Inspection information has not been updated from the last report, the information will follow.

1.2.4 Near Miss/ Learning Events

There has been 1 near miss incident reported during the reporting period. This related to road traffic incidents were the 3rd party was at fault.

Ladder User	½ Day	0
Ladder Inspection	½ Day	0
Corporate Safety Induction	1 Hour	0
Scaffold Appreciation	1 day	34
Scaffold Inspection	1 day	12

1.2.5 Health and Safety Training

1.26 Health and Safety Issues Raised During the Quarter

Sun Safety

Due to the extremely high temperatures and long sunny days, Sun Safety awareness has been featured at the Depot to target Outdoor Workers. Information has been provided regarding the need to cover up and use sun cream.

There has also been an increase in flying insects so changes were made to Hi Visibility PPE for Streetscene as the orange Hi Vis is less attractive to insects than our standard issue yellow. This is still compliant for work in the Highways.

Lone Working and Personal Safety

Following the paper taken to Strategic Alliance Management Team on the 6th April 2018 by the Health and Safety Team outlining the potential risk from its lone working activities, a Lone Worker working group has been established. The first meeting was held on the 21st July with a second meeting scheduled for September. The group was asked to consider the individual Lone Working activities within their team and what risks they were exposed to and how.

The working group generated some debate and was a positive step forward to raising awareness of the issue and finding a solution or solutions to mitigate the risk to the organization. More information will be available for the 3rd Quarter Safety Committee meeting.

Risk Assessments and COSHH

The programme of updating the Authority's risk Assessments and COSHH procedures has been moved forward to lower risk service areas. Each has been asked to provide a register, or list, of current and required Risk Assessments. For COSHH, the departments have been asked to provide a register of the chemicals used, if an MSDS has been obtained and if a COSHH assessment is in place. This will give a full picture of the scope of work to be completed.

Car Parking at the Arc

Car parking continues to be a significant issue at the Arc with inappropriate parking creating a potential risk to the safety of building users particularly children and the elderly visiting the premise. A second near miss was reported in this quarter.

The actions currently proposed are as follows:

- The car park lining is expected to go ahead on the 19th May weather permitting. Inclusive of double yellow lines. Look left and right on the zebra crossing and extension of disabled bays.
- Extra low speed signage for the access road is also to be erected and has been ordered.
- A sign for pedestrians (staff) exiting the building onto the access road has also been ordered to make those leaving aware of the traffic that may be on the road.
- Quotes are currently being obtained for the inclusion of an access controlled barrier system onto the access road and the area be bollard and fenced off to prevent 'bumping' up the curbs ono the pedestrian area. Therefore only delivery's guided by leisure staff and staff given permission on their access card will be able to park down the access road. No parking will be allowed past the zebra crossing on the paved/grassed area other than in the 'service vehicle' bay. With the barrier and access control this will be easier to police.
- The current contact center bays will then be converted into a coach parking with raised curb and bollards to prevent other cars parking in the area. Providing a safe drop off for school swimming classes and other groups.

The Property and Estate Department are currently looking at implementing a parking order to combat continued unsafe and disruptive parking should problems persist.

2 <u>Conclusions and Reasons for Recommendation</u>

All Items – It is recommended that the Committee consider and note the information provided.

3 <u>Consultation and Equality Impact</u>

The report is formally reviewed at the health and safety pre-meeting held prior to the main safety committee when any issues requiring further consultation or that may have an impact on equality related issues will be identified and appropriate measures put in place to address them.

4 <u>Alternative Options and Reasons for Rejection</u>

Not applicable for this report.

5 <u>Implications</u>

5.1 <u>Finance and Risk Implications</u>

It is not envisaged that there is any significant financial implications connected with this report other than the expenditure required to provide the external training identified in the health and safety action plan however this has already been allowed for in the overall health and safety training budget.

5.2 Legal Implications including Data Protection

The report and the actions contained within should not have any legal implications on the authority other than reducing the risk exposure of the Authority as a result of providing additional training for its staff and ensuring statutory requirements are fully complied with.

5.3 <u>Human Resources Implications</u>

It is not envisaged that there will be any human resources implications as a result of this report other than the potential up skilling of staff as a result of them attending relevant training.

6 <u>Recommendations</u>

It is recommended that the committee consider and note the information provided.

7 <u>Decision Information</u>

Is the decision a Key Decision? (A Key Decision is one which results in income or expenditure to the Council of £50,000 or more or which has a significant impact on two or more District wards)	No
District Wards Affected
