Foreword by Councillor Clive Moesby

Portfolio Holder for Community Safety and Partnership Chair

Welcome to the Bolsover Community Safety Partnership Plan covering the three years 2020 to 2023.

This plan sets out how Bolsover District Council, Police, Derbyshire County Council, Probation Services, Derbyshire Fire and Rescue Service, Derby and Derbyshire Clinical Commissioning Group together with voluntary and community sectors will work together with the communities of Bolsover district to reduce crime, disorder, anti-social behaviour, substance misuse and re-offending in order to keep Bolsover district a safe place to live, work and visit.

The Plan aims to reduce the number of crimes and anti-social behaviour in the district, but in some categories, it aims to increase the number of reports where historically victims have not felt confident enough to report it to us. By increasing reporting we will then be able to offer support to those victims and take appropriate action against the perpetrators.

Crime and disorder impacts not only the victims but also on the quality of life of the wider community so we understand how important it is for you that we tackle it in a timely, efficient and effective way.

We are confident that this Plan not only addresses the priorities that have been identified through our analysis of evidential information and performance but also the concerns of the people of Bolsover district.

We recognise that as a Partnership we have a duty and responsibility to continue to tackle crime and disorder which affect the safety and wellbeing of everyone who lives, works or visits our district.

2020 has been a challenging year for everyone. As a consequence of the Covid-19 pandemic, there are lots of ways it has changed situations for people. During the lockdown periods, vulnerable people may not have had so many opportunities to be seen, identified or supported by protection or supporting services. This is the same for children who witness domestic abuse and can only access support when the schools are open.

However, with more people being at home, less people are going out to the restaurants/pubs and with less travel in general, this has given less opportunity for acquisitive crime which has seen a significant reduction across the county.

Our continued aim is to work together promoting community safety, protecting the vulnerable and making Bolsover district a safer place for everyone to live and work.

Bolsover District

Bolsover district is situated to the east of Derbyshire with its borders on the Peak District and Sherwood Forest. Bolsover town has a significant amount of historical importance with the main tourist attraction being its 17th century castle built by the Cavendish family and visited by thousands of people each year. The M1 Motorway runs through the district providing a transport connection to the rest of the country.

The district has four medium sized towns; Bolsover, Shirebrook, Clowne and South Normanton. These towns are part of urban areas which provide a range of facilities, services and employment opportunities to the surrounding areas. A significant proportion of the population of the district live within the 4 main towns. Outside the market towns there are scattered farms and small villages in a mostly open rural landscape punctuated by compact settlements.

Bolsover Community Safety Partnership

The Community Safety Partnership (CSP) was formed under the Crime & Disorder Act 1998, amended by the Police & Justice Act 2006. This places a statutory duty on partners to work together to reduce crime and disorder in their area. The Partnership is made up of the following statutory organisations:

- ♦ Bolsover District Council
- ♦ Derbyshire Police
- ♦ Derbyshire County Council
- ♦ Derbyshire Fire and Rescue Service
- ♦ Probation Services
- ♦ Derby and Derbyshire Clinical Commissioning Group

Additional discretionary Partners include commissioned service providers, community groups and the voluntary sector.

The CSP Strategy Group agrees and manages the strategic direction of the Community Safety Partnership. It agrees and oversees the funding plans of the partnership and monitors performance against its priorities. The Community Safety Partnership is accountable to the Derbyshire Safer Communities Board.

The CSP Action Groups are groups that deliver thematic outcomes. The groups operate by sharing knowledge, expertise and information in order to understand and tackle problems and drive the activity identified in their respective action plans. Their operational role is to make tactical resourcing decisions regarding emerging trends and related community safety issues in line with the partnership's priorities.

Derbyshire Safer Communities Board Joint Strategic Risk Assessment

Since the last agreement there have been many changes both locally and nationally, but effective partnership working remains vital to the ongoing success in tackling crime, anti-social behaviour and substance misuse across Derbyshire.

For a number of years the Derbyshire Safer Communities Board has been at the heart of these partnership arrangements. But this is not without its challenges, significant pressures on public sector funding is affecting all Responsible Authorities, in addition the need to be respond to a number of new and emerging strategic responsibilities provide a real impetus to work in a more focused and smarter way.

Over the last couple of years, the Board has worked hard to ensure it has the right structure to be responsive and meet these challenges.

The Board has identified its priorities for 2020 – 2023 through a joint strategic threat and risk assessment.

An annual risk and threat assessment is carried out by Derbyshire Constabulary jointly with its community safety partners.

