Also in attendance at the meeting, observing, was Councillor Donna Hales, Deputy Leader of the Council.

CS40-24/25 URGENT ITEMS OF BUSINESS

CS41-24/25 DECLARATIONS OF INTEREST

There were no declarations of interest made.

CS42-24/25 MINUTES

To a question on minute number CS36-24/25 (Housing Strategy 2024-2029: Final Draft), the Assistant Director of Housing Management & Enforcement informed it was intended to provide feedback on this at the next meeting.

Moved by Councillor Phil Smith and seconded by Councillor Vicky Waplington

RESOLVED that the Minutes of a Customer Services Scrutiny Committee held on 18th November 2024 be approved as a true and correct record.

CS43-24/25 LIST OF KEY DECISIONS AND ITEMS TO BE CONSIDERED IN PRIVATE

The Committee considered the updated List of Key Decisions and Items provided at the meeting.

CUSTOMER SERVICES SCRUTINY COMMITTEE

RESOLVED that the List of Key Decisions and Items to be Considered in Private document be noted.

CS44-24/25 UNREASONABLE BEHAVIOUR POLICY

The Customer Services Manager presented the report to the Committee.

The draft policy and procedure was aimed at providing the following framework:

- To identify what might be classed as an unreasonable complaint or contact from a customer;
- To manage the Council's limited resources to help ensure that customers had access to limited resources in a proportionate way to the issues being raised;
- To set out openly how the Council handled unreasonable complaints or customers (what steps would be taken if action was required and who could authorise such actions);
- Which the Council could provide to customers where this policy and procedure was applied so that customers could understand the process (this may help manage individual expectations and behaviours).

The Council aimed to deal with complaints and customers in a way which was fair and impartial. On occasion, customers could behave unreasonably or make unreasonable complaints.

Unreasonable customers or complaints could hinder the proper consideration of their cases and could delay consideration of other cases. They could also have significant resource implications for the Council.

The Council did not expect staff to suffer behaviour or complaints by customers which was / were unreasonable in content, tone or persistence. In appropriate circumstances, the Council would take proportionate action to protect the wellbeing of staff, Members and contractors, and the integrity of its processes and limited resources.

When considering the draft policy and procedure, the Council had regard to other relevant policies and procedures including:

- The Customer Service Code of Practice and Standards;
- The Complaints, Comments and Compliments Policy;
- The Equality and Diversity Policy;
- The Physical aggressive customer behaviour – Violent Incident Report Form, for inclusion on the Employee Protection Register (EPR).

However, it was noted customers might act out of character due to factors outside of their and / or the Council's control (e.g., feeling anxious, facing relationship breakdown, experiencing financial difficulties, etc.). While it was important to protect staff, it was equally important to consider what customers might be facing.

It was reiterated the draft policy and procedure was a framework and not intended to be prescriptive (in rare situations customers could behave unreasonably or make unreasonable complaints – each case would need to be considered on its own facts).

CUSTOMER SERVICES SCRUTINY COMMITTEE

It was anticipated the policy would be invoked in only 'extreme' cases. The draft policy and procedure framework was attached at Appendix 1.

The Deputy Leader of the Council was pleased to see the Committee had been ahead of the curve regarding staff and Member safety, sharing the policy fit in well with the Committee's current review work on security at The Arc.

A Member noted the framework would have been very difficult to write to ensure staff were protected and customers (who might be in a situation out of their control) were equally given the benefit of the doubt.

The Customer Services Manager informed the Information, Engagement and Performance Manager had approved the draft template letter from an equalities perspective, and the Health & Safety Manager and Service Managers Forum had been consulted as part of the development of the framework.

The main telephonic recorded message would be updated to incorporate a message reflecting the policy (i.e. to treat staff with courtesy and respect when spoken to).

A Member noted the framework was very good and comprehensive; it had been correct to consider any reasonable adjustment that could be made for some customers experiencing challenging situations.

Moved by Councillor Phil Smith and seconded by Councillor Louise Fox

RESOLVED that Members review the attached Policy and Procedure on the Management of Unreasonable Complaints or Customers and provide comments for consideration as part of the development of the Policy in advance of formal Executive approval and implementation.

Approved by Councillor Mary Dooley, Portfolio Holder for Customer Services

The Customer Services Manager left the meeting.

CS45-24/25 THE ELECTRICAL SAFETY POLICY

The Assistant Director of Housing Management & Enforcement presented the first report of two policies to the Committee.

The Safety and Quality Standard required landlords to provide good quality homes and landlord services to tenants. The main compliance areas were:

- Fire safety: Ensuring properties are safe from fire;
- Gas safety: Ensuring properties are safe from gas;
- Electrical safety: Ensuring properties are safe from electrical hazards;
- Lift safety: Ensuring lifts are safe to use;
- Asbestos management: Ensuring properties are safe from asbestos;
- Legionella: Ensuring properties are safe from legionella bacteria.

CUSTOMER SERVICES SCRUTINY COMMITTEE

The Council reported on the compliance of all the above areas as part of the annual Tenant Satisfaction Measures. Quarterly updates were then provided to the Housing Liaison Board and Housing Stock Management Group.

The produced Electrical Safety Policy 2025-2028 (the 'Policy') was attached at Appendix 1.

The Policy went into detail on how the Council would meet legal obligations (e.g., qualified electricians and contractors would carry out five yearly electrical installation inspections and tests to all Council owned properties).

The Policy also set out how the Council would monitor and report on the performance of the legal requirements, including an escalation process for when there was noncompliance.

To a question on the six main compliance areas and the lack of a policy focussing on damp / mould, the Assistant Director of Housing Management & Enforcement informed such a policy was being drafted – Awaab's Law would also ensure when instances of damp / mould were reported, all social and private landlords would need to legally respond within a new defined timeframe.

The draft policy on this matter would be brought to a future meeting.

The Assistant Director of Housing Management & Enforcement reiterated that for the six main compliance areas, Gas and Electrical safety was what tenants were most aware of and so these were the policies currently prioritised.

To a question on the management of asbestos in Council owned properties, the Assistant Director of Housing Management & Enforcement explained legislation was already in place and that for any property which became void (available), a full asbestos survey investigation would take place.

