#### Introduction to the report

- Finances for the Council for the years 2022/23 to 2025/26.
- Includes revenue and capital expenditure.
- Includes General Fund (GF) and Housing Revenue Account (HRA) expenditure and income.
- Council Tax implications are discussed.
- HRA dwelling rents are proposed.
- Capital Programme detailed.
- The report contains:
  - Appendix 1 is GF summary
  - Appendix 2 gives the GF detail.
  - Appendix 3 is HRA summary
  - Appendix 3 table 1 gives HRA fees and charges
  - Appendix 4 gives the capital programme detail

#### Revenue or Capital?

- The revenue budget is the term used to describe the amount spent on the Council's day-to-day running of services.
- In addition to the costs of running services, we also have to fund the costs of borrowing money to pay for capital assets.
- The capital budget covers the money the Council spends on investing in or the construction of buildings, infrastructure and expensive pieces of plant or equipment.
- It also includes grants and advances made to the private sector for capital purposes, such as grants for disabled adaptations.
- As a Council we have decided anything costing less than £10,000 is automatically revenue, unless a number of the same item are purchased such as photocopiers.

#### What is the HRA?

- Housing Revenue Account
- 'Councils with more than 50 properties are required to maintain a separate account that contains all the income and expenditure necessary to manage and maintain their housing stock.'
- This is a ring-fenced account and all transactions <u>must</u> be kept separate from other Council income and expenditure.
- The Council <u>must</u> balance the HRA each year, they must not budget for a deficit after the working balance is taken into account.
- Housing rents provide the income for the HRA and this must not be used to pay for general fund items.
- The main area of expense is the repair and maintenance of properties and interest and debt repayments.
- Separation applies to revenue and capital expenditure.

#### What is the GF?

- Any transaction that is not housing is automatically general fund!
- The main sources of income are business rates, council tax and a small amount of government grant.
- The main cost for GF is salaries.
- GF income must not be used to pay for HRA expenditure.
- Again, we have to keep separate, revenue and capital expenditure.

### **Government Funding**

- Yet again a delay to the 'real' Spending Review 2021.
- 2019/20 was rolled over into 2020/21 and then 2021/22 and now it's been rolled into 2022/23.
- New homes bonus extra £0.608m
- Business rates £1.532m
- Revenue support grant £1.232m
- Lower Tier Services grant £0.131m
- 2022/23 Services grant £0.202m
- These are only a one year benefit!
- 2023/24 onwards reverts to previous assumptions.
- The Spending Review 2022 is expected to introduce the changes to Local Government funding that we've been waiting for.

#### NNDR Growth Protection Reserve

- Established a few years ago from business rates income.
- A savings pot to fund GF for when the growth is taken from us.
- In recent years <u>any</u> excess government income has been transferred in.
- Contributions to and use of, the reserve:

|                            | 2022/23 | 2023/24 | 2024/25 | 2025/26 |
