PURPOSE/SUMMARY OF REPORT

To present to Finance and Corporate Overview Scrutiny Committee a summary of the corporate debt position at 31 March 2023.

REPORT DETAILS

1. Background

- 1.1 The main sources of income for the Council's General Fund are business rates, council tax, a small number of government grants and service related income. The main source of income for the Council's Housing Revenue Account is dwelling rent, often referred to as 'housing rents'. Government grants are paid over to us on agreed dates direct into our bank account so there is no need to include them on any of our debtor systems. For most other sources of income we have to request the income due to us.
- 1.2 We request the income due to us on the relevant system by raising bills for business rates, council tax and housing rents. There is legislation in place for each of these sources which determines the rules of collecting this income.
- 1.3 For service related income, invoices are raised on the sundry debtor system which is a module of our Civica Financial Management System. Examples of types of income include: housing benefit overpayment, trade refuse, industrial unit rent, garage site rent, wardens service and alarms and leisure hire of facilities. This income is reported in two amounts with housing benefit overpayments identified from the rest.

1.4 The following table shows the sources of income for Bolsover District Council as at 31 March 2023 and 2022 for comparison:

Table 1 – Sources of Income

	2021/22	2022/23	
position at end of	Q4	Q4	variance
	£'000	£'000	£'000
NNDR	(28,616)	(28,632)	(16) *
Council tax	(45,797)	(48,316)	(2,519) **
Housing Rents	(20,618)	(21,606)	(988)
Overpaid housing benefits	(338)	(545)	(207)
Sundry Debtors	(5,794)	(7,421)	(1,627)
	<hr/>	<hr/>	<hr/>
	(101,163)	(106,520)	(5,357)
* This is 100%, our share of this is 40%			
** This is 100%, our share of this is 16.76% 21/22 + 16.83% 22/23			

1.5 (*and **) these debts are part of the collection fund and are shared with major preceptors including the County, police and fire. Only a percentage of these debts belong to Bolsover District Council.

1.6 The figures in table 1 show an increase in income billed in the year for all sources. The increase in the NNDR (business rates) income is small because the general national non-domestic multiplier set by the Government to calculate bills, was frozen at the 2021/22 level for 2022/23.

1.7 Debtors of a Local Authority are very sensitive to change. If a tenant/tax payer's circumstances change it can become difficult for them to keep paying their rent or council tax. Informing us of a change in personal circumstances late can mean more benefit is paid than they are entitled to which can mean they become benefit overpayment debtors.

1.8 Circumstances can change quickly and mean debtors fall into arrears. It is very common for Local Authority's to have arrears balances due to the vulnerable nature of some of its debtors. Debt management is how the Council manages its arrears and debtors. The following table shows the level of arrears for Bolsover District Council at 31 March for the last two financial years. This information is published in the Council's Statement of Accounts document each year.

Table 2 – Level of Arrears

position at end of	2021/22	2022/23	variance
	Q4	Q4	
	£	£	
NNDR	628,635	728,536	99,901 *
Council tax	3,982,873	4,895,478	912,605 **
Housing Rents	1,598,520	1,839,283	240,763
Overpaid housing benefits	1,501,936	1,436,046	(65,890)
Sundry Debtors	835,380	1,596,748	761,368
	8,547,344	10,496,091	1,948,747

1.9 As you can see from table 2, arrears have increased in 2022/23 for NNDR, council tax, housing rents and sundry debtors. The cost-of-living increases such as the high inflation rates during 2022/23 have affected arrears for individuals and businesses as they struggle to pay. As always, payment plans have been agreed to help debtors not get into arrears if possible. The current levels of arrears for NNDR, council tax and housing rents are the highest they've been in recent years. This is almost certainly left over from the pandemic and is now being affected by the increase in the cost of living. Sundry debtor arrears fluctuate depending on if large invoices are raised close to 31 March, but aren't paid until April.

