The proposed policy set out how the Housing department, including Dragonfly Management Ltd. (acting on behalf of the Council), would tackle domestic abuse, support victims and survivors of domestic abuse, and hold perpetrators to account.

The policy explained the role of the Specialist Domestic Abuse Officer, who had expertise in this area and whose role was to work with and support victims and survivors of domestic abuse.

The two pathways for homeless applicants and social housing tenants were detailed in the report.

To a question in relation to the Specialist Domestic Abuse Officer and the support they would receive carrying out their role, the Assistant Director of Housing Management & Enforcement informed Members that the Officer would primarily provide administration with medium to high risk cases referred to Derbyshire County Council and / or other providers. While the Officer would provide triaging and handle low risk cases, support was available if their workload increased.

KEY DECISIONS

EX95-24/25 HOUSING MANAGEMENT SYSTEM

Executive considered a report, presented by the Portfolio Holder for Housing, which sought Members' approval to recommend to Council to enter into a contract with MRI Real Estate Software for ongoing support of the Open Housing system and to upgrade to "One Housing".

The Portfolio Holder for Housing informed Members that the current 5-year contract had been signed in 2018 with the option to extend (which had been enacted). The current contract for ongoing software and maintenance expired on 30th April 2025.

While "Open Housing" provided repair, servicing, and programmed works functionality, in recognition of the developing themes around housing and compliance, "Open Housing" had been upgraded and rebranded as "One Housing", which provided additional enhancements including functionality, appearance, navigation, and the easier extraction of data.

The full cost of the 5-year contract, which included the annual licence and maintenance support, the purchase and implementation of additional modules and the upgrade to "One Housing", was £464,599.65.

The ongoing annual support totalled £274,879.65 and was contained within existing revenue budgets. The Capital expenditure, £189,720, could be funded by available capital receipts.

It was explained that the procurement exercise had been under the KCS framework, and this had been with Capita One Ltd. However, Capita One Ltd. had been acquired by MRI

EXECUTIVE

in September 2024, with the name subsequently changed at Companies House. As the contract had been procured via Capita Business Services Ltd., the contract would be novated to MRI.

EX96-24/25

UK SHARED PROSPERITY FUND (UK SPF) 2025/2026

Executive considered a report, presented by the Portfolio Holder for Devolution, which sought Members' approval to endorse the Delegated Decision made under special urgency by the Chief Executive in relation to the acceptance of the recent UK Shared Prosperity Fund (UK SPF) grant and to endorse the associated investment plan recommended by the Council's Strategic Commissioning Board on 7th March 2025. The report also sought approval to make direct awards of contracts, where required, in accordance with the Council's procurement rules.

In answer to a question, the Monitoring Officer informed Members that there were strict limitations in place in accordance with procurement rules and this would not set a precedent.

To a question on the location of the creative hub within the District, the Leader informed Members that this would likely be in Bolsover Town. The Portfolio Holder for Growth added that there was an ongoing investigation of works associated with the £15 million granted, with discussions taking place between the Council and Old Bolsover Town Council.

To a question on the allocation of funding, the Chief Executive informed a full report explaining the reasoning behind each decision could be provided on the projects chosen / not chosen. The Portfolio Holder for Growth added that the six projects selected had been existing projects with planning permission already granted. Due to time constraints on the spending of the award, young projects at the beginning of their development could not be considered as they would not have been completed by early 2026.

To a question on the age of the Strategic Commissioning Board, the Chief Executive informed three meetings had taken place to date and the exact details and scheduling of these meetings could be provided to Members after the meeting.

Moved by Councillor John Ritchie and seconded by Councillor Tom Munro