Following the meeting, it was confirmed by the Assistant Director of Housing Management that if asbestos was found, deemed to be in a poor condition and / or was affecting the works required to get the property to a lettable standard, it was removed by the Council's approved contactor (European Asbestos). This was then recorded on an Asbestos portal managed by the Health and Safety team.

A brief discussion on the liability of work when it needed to be undertaken was held. The Assistant Director of Housing Management & Enforcement informed, post meeting, that the Council was responsible for ensuring compliance, but necessary checks would be managed by Dragonfly Management (Bolsover) Ltd. (work could subcontracted by them to trained and competent contractors with the necessary certificates then provided).

Moved by Councillor Phil Smith and seconded by Councillor Vicky Waplington

RESOLVED that Members review the attached Electrical Compliance Policy and provide comments for consideration as part of the development of the Policy in advance of formal Executive approval and implementation.

Approved by Councillor Sandra Peake, Portfolio Holder for Housing

CUSTOMER SERVICES SCRUTINY COMMITTEE

CS46-24/25 THE GAS AND HEATING COMPLIANCE POLICY

The Assistant Director of Housing Management & Enforcement presented the report to the Committee.

As explained in the previous item, the Safety and Quality Standard required landlords to provide good quality homes and landlord services to tenants.

The produced Gas and Heating Compliance Policy 2025-2028 (the 'Policy') was attached at Appendix 1.

While not necessary, the Policy would also include other heating systems like air source heat pumps and solid fuel boilers.

The Council, via Dragonfly Management (Bolsover) Ltd., would undertake duties including:

- Carrying out an annual gas safety check to all properties with a gas supply, irrespective of whether the gas was connected or not;
- Ensuring that copies of all landlord's gas safety records (LGSRs) / certificates were provided to residents or displayed in a common area within 28 days of completion; and,
- Capping off gas supplies to all properties when the property become void. This would be completed by the end of the next working day.

The Policy went into further detail on how the Council would meet the legal obligations (e.g., qualified electricians and contractors would carry out five yearly electrical installation inspections and tests to all Council owned properties).

The Policy also set out how the Council would monitor and report on the performance of the legal requirements as exemplified above, including an escalation process for when there was noncompliance (to ensure the safety of residents).

The Council reported on the compliance of all the above areas as part of the annual Tenant Satisfaction Measures. Quarterly updates were provided to the Housing Liaison Board and Housing Stock Management Group.

To a question on the checks being carried out every 12 months, the Assistant Director of Housing Management & Enforcement explained the Council would always attempt to organise and carry out checks with 2 months spare (to enable enforcement measures if required). This tended to result in the Council carrying out these checks at around the 11 month mark.

To a question on the noncompliance of tenants, the Assistant Director of Housing Management & Enforcement informed that for 2023/24, the Council had achieved 99.1% compliance. When inspections had not been carried out within 12 months, the Council had to show the regulator what it intended to do to correct this (this was why checks were now organised with 2 months spare).

For the tenants where injunctions had to be repeatedly utilised every year, instead of seeking injunctions every time, the Council would seek an injunction to allow access for this reason for a longer period to prevent repeated applications and costs. Any tenant

CUSTOMER SERVICES SCRUTINY COMMITTEE

who failed to allow access after an injunction would be found in contempt of court.

The Assistant Director of Housing Management & Enforcement was optimistic that for 2024/25, the Council would achieve 100% compliance.

Moved by Councillor Vicky Waplington and seconded by Councillor Phil Smith
RESOVED that Members review the attached Gas and Heating Compliance Policy and provide comments for consideration as part of the development of the Policy in advance of formal Executive approval and implementation.

Approved by Councillor Sandra Peake, Portfolio Holder for Housing

The Assistant Director of Housing Management & Enforcement left the meeting.

CS47-24/25 REVIEW OF EFFECTIVENESS OF COUNCIL'S WASTE COLLECTION AND DISPOSAL EDUCATION - (POST SCRUTINY MONITORING UPDATE)

The Scrutiny Officer presented the report to the Committee.

The Committee had agreed to undertake a Review of Effectiveness of the Council's Waste Collection and Disposal Education (the 'Review') as part of the 2023/24 Work Programme.

This was the first 6 month interim report after submission to the Executive.

Attached at Appendix 1 was the Executive's response to the Review. Attached at Appendix 2 was the Post Scrutiny Monitoring Report.

The Committee had put together 11 recommendations: 2 had been completed; 2 extended to achieve; and 7 were on track.

Key achievements included:

- Publishing recycling-related content in InTouch magazine (including features on green bins, food waste, and clothing recycling);
- Successfully airing educational segments on Bolsover TV (covering topics like damaged bins and recycling statistics);
- Launching a bi-weekly e-newsletter that included regular waste disposal education for residents;
- Uploading the burgundy bin diagram to the Council's website and introducing an A-Z guide on recyclable items; and,
- Creating animated recycling adverts for digital screens in market towns (to promote recycling awareness).

The reasons for the non-implementation of recommendations included:

- The redesign of the bin calendar and recycling guide was still under discussion with the new Assistant Director for Streetscene, Community Safety and

CUSTOMER SERVICES SCRUTINY COMMITTEE

Enforcement (leading to a reassessment of the design approach and a delayed timeline);

- Additional planning and consultations were required for several recommendations;
- Educational materials were still being finalised (with design and content undergoing review to ensure accessibility and clarity); and,
- Few schools had responded to offers for recycling education visits (hindering outreach efforts).

A further report would be provided in 6 months.

A Member stated the progress made was really positive. To a question on the efforts to attend schools, the Assistant Director for Streetscene, Community Safety and Enforcement noted other local authorities were experiencing the same issue with schools' time availability.

The Deputy Leader shared she was pleased the Assistant Director for Streetscene, Community Safety and Enforcement had been recruited and that while the leaflet designs had certainly improved, she felt they also possibly remained too busy. The Assistant Director for Streetscene, Community Safety and Enforcement agreed to coordinate with the Scrutiny Officer to see if further improvements to the leaflets could be made.

To a question on the future food waste bins being deployed in 2026, the Assistant Director for Streetscene, Community Safety and Enforcement informed that the food waste collection vehicles would arrive later in 2025 and that this already meant the Council was ahead of many other local authorities.

New documentation would be provided to inform customers of the new legislation – the Council would likely be able to hit the ground running when food waste started being collected.

