UPDATE ON GROWTH STRATEGY AND ACTION PLAN

Report of the Assistant Director for Development and Planning

Classification: This report is public

Report By: Chris Fridlington – Assistant Director for Development and Planning

Contact Officer: Natalie Etches – Business Growth Manager

PURPOSE / SUMMARY

To update Growth Scrutiny committee on the progress against activities set out in the Growth Strategy.

REPORT DETAILS

1 Background (reasons for bringing the report)

- 1.1 The Growth Strategy, and accompanying action plan, were adopted by Council March 2021.
- 1.2 The Strategy sets out projects and initiatives being delivered against the key Economic priorities as set out in the Vision Bolsover prospectus.

2. Details of Proposal or Information

- 2.1 The identified projects and initiatives are moving at a pace, so it is timely to update the text within the main body of the Growth Strategy. The Action Plan summarises the projects and initiatives, including the achievements to date; the planned activities; and a review date.
- 2.2 The updated Growth Strategy and Action Plan are appended to this report (Appendix 1).
- 2.3 Highlights to note on this update include: a significant success has been the Surplus Council-owned Land (page 11 of the Strategy) whereby 48 of the HRA sites which were earmarked for disposal have been assessed for their development potential. Of these, 32 sites are suitable for residential development and will go to auction accompanied by a planning brief or 'deemed consent' for custom and self-build. A further 11 sites have been identified for disposal and will go through a similar process of evaluation and disposal. Eleven sites have now been sold generating income for the Council

of just over £770,000. If all the sites achieve a similar value, the sale of these sites will generate income in the region of £1,000,000 for the Council.

- 2.4 The capital projects for Shirebrook Crematorium and Portland Drive Industrial Units developments both continue to progress, with design teams appointed on each scheme to lead on the detailed designs and planning applications.
- 2.5 The unemployment support scheme – KickStart – is building momentum with young unemployed individuals securing 6-month placements with different departments across the Council.
- 2.6 The Institute of Technology proposal hasn't progressed as quickly as would have liked, with a recent funding application to the Community Renewal Fund (CRF) being unsuccessful. However, the development of the scheme is continuing, and work is being done to strengthen the proposal for future funding opportunities. The Partnership Team and the Economic Development Team are both working with the LGA and Design Council as part of a collaborative LGA Economic Growth Design Skills Programme utilising this scheme as a case study.

3 Reasons for Recommendation

- 3.1 This is an information report to keep Growth Scrutiny Members informed of progress against the Growth Strategy, noting achievements to date.

4 Alternative Options and Reasons for Rejection

- 4.1 Not applicable to this report. Report is for information purposes only.

RECOMMENDATIONS

1. That members note the updated Growth Strategy and action plan
