Warning External

Good morning just a short e mail for Mr ***** to ask if his currently licenced vehicle can remain in service till, he decides to change the car in the future this request is to be forwarded to the committee meeting to be decided with it being a black and white hackney carriage vehicle it's been licenced with you for around 18 months now when Mr ***** purchased this vehicle he taken it on with 48 month's worth of finance so to remove this car now will financially hit Mr ***** and his family having a vehicle he now can't use for work and wasn't aware at the time he couldn't have a black and white vehicle obviously if this can be turned around to help Mr ***** this mistake will not happen again in the future

kind regards
