- 1.1 Figure 1 shows a summary of sickness absence levels within Bolsover District Council for the months January – March 2024.
- 1.2 Absence for the Senior Managers Group is shown as 50% of the total absence for Joint Senior Managers as this is split with Bolsover/NE Derbyshire District Councils. For other employees the absences included are for the employing authority only.
- 1.3 **The average number of days lost per employee for Quarter 4 was 2.44 days.**
- 1.4 **The 2023/24 actual outturn figure for the average number of days lost per employee is 8.98 days.**

2. Details of Proposal or Information

2.1 Tables 1, 2 and 3 in Appendix 1 detail the key patterns and trends being experienced corporately in relation to sickness absence.

2.2 Key Trends

- The overall average days lost due to sickness in Quarter 4 was 2.44, this has increased from Quarter 3 and is the highest quarter of the year in terms of average days lost, however the figure is lower than Q4 in 2022/3.
- There is a direct correlation between employees undertaking physically demanding work and high levels of sickness. This is reinforced by Muscular/Skeletal absences regularly being in the top three reasons for sickness absence.
- 3 Services experienced zero sickness in Quarter 4 and a further 4 Services experienced less than 1 day per FTE employee.
- Stress/Depression has remained in the top three reasons for absence since Quarter of 2019/20.
- There were 13 cases of absence due to Stress/Depression during Quarter 4, 6 of which were work related, and 7 were none work related.
- Covid19 accounted for 5 days lost due to sickness in Quarter 4 in comparison to 64 days lost in Quarter 3.
- There are 15 long term cases in this quarter. 10 are due to physical health ailments and 5 cases are related to stress/depression (3 of which are/were work related). Appropriate support and assistance is being provided to facilitate support for those who have returned to work and those planning to do so. 8 Employees have now returned to work, 7 remain absent (2 of which, the Council is pursuing the Ill Health Retirement route).

Actions

2.3 Managers have support from the HR Advisor and are issued monthly sickness absence information. Managers are also able to access sickness information for their teams on a daily basis via HR21 Self Service.

2.4 Steps the Council has taken to support employees include:

- Mental Health awareness sessions are now available 'on demand' for all employees via Eric and have previously been delivered across the Council as part of the Council's quarterly corporate training programme.
- Awareness training explains that colleagues and managers are not specialists in mental health and their role is to listen to employees and signpost them to appropriate support.
- Mental Health awareness initiatives and possible support is continually publicised via Eric and the weekly bulletin. Recent examples of which include:
 - the Mental Health Map, which features all the pathways and support options available in Derbyshire.
 - Mental Health Awareness week – promoting the available guidance and support available.
 - SHOUT – an organisation which provides 24/7 confidential support to anyone struggling to cope.

- Cycle to Work Scheme is also available to encourage health and wellbeing and to address carbon emissions, the number of employees who have subscribed during 2023/24 are 2.
- The number of Employees subscribing to the Gym during 2023/24 are 63.
- Managers and Employees have accessed Occupational Health, Counselling, Physiotherapy, the Council's Employee Assistance Programme and other support.
- Employees are signposted to incentives which are available via Leisure i.e.:
 - To encourage health and wellbeing staff can take up membership for Go! Active which includes gym, swim and classes for only £15 per month.
 - There is a Health Referral Programme (Physical Activity & Lifestyle Support) which is available, all employees can access the Bolsover Wellness Programme if they meet the criteria. This is a programme aimed at changing behaviours and finding solutions to assist people facing daily challenges resulting in a concentrated approach regarding service users health and wellbeing.
