(Final Report)**

Report of the Chair of Climate Change & Communities Scrutiny Committee

Classification	This report is Public
Contact Officer	Thomas Dunne-Wragg, Scrutiny Officer

PURPOSE/SUMMARY OF REPORT

- To present the final Post-Scrutiny Monitoring Report on the recent Review of Council's Approach to Carbon Reduction.

REPORT DETAILS

1. Background

- 1.1 The Climate Change Act 2008 commits the UK government by law to reducing greenhouse gas emissions by at least 100% of 1990 levels (net zero) by 2050. This includes reducing emissions from the devolved administrations (Scotland, Wales, and Northern Ireland), which currently account for about 20% of the UK's emissions. The 100% target was based on advice from the CCC's 2019 report, 'Net Zero – The UK's contribution to stopping global warming'
- 1.2 Scrutiny has previously received updates on progress against the Carbon Reduction Plan 2019-30 (CRP) with reports presented to the Customer Service & Transformation and Healthy, Safe, Clean & Green Scrutiny Committees. The original CRP set out 8 thematic areas by which the authority aimed to reduce its carbon emissions.
- 1.3 Following structural changes in 2021/22 and a change in lead officers, the Assistant Director of Property Services & Housing Repairs reviewed the existing action plans and those in use with regional funders. In consultation with the Assistant Director of Development & Planning, a 10 point framework used by the Midlands Engine was identified which would allow the Council's existing themes to be transferred/captured, but would also allow the streamlining of bids for schemes to be aligned with regional and national funders.
- 1.4 It was felt that the framework would allow better compatibility with funders both regionally and nationally. It included additional themes which represented new and emerging technologies that the Council were keen to explore. It also allowed a number of different polices and groups to be brought together so progress

could be clearly identified and evidenced, with greater opportunities offered to partners through the Low Carbon Thematic Group and the Bolsover Partnership.

- 1.5 In March 2022, Executive agreed to accept these proposed changes to the CRP and move away from more traditional monitoring to a live document that tracked and evidenced progress across all schemes and or initiatives.
- 1.6 The Climate Change & Communities Scrutiny Committee received a further update in May 2022, following the operational changes to the Council's approach during the Covid-19 pandemic.
- 1.7 Committee Members agreed to complete further detailed work in relation to carbon reduction as part of the 2022/23 work programme in order to evaluate work completed within the current municipal cycle 2019-23, to guide incoming Members on potential future action.

2. Details of Proposal or Information

- 2.1 The Committee put together nine recommendations, as outlined in Appendix 1, which will hopefully enable the Council to clarify immediate priorities for action, as well as longer term plan to ensure the Council and District is net zero by 2050.
- 2.2 Appendix 2 sets out the progress so far in meeting the recommendations..
- 2.3 To date 4 out of 9 recommendations have been achieved and 5 are overdue. Members should note that a Climate Change Officer has been recruited and is due to start with the Council in July. Therefore recommendation CCCS22-23 2.2 should be completed by then, The other outstanding recommendations are tasks to be undertaken by the Climate Change Officer and revised target dates are set out in the Appendix 2.

3. Reasons for Recommendation

- 3.1 Members are required to make their report and findings public, in accordance with Part 4.5.17(4) of the Constitution.
- 3.2 Committee is required to monitor implementation of their recommendations in accordance with Part 3.6(1) of the Constitution.
- 3.3 Members must note Executive's response to the review recommendations and agree to review progress on the approved recommendations. A progress report is submitted at six and twelve months' intervals, with any exceptions to expected delivery highlighted.

4 Alternative Options and Reasons for Rejection

- 4.1 There are no alternative options. Members are required to note the service's response to progress against the review recommendations.
- 4.2 Committee is required to monitor implementation of their recommendations in accordance with Part 3.6(1) of the Constitution and as such the report cannot be rejected.

RECOMMENDATION(S)

1. That Scrutiny Members note the progress against the review recommendations.
2. That Scrutiny Members acknowledge any exceptions to delivery and clarify the additional action required by the service.
3. That Scrutiny Members make its report and findings public, in accordance with Part 4.5.17(4) of the Council's Constitution.
4. That Officers continue to implement the recommendations and submit a further report in six months time highlighting progress and any exceptions to delivery.