To a further question on ensuring the correct disposal of food waste, the Assistant Director for Streetscene, Community Safety and Enforcement informed the enforcement of correct food waste disposal was being investigated. However, enforcement was costly in time and resources – it was better to educate and persuade customers first with documentation that was easy to understand.

To a question on the input of customers in the creation of the new documentation, the Deputy Leader noted legibility and style was important – the Council had multiple customer focus groups and one of these could be utilised to review the documentation.

The Committee briefly discussed the need to persuade customers on why it was important to collect food waste from both environmental and financial perspectives. It was also important to ensure customers knew the collection of food waste had been mandated by the UK National Government.

Finally, it was also important to use all the Council's communication channels to inform customers of the new recycling regime (e.g., Bolsover TV, InTouch magazine, etc.).

To a suggestion on quantifying the financial benefits of correct food waste collection, the Scrutiny Officer informed the Council's Communications team were working on such articles and going further than the Committees recommendations – customers could be as informed as the Council could hope to achieve.

CUSTOMER SERVICES SCRUTINY COMMITTEE

Moved by Councillor Amanda Davis and seconded by Councillor Vicky Waplington

RESOLVED that: 1) Scrutiny Members note the progress against the review recommendations;

- 2) Scrutiny Members acknowledge any exceptions to delivery and clarify the additional action required by the service;
- 3) Scrutiny Members make its report and findings public, in accordance with Part 4.5.17(4) of the Council's Constitution;
- 4) Officers continue to implement the recommendations and submit a further report in six months' time highlighting progress and any exceptions to delivery.

Approved by Councillor Anne Clarke, Portfolio Holder for Environment

CS48-24/25 CUSTOMER SERVICES SCRUTINY COMMITTEE WORK PROGRAMME 2024/25

The Scrutiny Officer presented the Work Programme 2024/25 attached at Appendix 1.

One Committee meeting remained in 2024/25, and the Domestic Abuse Policy had been moved to that meeting.

Moved by Councillor Louise Fox and seconded by Councillor Amanda Davis

RESOLVED that the work programme be noted.

The formal part of the meeting concluded at 10:42 hours and Members then met as a working party to continue their review work. The working party concluded at 11:20 hours.

Housing Domestic Abuse Policy

Report of the Portfolio Holder for Housing

Classification	This report is Public
Report By	Victoria Dawson, Assistant Director – Housing Management Joanne Wilson, Housing Strategy and Development Officer

PURPOSE / SUMMARY OF REPORT

- The purpose of this report is for Customer Services Scrutiny Committee to consider and feedback on the proposed Housing Domestic Abuse Policy. Committee’s comments will be considered prior to Executive approval of the policy.

REPORT DETAILS

1. Background

- 1.1 The Social Housing (Regulation) Act 2023 received Royal Assent in July 2023, and has introduced significant changes to the Social Housing Sector. It was introduced in order to improve the quality of social housing for tenants by tightening the regulations imposed on the social housing sector.
- 1.2 The Act has given increased powers to the Regulator of Social Housing to carry out inspections of Local Authority Registered Housing Providers, at least every four years to ensure they are meeting the consumer standards. The Regulator also has the power to issue unlimited fines to those that fall below the prescribed standard; fines of which, are uninsurable.
- 1.3 The Regulator for Social Housing has after a period of consultation, published its new set of consumer standards and regulatory approach to deliver a “well-governed social housing sector” which provides quality homes and services for tenants. These four standards are effective from 1st April 2024, and all Registered Providers will be expected to meet these.
 1. The Safety and Quality Standard
 2. The Transparency, Influence and Accountability Standard
 3. The Neighbourhood and Community Standard
 4. The Tenancy Standard

- 1.4 The **Neighbourhood and Community Standard** requires landlords to engage with other relevant parties so that tenants can live in safe and well-maintained neighbourhoods and feel safe in their homes. It also sets out that all Registered Providers must have a policy for how they recognise and effectively respond to cases of Domestic Abuse

2. Details of Proposal or Information

- 2.1 The proposed Domestic Abuse Policy set out how the Housing department, including Dragonfly Management acting on behalf of the Council, will tackle domestic abuse, support victims and survivors of domestic abuse and hold perpetrators to account.
- 2.2 We understand the serious and enduring impact which can be caused by domestic abuse. Therefore, identifying domestic abuse early and providing support to victims and survivors is a key priority for Housing. This will support us to prevent homelessness and improve the safety and wellbeing of residents.
- 2.3 The Policy explains the role of the Specialist Domestic Abuse Officer, who has expertise in this area and whose role is to work with and support victims and survivors of domestic abuse. It explains in detail and has an accompanying pathway flowchart as to how we will support Council tenants who are affected by Domestic Abuse. As well as how non-Council tenants approaching the Council for housing assistance due to domestic abuse are referred into the Housing Options Team for assistance.
- 2.4 The new policy does not propose any changes to the operational management of domestic abuse cases but does create a need for Domestic Abuse and Safeguarding training to be undertaken for some roles. This will include upon starting a position as well as regular training to ensure these skills and knowledge are maintained.
- 2.5 The Equality Impact Assessment (EIA) will be completed prior to formal approval and adoption of the Policy.

3. Reasons for Recommendation

- 3.1 The Council is required to produce a Housing Domestic Abuse Policy under the revised Consumer Standards.

4 Alternative Options and Reasons for Rejection

- 4.1 An alternative option would be not to adopt a Housing Domestic Abuse Policy, this is rejected due to the fact that the Council would not be fulfilling its regulatory requirements.

RECOMMENDATION(S)

1. That the Customer Services Scrutiny Committee note the proposed Housing Domestic Abuse Policy and provide comments for consideration in its further development.

1. Introduction

Domestic abuse is a complex crime which anyone can be affected by. The impact of it can last a lifetime, very often, across generations. Tragically, it sometimes leads to the loss of life.

Domestic abuse remains high on the national agenda with the Domestic Abuse Act becoming law in April 2021, extending the definition of Domestic Abuse to include children as victims and survivors. The Government is committed to raising awareness and understanding about the devastating and lasting impact of domestic abuse, further improving the effectiveness of the justice system in providing protection for victims of domestic abuse and bringing perpetrators to justice, as well as strengthening the support for victims and survivors of abuse by statutory agencies.