Priorities

There are a number of **long standing priorities**, which the Board will continue to support. These are priorities for which there is a strong structure in place to oversee delivery and to identify and address gaps in provision. It is acknowledged that investment in these priorities needs to be maintained in order to ensure performance is sustained and identified areas for development are progressed. These are;

- Domestic Abuse and Sexual Violence
- Anti-Social Behaviour
- Modern Slavery
- Prevent (Counter Terrorism)
- Hate Crime

In addition to these a two **development priorities** have been identified. These are;

- Organised Crime, including County Lines
- Serious Violence

It needs to be acknowledged that in relation to the developmental priorities, the Board needs to focus on the aspects of their delivery which fall within its remit. To that end, it will be critical that the Board works with the other Strategic Boards to ensure a comprehensive response is achieved.

In delivery of the priorities outlined above, there should be specific focus on;

- Prevention and Early Intervention
- Data and Information Sharing

Bolsover Community Safety Partnership Priorities

The Partnership Plan must set out priorities to reduce crime and disorder in the area. This current Plan covers a 3 year period to 2023, and will be refreshed annually.

To inform this Plan a comprehensive strategic assessment was completed which has provided us with an analysis of community safety issues within the district together with previous performance.

We consulted on the findings of the assessment with all our partners to ensure we have correctly captured and analysed the problems in the district

We have linked its aims and objectives to reflect our joint priorities so we can utilise our resources more effectively and work together to reduce the fear of crime and disorder and increase community safety within our communities.

The Plan brings together our vision, aims and priorities for making Bolsover district safer.

Bolsover Community Safety Partnership has a statutory responsibility in relation to Modern Slavery, Domestic Homicide Reviews and Serious Violence which will influence its work throughout the duration of this plan.

Bolsover Community Safety Partnership has identified the following local priorities which will be its focus for 2020-2023.

Bolsover Community Safety Partnership Action Plan 2020 – 2023

The Bolsover Community Safety Partnership Plan will be delivered through developing an effective action plan, which sets out what the Partnership will do to achieve the objectives identified under each of the priorities. The actions will be co-ordinated by the CSP team by bringing partners together and identify resources and skills to deliver the objectives, progress of which will be monitored through the relevant CSP action groups.

- Cyber-dependent crimes – those that can only be committed using computers, computer networks or other forms of information communication technology, including the creation and spread of malware, hacking to steal personal or industry data, and denial of service attacks.
- Cyber-enabled crimes - those where the online environment is used in the commission of the offence.

Domestic Violence and Abuse

Domestic violence and abuse is defined as: any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality.

The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; emotional.

Controlling behaviour is a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour.

Coercive behaviour is an act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim.

Economic Crime

Economic crime is defined as: any non-violent crimes that result in a financial loss, with the exception of those included in the definition of acquisitive crime. These crimes thus comprise a broad range of illegal activities, including bribery, corruption, counterfeit currency, fraud, money laundering, and tax evasion.

Killed and Serious Injury Road Collisions

Killed and serious injury road collisions are defined as: collisions where any casualty sustains injuries which are classed as either fatal; life threatening (where there is a high probability of death); life changing (where there is a high probability that the injured party will not recover sufficiently to lead an independent life); or serious (where the injury is less than life changing but amounts to a s20 Grievous Bodily Harm injury).

Modern Slavery

Modern slavery is defined as: a complex crime that encompasses slavery, servitude, forced and compulsory labour and human trafficking. Traffickers and slave drivers (often Organised Crime Groups) coerce, deceive and force individuals against their will into a life of abuse, servitude and inhumane treatment.

Offender Management

Offender management is defined as: the integrated offender management (IOM) scheme, which targets offenders of most concern to their communities. The scheme uses pooled, local resources to turn offenders away from crime, supporting them to find employment and somewhere to live, and punishing and reforming them as appropriate.

Organised Crime Groups

Organised crime groups are defined as: groups of two or more people who engage in continuing serious organised criminality. Their motivation is often, but not always, financial gain.

Safeguarding Adults

Safeguarding adults is defined as: protecting an adult who has needs for care and support, and is experiencing, or is at risk of abuse or neglect, and as a result of their care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

Child abuse is defined as: any form of maltreatment of a child. This can be physical, sexual or emotional abuse and / or neglect.

Child sexual abuse is a form of child abuse and is defined as: forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening.

and/or (b) for the financial advantage or increased status of the offender or facilitator. The victim may have been sexually or criminally exploited even if the activity appears consensual. Child exploitation does not always involve physical contact; it can also occur through the use of technology.

Sexual Violence

Sexual violence is defined as: any behaviour perceived to be of a sexual nature which is unwanted and takes place without consent or understanding.

Section 74 of the Sexual Offences Act 2003 defines consent as: if he agrees by choice, and has the freedom and capacity to make that choice.

Substance Misuse

Substance misuse is defined as: the short-term and long-term damage to health associated with the consumption of alcohol and / or illicit drugs (i.e. substances that affect bodily functions which are controlled by legislation) and the resulting damage in the form of crime and disorder arising from the consumption of alcohol and the production, trade and use of illicit drugs.
