**PURPOSE/SUMMARY OF REPORT**

To present to Executive the completed report for the recent Review of Council-owned Adapted Accommodation.

---

**REPORT DETAILS**

**1. Background (*reasons for bringing the report*)**

- 1.1 The Customer Services Scrutiny Committee agreed to undertake a Review of Council-owned Adapted Accommodation, as part of the 2021-22 Work Programme.
- 1.2 The issue was initially raised via an Executive report in April 2021, highlighting the need to evaluate our supply of family sized adapted accommodation. It was noted that the Council had recently been approached by applicants seeking very specific accommodation as a result of having younger family members with disabilities. Although these applications are relatively rare, they had raised the issue of the supply of family-sized adapted accommodation.
- 1.3 Under the Equality Act 2010 the Council has a duty to make reasonable adjustments for people with disabilities to ensure they receive the same services, as far as this is possible, as someone who is not disabled. A disability under this Act is defined as a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on the ability to do normal daily activities. 'Substantial' and 'Long-term' mean:

- 'substantial' is more than minor or trivial, i.e. it takes much longer than it usually would to complete a daily task like getting dressed
- 'long-term' means 12 months or more, i.e. a breathing condition that develops as a result of a lung infection.

## **2. Details of Proposal or Information**

2.1 The aim of the review was:

- To ensure that the Council has adequate plans and processes in place to maintain the required level of adapted accommodation for both individuals and families.

2.2 The objectives agreed were:

- Review of current policies and procedures
- Completion of an analysis of existing adapted stock inc. family-sized stock
- Assessment of demand against demographic profile of area.
- Assessment of current principles defining categorisation of stock as a 'disabled adapted property'

2.3 The key issues identified for investigation were as follows:

- Ensuring new supply through design and location of new stock – Bolsover Homes
- Location of existing stock across District
- Use of Housing management Officer information when assessing applications
- Existing approach for property categorisation
- Process for assessing demand/future demand
- Current cross-team working

2.4 The Committee met on six occasions in total and sought evidence by way of:

- Internal enquiries to establish existing policy and procedures and comparison of our policy approach with other local authorities.
- An assessment of our current supply of adapted accommodation.
- An analysis of the Districts profile in terms of health and disability and where hotspots for long-term ill health correlated to our stock profile.
- An evaluation of our procedure for categorising stock as disabled adapted.

## **3. Reasons for Recommendation**

3.1 The Committee have put together nine recommendations which will hopefully assist the Council in improving our policy and procedures in relation to allocation and management of adapted accommodation.

### 3.2 The key findings arising from the review are:

- That a number of the Council's existing practices and procedures for allocation are satisfactory in addressing service delivery in this area.
- That the revised approach to officer meetings with DCC is working well to review applications and identify a clear course of action for the tenant.
- That the Council's approach to design of new stock via Bolsover Homes will ensure good quality housing and an increased supply of family-sized accommodation.
- That a revision is required to our existing policy which Members feel is met by the proposed draft which Scrutiny helped to develop.
- That the range of procedures identified during the course of the review are developed to support the effective implementation of the new Policy.
- That in order to aid officers to see stock availability at a glance, the data is mapped in both our GIS software and our data profiling tool, to aid future stock management and development.
- That the demographic profile will fill current knowledge gaps and aid future planning of additional stock.

## **4 Alternative Options and Reasons for Rejection**

- 4.1 While the number of requests for family-sized adapted accommodation is far lower than for households without children or older person's accommodation, the Council still has a duty to provide accommodation that meets the needs of the tenants. As such a 'do nothing' approach was not an option and a review of the service area was required.
- 4.2 Executive could choose not to endorse the recommendations of the review, where they feel the course of action recommended is beyond the delivery capacity of the Authority.

---

## **RECOMMENDATION(S)**

1. That the Executive endorses the recommendations of the review outlined in section 2 of the attached report.
2. That for recommendations approved by Executive, monitoring by Committee takes place over a twelve month period via the PERFORM system with an update report to Committee at the end of the monitoring period.