2. Policy Scope

This policy sets out how the Housing department will tackle domestic abuse, support victims and survivors of domestic abuse and hold perpetrators to account.

Dragonfly Management (Bolsover) Ltd, the Council's wholly owned company delivers the repairs and maintenance service on behalf of the Council. This policy applies to Dragonfly officers.

We understand the serious and enduring impact which can be caused by domestic abuse. Therefore, identifying domestic abuse early and providing support to victims and survivors is a key priority for Housing. This will support us to prevent homelessness and improve the safety and wellbeing of residents.

2.1 Defining domestic abuse

Bolsover District Council (BDC) Housing department adopts the Government's definition of domestic abuse in the [Domestic Abuse Act \(2021\)](#) and by the Domestic Abuse Housing Alliance (DAHA):

Any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass, but is not limited to, the following types of abuse:

- *Psychological / emotional – e.g. victim-blaming, name-calling, belittling*
- *Physical – e.g. hurting or threatening to hurt physically*
- *Sexual – e.g. forced to take part in unwanted, unsafe or degrading activity*

- *Economic – e.g. restricting finances / access to work, getting a victim into debt*
- *Coercive control – e.g. isolating, monitoring, threats, humiliation*

*The Act also recognises the impact of domestic abuse on those who are 'personally connected' and defines what is meant by this as:
“...intimate partners, ex-partners, family members or individuals who share parental responsibility for a child.”*

There is no requirement for the victim and perpetrator to live in the same household.

The Domestic Abuse Act 2021 recognises that a child who sees or hears, or experiences the effects of, domestic abuse and is related to the person being abused or the perpetrator is also to be regarded as a victim of domestic abuse.

Children living in households where domestic abuse occurs are recognised as victims of that abuse in their own right and our approach reflects this. The safety of all survivors is our priority, and we will inform statutory services where we believe that a child is harmed or at risk due to domestic violence.

We will also make appropriate safeguarding referrals in respect of any vulnerable adult who may also be impacted by the abuse.

3. Policy Principles

3.1 Our Vision

The Council is committed to the shared vision for Derby and Derbyshire that everyone can live safe lives, without the threat or experience of domestic abuse because it is not tolerated by our residents or our organisations.

3.2 Aims of Policy

The aims of the policy are identified below:

- Protecting victims and survivors of domestic abuse and preventing homelessness by providing safe and secure accommodation to Bolsover District Council tenants and those who approach the district for housing assistance.
- Promote early intervention through staff training and raising awareness to tackle domestic abuse and prevent further abuse and facilitate the necessary help and support for victims and survivors and their children
- Working in partnership to hold perpetrators to account for their actions in a way that is prompt, decisive and proportionate, with a focus on

- rehabilitation and maintaining the safety of the victim and survivor and their children;
- Support the delivery and embedment of DAHA's aims;

Our understanding of need and response to Domestic Abuse will be underpinned by:

- Listening to the voice of victims and survivors,
- Believing victims and survivors and acting protectively
- Learning from local Child Safeguarding Practice Reviews, Safeguarding Adult Reviews and Domestic Homicide Reviews and serious incidents.
- Recognising and responding to the pernicious emotional harm on individuals and communities that can lead to homicide or self-harm
- Empowering victims to make informed choices
- Challenging abusive behaviours of those causing harm
- Collaborating between agencies and with victims and survivors
- Understanding the under representation of certain groups in domestic and sexual abuse
- Being transparent in our decision making
- Being accountable to our communities
- Analysing available data, evidence, service standards and intelligence to improve our response
- Providing leadership to improve our co-operation, processes, maximising our resources and securing investment

A further driver to ensure we have a clear local policy in place is the Regulator of Social Housing's Consumer Standards. Under the Neighbourhood and Community Standard, outcome 1.4 relates to Domestic abuse. Registered providers of social housing must have a policy for how they recognise and effectively respond to cases of domestic abuse. Registered providers must also co-operate with appropriate local authority departments to support the local authority in meeting its duty to develop a strategy and commission services for victims of domestic abuse and their children within safe accommodation.

3.3 Bolsover Ambition 2024-2028

The Council's vision is to maximise our influence and opportunities within the East Midlands Combined County Authority to drive the continued delivery of excellent services, maximise local aspirations and drive economic prosperity for Bolsover District.

This Policy supports three of the four Aims of the Council's Ambition:

- Our **Customers** by providing excellent and accessible services
- Our **Housing** by delivering social and private sector housing growth

- *Building more, good quality, affordable housing, and being a decent landlord.*
- *Preventing and responding to homelessness through early intervention and personalised solutions.*
- Our **Environment** by protecting the quality of life for residents and businesses, meeting environmental challenges, and enhancing biodiversity.
 - *Ensuring all areas, neighbourhoods, and streets in the district, irrespective of housing tenure or type, are places where people want to live, feel safe, and are proud to live.*

There remains a consistently high demand for services and support and an increasing number of repeat referrals. From April 2023 the Council is also recording the number of cases where there is an element of Stalking behaviour present. The Council employs a Specialist Domestic Abuse Officer to support cases identified by both Tenancy Management and Housing Options teams.

3.4 Chartered Institute of Housing ‘Make a Stand’

This policy is integral to Bolsover District Council’s pledge to the Chartered Institute of Housing ‘Make a Stand’ campaign with our commitment to:

- Put in place and embed a policy to support residents who are affected by domestic abuse.
- Make information about national and local domestic abuse support services available on our website and in other appropriate places so that they are easily accessible for all residents and staff.
- Put in place or amend a policy to support members of staff who may be experiencing domestic abuse.
- Appoint a Champion at a senior level at Bolsover District Council to own the activity we are doing to support people experiencing domestic abuse.

3.5 Derbyshire County Council (DCC)

DCC are the lead commissioner of services across the county and set the wider policy framework for the area within the Derby and Derbyshire Domestic and Sexual Abuse Strategy 2023 – 2026, and the Derby and Derbyshire Domestic Abuse Support in Accommodation Strategy 2021-2024.

Derbyshire currently has the following support services available within the county for victims of Domestic Abuse:

- Independent Domestic Violence Advisor (IDVA) - Dedicated support for high risk victims of domestic abuse.
- Outreach support – individual support for medium risk victims of domestic abuse e.g. Elm Foundation
- Victim Support –support to low risk victims of domestic abuse.