1.10 Part of managing the debt is assessing the likelihood of future non-collection. At each year end, an estimate of non-collection is made based on historic payment information for the same class of debt. An amount equal to the non-collection is charged against our revenue account and saved in a provision for future use. The provision is often referred to as the bad debt provision. It is considered prudent to not include all the income in the revenue accounts in a year when there is a chance it won't all be collected.

1.11 As part of year end work the provision balance for each class of debt is reviewed, compared against latest arrears balances to ensure it still covers the amount of non-collection in case we have to write-off debts, and either increased or decreased, whichever is appropriate.

1.12 For the last 3 years when we've assessed the provision levels at year end, we've increased the provisions by over £2m in total, in anticipation of the financial effect of firstly the pandemic and now the cost-of-living increases, on businesses and individuals.

1.13 As you can see from the following table which shows the bad debt provision for each class of debtor at 31 March for the last two financial years, we felt it necessary to increase the provision again this year.

Table 3 – Impairment Allowance

	2021/22	2022/23	
position at end of	Q4	Q4	variance
	£	£	£
NNDR	(564,538)	(674,517)	(109,979) *
Council tax	(2,229,115)	(2,645,660)	(416,545) **
Housing Rents	(1,188,238)	(1,415,158)	(226,920)
Overpaid housing benefits	(1,397,313)	(1,324,003)	73,310
Sundry Debtors	(224,804)	(275,275)	(50,471)
	<u>(5,604,008)</u>	<u>(6,334,613)</u>	<u>(730,605)</u>

1.14 As previously mentioned, there is legislation that governs the collection of business rates, council tax and housing rents. As a Local Authority it is necessary to have a debt collection process that adheres to legislation but ensures the maximum amount of income is collected.

1.15 Members will be aware that throughout the pandemic recovery action for debt collection had to be completely suspended several times. This has not been the case during 2022/23 but staff continue to contact debtors to help them settle their debts by providing reminders and setting up payment plans.

1.16 Our debt collection processes are now back to normal but is clear that the pandemic and cost of living influenced business and individuals' ability to pay, as the arrears levels demonstrate. We will continue to provide the payment plan

facility for debtors to help where we can and carry out recovery action as necessary.

1.17 Indicators for debt collection are monitored through the 'Perform' system and reported at the quarterly performance meetings where any areas of concern are raised. Targets for collecting income and reducing arrears for each class of debt are set and monitored. The performance data on debt collection is also reported quarterly to Executive for information where any areas of concern are raised/discussed.

1.18 The following table shows for 2022/23 the movement since last financial year in the value of each source of income, the amount that is outstanding as arrears and the bad debt provision which relates to that source of income.

Table 4 – Summary for 2022/23

	Income	Arrears	Provision
	£	£	£
NNDR	(16,000)	99,901	(109,979) *
Council tax	(2,519,000)	912,605	(416,545) **
Housing Rents	(988,000)	240,763	(226,920)
Overpaid housing benefits	(207,000)	(65,890)	73,310
Sundry Debtors	(1,627,000)	761,368	(50,471)
Totals	(5,357,000)	1,948,747	(730,605)

1.19 Overall, in 2022/23 we have raised on our systems £5.357m (net) more in income. Our arrears have increased by £1.949m but if we exclude the reductions in arrears for housing benefit overpayments, the increase is over £2m. We have increased the bad debt provisions by £0.731m.

2. Reasons for Recommendation

2.1 To ensure that Finance and Corporate Overview Scrutiny Committee are informed of the latest position concerning the Council's debt.

3 Alternative Options and Reasons for Rejection

3.1 This report is for information only.

RECOMMENDATION(S)

1. That Finance and Corporate Overview Scrutiny Committee note the report concerning the Council's Corporate Debt as at 31 March 2023.

Approved by the Portfolio Holder - Cllr Clive Moesby, Executive Member for Resources

IMPLICATIONS:

Finance and Risk: Yes No

Details:

The current position regarding corporate debt is given throughout the report. Failure to collect this debt would have a detrimental impact on the Council's financial position if sufficient bad debt provisions were not in place. It must be remembered that the Covid-19 pandemic initially and now increase in cost of living, continues to impact on the arrears for all our main sources of income at 31st March 2023.
