Review of the Council's Policy under the Licensing Act 2003

Report of the Joint Assistant Director for Environmental Health

Classification	This report is public
Report By	Lindsey Delamore, Licensing and Enforcement Officer Charmaine Terry, Environmental Health Team Manager (Licensing)

PURPOSE/SUMMARY OF REPORT

To consider the responses to the consultation for the review of the draft revised Statement of Principles under the Licensing Act 2003 and recommend a final draft for adoption at full Council.

REPORT DETAILS

1. Background

1.1 Under the Licensing Act 2003 ('the Act'), Bolsover District Council ('the Council') is responsible for the administration and regulation of licences and certificates which authorise the following activities:

- The sale and supply of alcohol;
- The provision of regulated entertainment; and
- The provision of late night refreshment.

1.2 The Act contains four licensing objectives which are central to the regulatory regime created by the Act, and are:

- The Prevention of Crime and Disorder
- The Prevention of Public Nuisance
- The Protection of Children from Harm
- Public Safety

When discharging its functions, the Council, as a statutory Licensing Authority, must make decisions with a view to promoting these objectives.

1.3 The Licensing Act 2003 imposes a statutory requirement upon the Council, to prepare and publish a Statement of Principles (alternatively referred to as a 'Policy') every five years.

- 1.4 In 2018 a review was undertaken to ensure that the Council's Policy was consistent with statutory guidance and in a format common to neighbouring authorities to enable consistency and transparency. The Act requires the Council to republish its Policy every five years. The current Policy was published in 2019 and is now due for renewal.
- 1.5 The Policy establishes a set of controls which the Council considers appropriate for the effective management of licensable activities within the district. The Policy acts as a guide for Members, applicants, responsible authorities, and members of the public and aims to promote fair, consistent, and proportionate decision making.

2. Details of Proposal or Information

- 2.1 The Joint Environmental Health Service conducted an initial review of the Policy and identified a number of amendments necessary to bring the Policy up to date.
- 2.2 In summary the proposed amendments aimed to achieve the following:
- Ensure the Policy is consistent with legislation and statutory guidance
 - Increase the clarity of the Policy
 - Improve the standards of premises in the district through the recommendation of more robust management practices
 - Provide clarity on delegations; and
 - Update local demographics.
- 2.3 Following consideration of the draft policy through the Licensing and Gambling Acts Committee and the Climate Change and Communities Scrutiny Committee, a six-week public consultation opened between 26th February 2024 and 7th April 2024.
- 2.4 The consultation was published via the Ask Derbyshire website and publicised through the Council's website and social media platforms. A number of stakeholders were also contacted directly via email or letter. A full list of stakeholders consulted can be found at **Appendix 1**.
- 2.5 Despite carrying out an extensive consultation exercise, the Council did not receive any responses to the consultation.
- 2.6 This lack of response likely indicates an indifference to the proposed changes to the Policy and that the updated Policy is fit for purpose.

Updates Following Consultation

- 2.5 Following the consultation, minor amendments have been made to the Policy to insert the dates the Policy will remain in force and a list of persons consulted in the preparation of the Policy. A copy of the updated draft Policy can be found attached as **Appendix 2**.
- 2.6 An Equality Impact Assessment has been conducted in line with the Council's Equality and Diversity Policy.

2.7 Following approval of a final draft Policy by the Licensing and Gambling Acts Committee, a further report will be submitted to Council with a recommendation that the Policy be formally adopted.

3. Reasons for Recommendation

3.1 The Council has a statutory duty to prepare and publish a Statement of Principles under the Licensing Act 2003 every five years.

4 Alternative Options and Reasons for Rejection

4.1 The Council can choose not to prepare and publish a new Statement of Principles under the Licensing Act 2003; however, this would leave the Authority open to legal challenges by way of appeals against decisions on licensing matters or judicial review.

RECOMMENDATION(S)

1. The Licensing and Gambling Acts Committee notes the outcome of the consultation and approves the revised draft Statement of Principles under the Licensing Act 2003.
2. The Licensing and Gambling Acts Committee refer the Policy to full Council together with a recommendation that the draft Statement of Principles under the Licensing Act 2003 be adopted.

Approved by Councillor Clarke Portfolio Holder for Environment

IMPLICATIONS:

Finance and Risk: Yes No

Details:

There will be a minor cost associated with carrying out the consultation. This can be accommodated from existing budgets.

On behalf of the Section 151 Officer

Legal (including Data Protection): Yes No

Details:

It is a legal requirement under the Licensing Act 2003 that a licensing authority prepare and publish a statement of principles every five years. Having a policy which is up to date, compliant with the legislation, fit for purpose and clear, assists with the implementation of rules and reduces the risk of legal challenge by way of appeal or judicial review, and as such, reduces the risk of associated legal costs.

On behalf of the Solicitor to the Council

Environment: Yes No

Please identify (if applicable) how this proposal/report will help the Authority meet its carbon neutral target or enhance the environment.

Details:

The Licensing Act regulatory regime will not have any direct impact on the achievement of carbon neutral targets or the enhancement of the environment. This Policy aims to introduce measures which promote the responsible management of licensable activities in the district and mitigate local environmental impacts including noise and nuisance.

Staffing: Yes No

Details:

There are no staffing implications of the proposals in this report.