- Multi Agency Risk Assessment Conference (MARAC)
- Specialist Domestic Violence Courts (SDVC)
- Hadhari Nari – Black & Minority Ethnic (BME) specialist service
- Lesbian, Gay, Bisexual & Transgender (LGBT) services
- Children’s services – commissioned by Derbyshire County Council to provide support to children experiencing domestic abuse.
- Derbyshire Domestic Abuse Helpline – 24 hour helpline
- Emergency accommodation for those fleeing domestic abuse.

4. Policy Statement and Service objectives

4.1 Identifying Cases of Domestic Abuse

People living in our council homes should not live in fear of violence or abuse. We will take seriously all incidents of domestic abuse; be they single or multiple in nature. We will treat reports of domestic abuse sensitively and confidentially.

Domestic abuse may come to the attention of staff through direct disclosures and by way of potential indicators such as a higher-than-average number of repairs, presenting as homeless or at risk of homelessness due to domestic abuse, abandoned properties, anti-social behaviour complaints and noise nuisance.

Housing and Dragonfly Management staff are well placed to recognise domestic abuse as abuse often takes place in the home environment. Housing staff should therefore be alert to recognise the signs and respond appropriately if someone experiencing abuse asks for advice and support.

The Housing department will raise awareness amongst staff and improve our ability to identify cases of abuse by:

- Providing training and briefings for all Housing and Dragonfly Management repairs staff on domestic abuse. This includes the mandatory domestic abuse training for all Bolsover District Council staff (via BDC Safeguarding training and DCC training on Domestic abuse);
- Ensuring all relevant housing staff will receive training on how to complete a ‘DASH’ Domestic Abuse Stalking and Honor based risk assessment and to make appropriate referrals following the assessment
- Ensuring all housing staff are familiar with the correct process for responding to victims and survivors who are at high risk of harm, including internal referrals to the Specialist Domestic Abuse Officer to make MARAC (Multi-agency Risk Assessment Conference) referrals
- Attending multi agency meetings to discuss cases of domestic abuse and to agree appropriate actions;

- Ensuring all housing staff are familiar with the correct process for making safeguarding referrals for children and adults at risk where appropriate;
- Dragonfly Management repairs administrators reviewing repairs case notes to identify red flag cases (e.g. damage to doors / windows and frequent lock changes), which may be potential indicators of domestic abuse or criminal damage. Repairs will alert Housing Management to conduct welfare checks on red flag cases;
- Maintenance staff and managers in Dragonfly Management repairs to identify households with a higher-than-average number and cost of repairs and alerting Housing Management to conduct welfare checks;
- Anti-social behaviour team investigating anti-social behaviour or noise complaints that may indicate domestic abuse and alerting Housing Management;
- Creating opportunities to disclose abuse during home visits or assessments either by Tenancy Management or Homeless Prevention. Prompting disclosure will only take place where it is safe to do so (e.g., where the suspected victim and survivor is alone);
- Investigating – through interviewing and asking questions - areas of concern and potential indicators of abuse within cases of people presenting either as homeless or at risk of being homeless (as a result of self-referral or otherwise), to the Homeless Prevention service.

There are multiple and complex barriers that may prevent someone from disclosing their abuse. We will believe all victims and survivors who make a disclosure and therefore will not ask for proof to evidence

4.2 Our Support to Council Tenants

The Council has a Specialist Domestic Abuse Officer, who has expertise in this area and whose role is to work with and support victims and survivors of domestic abuse. This post makes referrals to relevant organisations, signposts and supports.

Our support to those affected by domestic abuse will be sensitive to the needs of the individuals circumstances and be victim and survivor focused.

If a report of an incident of domestic abuse is received, staff should first and foremost find out if there is an immediate risk of harm to the individual. The police should be called on 999 if necessary.

Where there is no immediate risk of harm, we will contact the tenant within **48 hours** of receiving the report to discuss the options available to the tenant. The Specialist Domestic Abuse Officer, with consent, will follow the referral pathway determined (see appendices).

If an individual discloses domestic abuse to any member of staff, or a member of staff recognise signs of abuse, we will work together with the victim/survivor to discuss the situation within 48 hours the initial discussion.

We will support survivors of domestic abuse to remain in their home where it is safe to do so but we recognise that there may be instances where alternative accommodation has to be found either on a temporary or a permanent basis.

We will use budgeted resources to provide enhanced security measures in the home. This can include Door Chain, Window Alarms, Window restraining straps, Secure broken windows, Install smoke alarms and/or check existing smoke alarms, and Fireproof letterbox if there is a threat/risk of arson.

We recognise that some survivors of domestic abuse are reluctant to engage us in discussions over their housing situation. This can be for a variety of reasons, including because of fear of (and even love of and loyalty towards) the abuser, lack of knowledge about their options, and distrust of organisations such as the police and the council and having feelings of shame or failure. We will support as far as is reasonably practicable survivors of domestic abuse in seeking a safe and acceptable outcome.

We will support and encourage a survivor of domestic abuse to obtain legal advice on their options in respect of their tenancy. This could include supporting a tenant to end a joint tenancy if the survivor has fled the property, leaving the perpetrator in occupation still.

We will keep consistent, accurate and relevant records. We will share these with permission from the victim/survivor so they do not need to repeat the same information to multiple agencies.

We will work with agencies in their support of tenants in applying for domestic abuse injunctions (including non-molestation orders, restraining orders and occupation orders) where it is appropriate to do so.

We will take a survivor-oriented approach in cases of damage to the property as a result of acts of physical domestic abuse and in respect of the tenant's repairing obligations under our tenancy agreement.

We will aim to ensure we protect someone's security of tenure by granting new, sole tenancies to those wishing to remain in their home were they to end a joint tenancy.

4.3 Support for victims and survivors who are not council tenants

Non-council tenants approaching the council for housing assistance due to domestic abuse are referred into the Housing Options Team which will be able to assist where the applicant is:

- Eligible – eligibility for homelessness assistance depends on immigration and residence status
- Homeless or Threatened with Homelessness within 56 days

Following the introduction of the Domestic Abuse Act 2021, if an applicant is assessed as Eligible and Homeless as a result of domestic abuse, they will have Priority Need and will be owed a duty to secure temporary accommodation. Offers of accommodation must be safe, suitable and affordable.

