#### PURPOSE/SUMMARY OF REPORT

To present, for members' information, a progress report in respect of the 2023/24 Internal Audit Plan.

#### **REPORT DETAILS**

#### 1. <u>Background</u>

1.1 The Public Sector Internal Audit Standards require that the Head of the Internal Audit Consortium reports periodically to the Audit Committee in respect of performance against the audit plan. Significant risk and control issues should also be reported.

#### 2. Details of Proposal or Information

2.1 Appendix 1 is a summary of reports issued January to February 2024 in respect of the 2023/24 Internal Audit Plan. The Appendix shows for each report the level of assurance given and the number of recommendations made / agreed where a full response has been received. This provides an overall assessment of the system's ability to meet its objectives and manage risk. The definitions of the assurance levels used can be seen in the table below. The assurance levels have also now been linked to definitions of risk within the risk management strategy.

| Assurance<br>Level       | Internal Audit Definition   | Risk Register<br>Link        |
|--------------------------|---|------------------------------|
| Substantial<br>Assurance | There is a sound system of controls in place,<br>designed to achieve the system objectives.<br>Controls are being consistently applied and<br>risks well managed.   | Minor / negligible<br>impact |
| Reasonable<br>Assurance  | The majority of controls are in place and<br>operating effectively, although some control<br>improvements are required. The system should<br>achieve its objectives. Risks are generally well<br>managed.                     | Minor / moderate             |
| Limited<br>Assurance     | Certain important controls are either not in place<br>or not operating effectively. There is a risk that<br>the system may not achieve its objectives.<br>Some key risks were not well managed.                               | Moderate / Severe<br>Impact  |
| Inadequate<br>Assurance  | There are fundamental control weaknesses,<br>leaving the system/service open to material<br>errors or abuse and exposes the Council to<br>significant risk. There is little assurance of<br>achieving the desired objectives. | Catastrophic<br>Impact       |

- 2.2 In this period 2 reports have been issued both with Reasonable Assurance.
- 2.3 No issues arising relating to fraud were identified.
- 2.4 Appendix 2 provides full details of the audits completed and those in progress. A few audits will need to be deferred due to staff shortages during the year. A new part time auditor started on the 4<sup>th</sup> March 2024.
