## 2. <u>Details of Proposal or Information</u>

2.1 Tables 1, 2 and 3 in Appendix 1 detail the key patterns and trends being experienced corporately in relation to sickness absence.

## 2.2 <u>Key Trends</u>

- The overall average days lost due to sickness in Quarter 3 was 1.89, this has decreased from Quarter 2 and is the lowest performance since Q4 of 20/21.
- There is a direct correlation between employees undertaking physically demanding work and high levels of sickness. This is reinforced by Muscular/Skeletal absences regularly being in the top three reasons for sickness absence.
- 4 Services experienced zero sickness in Quarter 3 and a further 6 Services experienced less than 1 day per FTE employee.
- Stress/Depression has remained in the top three reasons for absence since Quarter of 2019/20.
- There were 8 cases of absence due to Stress/Depression during Quarter 3, two of which were work related, and 6 were none work related.
- Covid19 accounted for 64 days lost due to sickness in Quarter 3 in comparison to 18 days lost in Quarter 2.
- There are 11 long term cases in this quarter, 8 are due to physical health ailments and 6 are related to stress/depression (one of which is work related). Appropriate support and assistance is being provided to facilitate support for those who have returned to work and those planning to do so. 3 have now returned to work, 8 remain absent (1 of which, the Council is pursuing the III Health Retirement route) and 1 has retired on III Health Grounds.

## Actions

  - Awareness training explains that colleagues and managers are not specialists in mental health and their role is to listen to employees and signpost them to appropriate support.
  - Mental Health awareness initiatives and possible support is continually publicised via Eric and the weekly bulletin. Recent examples of which include:
    - the Mental Health Map, which features all the pathways and support options available in Derbyshire.

  - To encourage health and wellbeing staff can take up membership for Go! Active which includes gym, swim and classes for only £15 per month.
  - There is a Health Referral Programme (Physical Activity & Lifestyle Support) which is available to Employees residing within the BDC Area – This is a programme aimed at changing behaviours and finding solutions to assist people facing daily challenges resulting in a concentrated approach regarding service users health and wellbeing.