All applicants who are Eligible and Homeless/Threatened with homelessness will be provided with a Housing Options Officer who will draw up a Personalised Housing Plan and will take reasonable steps to prevent or relieve homelessness. Under the Homelessness legislation, applicants that are accepted as having a full Homelessness Duty are required to remain in temporary accommodation until the Council secures suitable private rented accommodation or a home is secured through the Housing Register.

As part of the Personalised Housing Plan, the victim and survivor may be referred into specialist domestic abuse agencies, supported to secure emergency accommodation, given advice on sanctuary schemes and/or be signposted to legal advice.

4.4 Perpetrators of domestic abuse

Our primary concern and duty are for the safety of the victim/survivor and that of their child/children. We will discuss and agree taking action against the perpetrator to minimise any harm or consequence to their personal safety or housing security.

Domestic Abuse is a clear breach of our Tenancy Agreement which states at Section 6 Nuisance and Anti-Social behaviour. At 6.3 (g) *“You must make sure that you, your family, any other people living at your home, friends or visitors to your home do not engage in any form of domestic abuse, including but not limited to coercive or controlling behaviour, physical, sexual, financial or emotional abuse. Such behaviour is unacceptable and will not be tolerated regardless of gender or sexuality.”*

We will take into account the wishes of a survivor of domestic abuse when considering possession action against a perpetrator but we will take possession action against a tenant who has been convicted of an offence relating to domestic abuse.

We will take appropriate legal action against a perpetrator of domestic abuse and will work and co-operate with other organisations such as the police and social services.

4.5 Information sharing and confidentiality

Staff must treat all domestic abuse cases as confidential and should reassure the victim or survivor of this. Information will only be shared with other agencies with the consent of the victim or survivor and in accordance with the Data Protection Act (2018). Housing has a service level agreement with both Children's Services and Adult Social Care that outlines the procedure for information sharing, and staff should refer to this for guidance. Information must never be shared either directly or indirectly with the perpetrator as this may increase risk to the victim or survivor.

Consent to share information is not needed where there is a safeguarding concern because a person is at risk. Housing staff should notify the relevant safeguarding team and MARAC for cases assessed at being high risk of serious harm and homicide. Safeguarding referrals will be managed sensitively and we will consider the implications of further risk, particularly if family are identified as perpetrators.

Detailed records should be kept on all domestic abuse cases, including information on the outcome (including outcome for housing assistance, safeguarding and any other referrals) and reason for closing each case for monitoring purposes. Housing may also be required to share information with partner agencies (in accordance with the data protection and confidentiality policies).

5. Responsibility for Implementation

5.1 Monitoring and Reviewing the Policy

This policy will be reviewed at least every three years in line with the corporate policy framework. It may be reviewed more frequently as a result of changes in national legislation and local strategic direction.

5.2 Awareness and communication of the Policy

We will use our website to raise awareness about domestic abuse and make clear that we take all reports of domestic abuse seriously, and our officers will always treat victims/survivors with respect and dignity and empower them to make informed decisions.

A copy of this policy will be available on the Councils website, along with clear contact details of who to contact to access help and support, including how to contact the Housing team for tenants and the Housing Options team for anyone at risk of homelessness, as well as links to other relevant support services.

5.3 Governance of the Derby and Derbyshire Partnership approach

The Derby and Derbyshire Domestic and Sexual Abuse Partnership Board (DSA) will establish standing subgroups and structures to drive the work of the Board forward and will establish task and finish groups as required. This includes monitoring of the Domestic and Sexual Abuse Strategy 2023-2026 and the Domestic Abuse Support in Accommodation Strategy 2021-2024. The Council will engage with this structure as required.

Standing subgroups and structures:

- Perpetrators
- DA Best Practice
- DHR Action Plan Group
- Sexual Abuse Operational Group
- Domestic Abuse and Rape Scrutiny Panels
- Victims and Survivors Voice
- Communications and Awareness Raising

6. Glossary of terms

Multi Agency Risk Assessment Conference (MARAC)

MARAC is a multi-agency approach to managing cases of domestic abuse where the victim has been identified as being at high risk of serious harm or homicide. This is a group of highly skilled professionals is coordinated by the police and consists of representatives from the local police, health, child protection, housing practitioners, Independent Domestic Violence Advisors

(IDVAs), probation and other specialists from the statutory and voluntary sector. MARACs were established across Derbyshire in September 2008.

DASH risk assessment

The domestic Abuse, Stalking and Honor based Violence (DASH) Risk Assessment has been used by the Police since 2009. This has been further developed and is used by all professional working with victims and survivors of domestic abuse. The risk assessment makes sure everyone asks the right questions and can accurately assess the level of risk. If the risk thresholds are met, cases are then referred to MARAC.

7.5 Supporting projects

Respect

Respect is the UK charity stopping perpetrators of domestic abuse. Respect was established to focus on perpetrators of domestic abuse, and this, including their vital work with young people who cause harm, remains their key priority. Alongside this work, they deliver expert support to male victims of domestic abuse. Everything they do is shaped and driven by their values: we are pioneering, collaborative, accountable, and respectful.

The Changes project

The Changes project is aimed at standard and medium risk offenders of domestic abuse. It is a voluntary intervention for perpetrators of domestic abuse.

The safety of victims and children are paramount to the project. Through practical interventions, the programme aims to reduce a perpetrator's abusive behaviour and manage risk. It fills the void between a judicial sentence, a high risk and serial offender programme and the abuser who walks away without support and continues to offend.

The Changes project is for those who want to stop their use of violence or abuse and is delivered in a group or one to one setting in conjunction with a safety worker who will work with victims offering support and safety planning.

We accept referrals from a variety of sources, including self-referrals. Our referring criteria is as follows:

- Person is aged over 18
- Who is using violent and abusive behaviour to their partners/ex-partners
- Who has some recognition of their abusive behaviour and show some willingness to change it
- Person cannot be on bail or be currently under investigation.

The Changes project, is delivered by a partnership of three organisations:

- The Elm Foundation
- Crossroads Derbyshire
- Derbyshire WISH Domestic Abuse Services

Changes is delivered across Derbyshire and Derby City.

