PURPOSE/SUMMARY OF REPORT

- To present Executive's Response to the completed report for the recent Review of Integration of Social Value to BDC Policy and Delivery.

REPORT DETAILS

1. Background

- 1.1 The Local Growth Scrutiny Committee agreed to undertake a Review of Integration of Social Value to BDC Policy and Delivery, as part of the 2021/22 Work Programme.
- 1.2 As part of the call for review suggestions for 2021-22 municipal year, Members of the Local Growth Scrutiny Committee were presented with the suggestion of reviewing our approach to Social Value and how we could further integrate this to the Council's policies and service delivery. The suggestion came direct from the Development service and Members agreed to complete a review alongside other work carried over from the previous year.
- 1.3 Development of our approach to Social Value and implementation of a Social Value Policy will support key objectives within the Business Growth Strategy.
- 1.4 This review has come at a time when the Council is under increasing pressure to not only ensure value for money from our investments, but also seek to secure additional benefits and impact from our programmes and developments.

1.5 Members have welcomed the opportunity to work with our fellow scrutiny Members in Climate Change & Communities Scrutiny Committee in reviewing our approach to how we evaluate our social value outcomes and we hope the new software tool will allow the council to evidence its outcomes more clearly to residents and partners.

2. Details of Proposal or Information

2.1 The aim of the review was:

- To clarify how the Council can integrate Social Value within the delivery of the Business Growth Strategy, and other core strategies as determined.

2.2 The objectives agreed were:

- To review how social value can be integrated in to current policy and delivery based on best practice examples.
- To investigate how the Council can maximise the social value benefits of the Coalite development, with specific emphasis on skilled jobs, and how this can be applied to other development sites within the District.
- To assess how wide the social value strategy should be developed, engaging with other service areas/Scrutiny Committees as required.
- To assess how the integration of social value could be supported by developing a 'cooperative council' approach.

2.3 The key issues identified for investigation were as follows:

- The Council needs to be able to evidence the benefits of investment and ensure the economic, social and environmental needs of the area are being addressed.
- The Social Value evaluation methodology is already used by the Partnerships team and could be used more widely by the authority.
- The Council can secure additional social value benefits for the area through s.106 agreements agreed as part of planning permissions. Members question if we have a system in place that enables us to evidence this to its full potential.

2.4 The Committee put together six recommendations which will hopefully assist the Council in embedding social value in to the wider policy structures and operational delivery of the Council.

3. Reasons for Recommendation

- 3.1 Members are required to make their report and findings public, in accordance with Part 4.5.17(4) of the Constitution.
- 3.2 Committee is required to monitor implementation of their recommendations in accordance with Part 3.6(1) of the Constitution.
- 3.3 Members must note Executive's response to the review recommendations and agree to review progress on the approved recommendations. A progress report will be submitted in six and twelve months' time, with any exceptions to expected delivery highlighted.

4 Alternative Options and Reasons for Rejection

- 4.1 Committee is required to monitor implementation of their recommendations in accordance with Part 3.6(1) of the Constitution and as such the report cannot be rejected.