Referrals can be made either by contacting the Derbyshire Domestic Abuse Helpline on 08000 198 668 or emailing at info@letsmakechanges.co.uk

The 180° Project

The 180° Project is a service tailored specifically for high-risk, high-harm perpetrators of domestic abuse.

The service aligns to Respect standards and is designed to keep victims safe, including children, by promoting changes in attitudes and behaviour of those who genuinely want to stop being abusive towards intimate partners.

The project offers a varied programme of support, tailored to the individual and based on their needs and suitability assessment.

Participants will be supported to recognise the difference between a healthy and unhealthy relationship, take accountability for their behaviours and learn to identify safer ways to deal with their emotions and actions.

180° is developed for perpetrators that are willing to complete work, but do not show the level of acceptance of their abusive behaviour needed for a long-term behaviour change programme. Our aim is to move them to a place where they are able to accept their abusive behaviour and increase their motivation to change.

We believe domestic abuse is not acceptable or inevitable. As specialists working with perpetrators, we use a multi-agency approach to engage them to work through the cycle of change.

To deliver the service safely we have a specialist integrated safety support team (ISS). They work with the partners or ex-partners of perpetrators engaged with the service.

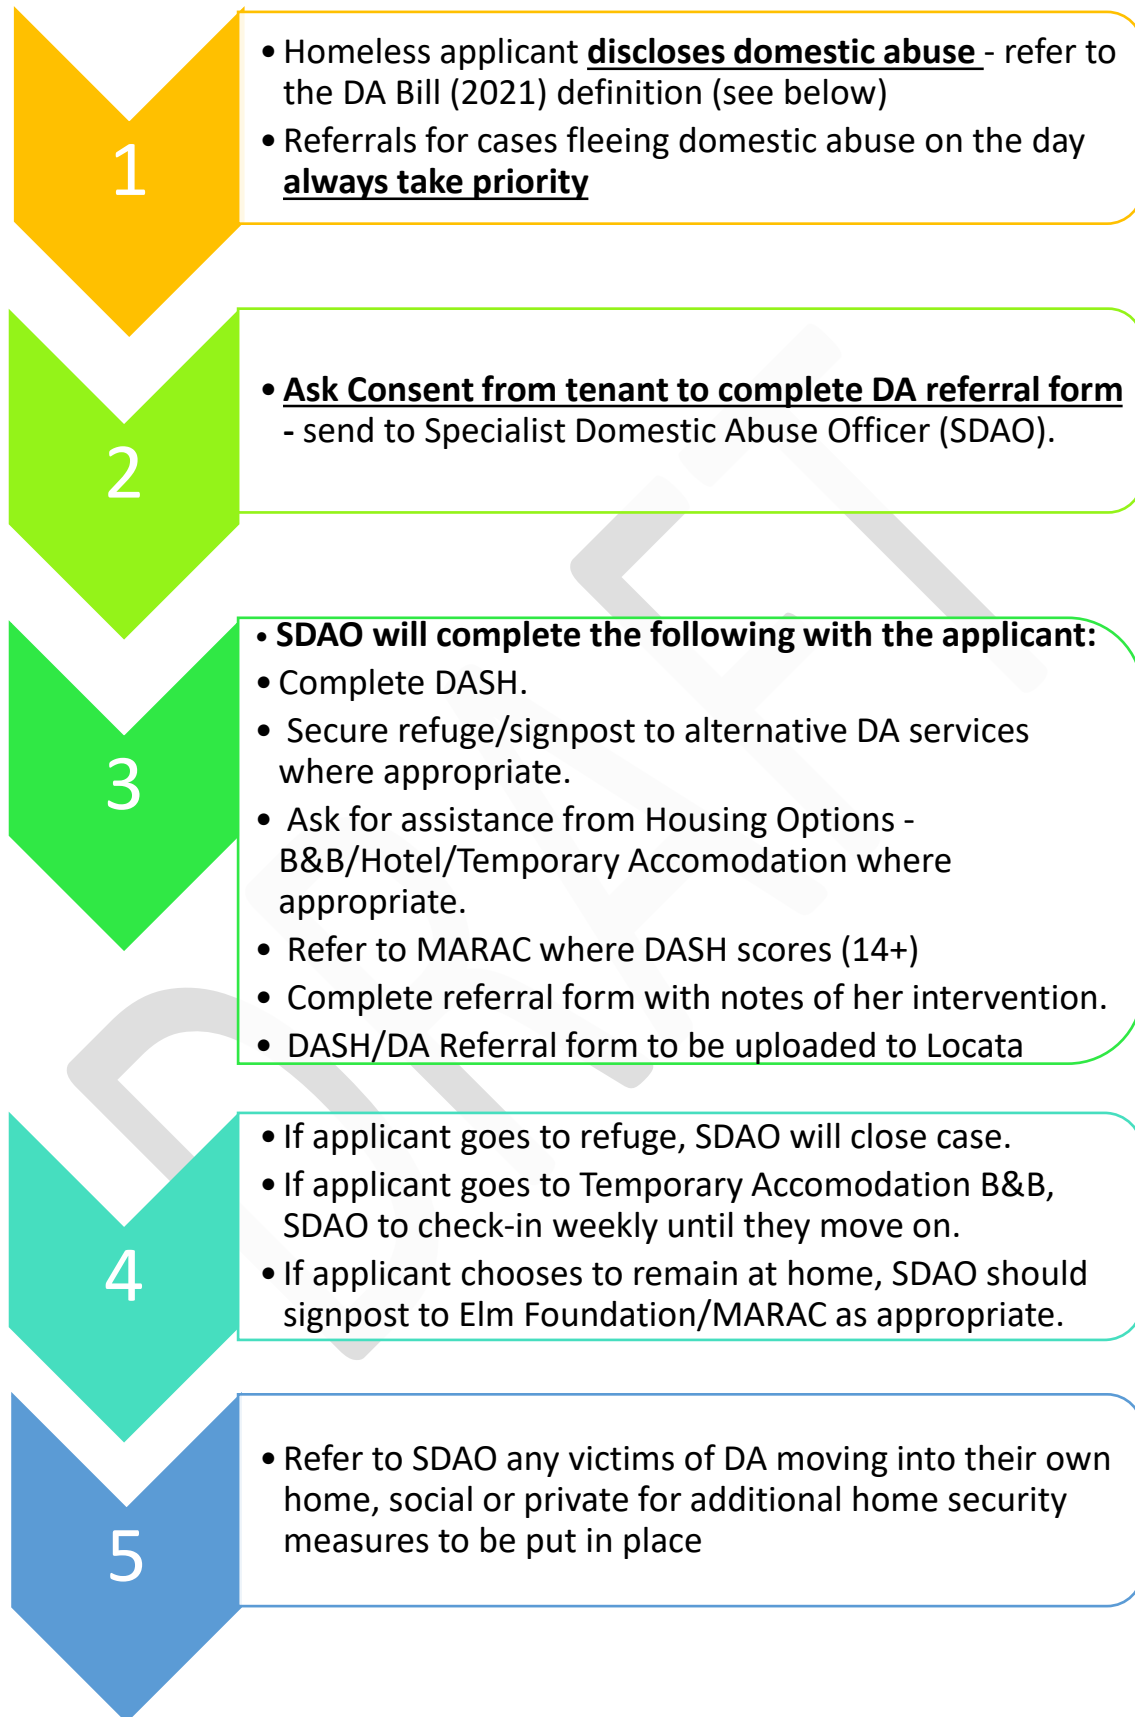

The ISS team complete regular check-ins and will offer a range of support which can include one-to-one contact, safety advice and information and signposting to other agencies. This is all in addition to helping them build a positive support network for themselves and their children.

Meeting of the Customer Services Scrutiny Committee on 31st March 2025

Review of Members ICT & Support and ICT Service Delivery – Post- Scrutiny Monitoring (Third Interim Report)

Report of the Chair of Customer Services Scrutiny Committee

Classification	This report is Public
Contact Officer	Thomas Dunne-Wragg, Scrutiny Officer

PURPOSE/SUMMARY OF REPORT

- To present the third Post-Scrutiny Monitoring Report assessing progress against the recommendations to date for the Review of Members ICT & Support and ICT Service Delivery to Customer Services Scrutiny Committee.

REPORT DETAILS

1. Background

1.1 This review initially commenced during the 2020/21 municipal year, as a result of operational issues raised by the pandemic.

1.2 The initial aim of the review was:

- To ascertain the impact of the pandemic on ICT Service delivery and review the effectiveness of Member ICT equipment and support provision.

Once the review was re-started in 2022/23 the aim refocussed on Member ICT equipment and support.

1.3 The initial review period took place from November 2020 to March 2021. Members identified the following issues for investigation:

- Impact of the pandemic on ICT service delivery
- Member Connectivity
- Remote support for Member iPads
- Member ICT Equipment
- Support for Virtual Meetings
- Chamber ICT equipment

1.4 Once the review was recommenced, Members prioritised the following issues:

- Remote support for Member iPads
- Member ICT Equipment
- Member ICT Support
- Creation of a Member ICT Working Group
- Chamber/Meeting Room ICT equipment

2. Details of Proposal or Information

- 2.1 The original review commenced during the pandemic. Members looked at a range of issues including:
- Impact of pandemic/remote working/support to onsite meetings on IT service delivery – focus was on compliance with SLA targets, impact on Servicedesk, capacity of service and impact on budgets
 - Member Connectivity – 3G/4G and WIFI
 - Remote support for Member iPads
 - Member ICT Equipment – queries raised around suitability of kit, ability to update, compatibility with documents
 - Support for Virtual Meetings – by Governance/ICT/Communications
 - Chamber ICT equipment i.e. microphones, cameras, facility to livestream/produce recording
- 2.2 Following the removal of the temporary legislation enabling remote/hybrid meetings to be held for social distancing, the issues relating to delivery of such meetings ceased and were not investigated further. Due to lobbying and consultation at a national level on possible changes to legislation around local government meetings (following the end of temporary legislation), and also for internal work on structure reviews (Governance Team), the review was paused while Members waited for updates. This also allowed Members to focus on other work. Furthermore, Members were aware of discussions at Member Development Working Group and did not want to duplicate work already in place with a scrutiny review.
- 2.3 Key issues that were not taken further during the initial review were as follows:
- Member connectivity
 - support for virtual meetings
 - impact of the pandemic/remote working on ICT service delivery
- 2.4 Following assessment of evidence in the original review phase Members agreed recommendations linked to the monitoring of ICT service delivery.
- 2.5 Towards the end of 2021/22 municipal year, Members acknowledged that there were still a number of issues remaining unresolved as well as new issues that now needed addressing. They agreed that pending duplication of any existing work, it should form part of the 2022/23 work programme. In the early part of the 2022/23 municipal year, Members became aware that there was no longer a risk of duplicating work by other Member groups and were keen to pick the review back up. Members were still concerned with the following:
- Remote support for iPads to enable easier updates
 - Member ICT equipment, Members ICT support
 - Chamber/meeting room ICT equipment

- Power supply within the Council Chamber
- Creation of a Member IT Working Group
- Accessibility of mod.gov
- Access to the intranet

- 2.6 The Committee put together 13 recommendations which will hopefully assist the Council in improving equipment provision and support to Members and the operation of meeting spaces within a modern post-Covid environment.
- 2.8 This report acknowledges progress by Officers implementing the recommendations.
- 2.9 To date 12 out of 13 recommendations have been achieved. 7 were achieved within the target date, 5 have been completed behind schedule and 1 has been further extended.

3. Reasons for Recommendation

- 3.1 Members are required to make their report and findings public, in accordance with Part 4.5.17(4) of the Constitution.
- 3.2 Committee is required to monitor implementation of their recommendations in accordance with Part 3.6(1) of the Constitution.
- 3.3 Members must note Executive's response to the review recommendations and agree to review progress on the approved recommendations. A progress report will be submitted in six and twelve months' time, with any exceptions to expected delivery highlighted.

4 Alternative Options and Reasons for Rejection

- 4.1 There are no alternative options. Members are required to note the service's response to progress against the review recommendations.
- 4.2 Committee is required to monitor implementation of their recommendations in accordance with Part 3.6(1) of the Constitution and as such the report cannot be rejected.

RECOMMENDATION(S)

1. That Members note the progress against the review recommendations.
2. That Members acknowledge any exceptions to delivery and clarify the additional action required by the service.
3. That Members make its report and findings public, in accordance with Part 4.5.17(4) of the Council's Constitution.
