| RESPONSE TO SCRUTINY COMMITTEE ON IMPLEMENTATION FOLLOWING SCRUTINY REVIEW | | | | | | | | | |
|----------------------------------------------------------------------------|------------------------------------------------------------------------------|-----|------------------------|-------|--------------------------------------------------------------------------------|---|--|--|--|
| Title of Review: | Review of Effectiveness of Council's Waste Collection and Disposal Education | | | | | | | | |
| Timescale of Review: | July 2023 – July 20 | 024 | Post-Monitoring Period | d: | 18 months from July 2025 - Interim reports due Feb 2025, Sep 2025 & March 2026 | | | | |
| Date agreed by Scrutiny: | July 2024 | | Date agreed by Execut | tive: | July 2024 | | | | |
| Total No. of Recommendations and Sub | Achieved | 9 | On track | 0 | Extended | 1 | | | |
| Recommendations and Sub | Achieved (Behind target) | 0 | Overdue | 0 | Alert | 1 | | | |

Key Achievements:

- Launched a bi-weekly e-newsletter that includes regular waste disposal education for residents.
- Uploaded the burgundy bin diagram to the Council's website and introduced an A-Z guide on recyclable items.
- Regular resident engagement through InTouch magazine, with themed recycling articles in every edition since October 2024, covering topics such as contamination reduction, plastics recycling, and preparation for food waste caddies.
- Ongoing school engagement programme, led by the Recycling Promoter, with visits, presentations, and re-circulation of educational video resources to schools, after-school clubs, and youth groups.
- Use of Council-owned digital screens (at the Gym, Contact Centre, and Arc Reception) to display refreshed recycling adverts and awareness campaigns.
- Planned communications campaign by the Comms team to further reduce contamination rates.
- Development of the 2026 bin collection calendar, prepared in August 2025 and scheduled for distribution to all households in the autumn.
- Strengthened operational practices within Streetscene in advance of a revised waste disposal policy (due to Council in October 2025), ensuring consistency in applying the Waste Collection Policy and reinforcing enforcement/education measures.

Reasons for non-implementation of Recommendations:

• Due to LGR a long term investment into an App would not represent good value for money, therefore 1.10 has been discontinued

| PERFORM Code | Recommendation | Lead Officer | Target Date | Completion Date | Status | Resources | Progress/Action |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------|----------------|-----------------|----------|--------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.1 | That the Council feature recycling information in its quarterly magazine, 'InTouch', at a minimum of twice per year, considering a double page spread devoted entirely to waste disposal and education. | Communications Marketing and Design Manager | July 2025 | Summer 2025 | Achieved | Officer time | In July 2024, the Communications department published an article about the green bins and provided information on the weekly food waste collections. The October edition featured a full-page diagram outlining the items that can be placed in the burgundy bin, as well as a campaign promoting clothing recycling. In the January 2025 edition, a new advert will focus on plastic recycling, alongside banner adverts highlighting additional items that can be recycled in the burgundy bin. SECOND INTERIM REPORT Waste disposal themed articles have featured in every Intouch magazine since this review was approved by the Executive: |

| 1.3 | increase the frequency of recycling | Director of Services in | | 2025 | | | The recycling promoter has emailed all schools |
| | champions attending schools across the District on a regular basis to promote recycling education. | consultation with: Recycling Promoter | | | | Officer time | across the District to remind them that the Council is able to visit schools to provide recycling education. By June 2024 the Recycling Promoter had 2 responses out of all schools across the District – the Council continues to struggle to get into schools but progress is being made. |
| | | | | | | | SECOND INTERIM REPORT Engagement with local schools remains ongoing, with further contacts being made to encourage participation and involvement in the project. |

| PERFORM Code | Recommendation | Lead Officer | Target Date | Completion Date | Status | Resources | Progress/Action |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|----------------|-----------------|----------|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | | | | | | | The Recycling Promoter continues to demonstrate strong enthusiasm and commitment, actively seeking opportunities to visit schools and promote awareness. Efforts are being sustained to ensure as many schools as possible are reached, keeping momentum and visibility high at this stage of the initiative. |
| CSSC23-24 1.4 | That the Council promotes the educational waste disposal video by resending it to schools, after school clubs and community youth groups, to be shown to young people. | Strategic Director of Services in consultation with: Communications Marketing and Design Manager Recycling Promoter | July 2025 | Summer 2025 | Achieved | Partnership Officer time | INTERIM REPORT The educational video has been sent to all schools across the District. Over the summer the Recycling Promoter had two responses out of all schools across the District regarding making visits to schools. The Council has also developed another video educating the process of how old bins are recycled when they are replaced which can be shown in schools. Additionally, the Communications Team will launch a weekly video |

|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.7 That the Council publishes educational recycling information, e.g., the accessible burgundy bin poster, across the District on the electronic bulletin boards in the four main market towns. Communications Marketing and Design Manager in consultation with: Recycling Promoter Summer 2025 (initial date) July 2025 (Extended date) | | INTERIM REPORT The burgundy bin diagram was deemed too thin and therefore not used. Instead, animated adverts have been created for display on digital screens in the Market Towns. These adverts encourage recycling and provide information on the types of products that can be recycled, such as the materials glass and metal can be turned into. SECOND INTERIM REPORT The Shirebook Bulletin Board has been taken down. Two boards have been broken for some time and one is still working. Screens that do work are in the Gym, the Contact Centre and Arc Reception. These screens have featured recycling adverts regularly and content is frequently refreshed. The Comms team plan on running a media campaign |

| | and undertakes doorstep education to influence the reduction of contamination in burgundy bins. | | | | | | The Recycling Promoter has also been visiting households where the Burgundy bin collection was delayed due to contamination. |
| | | | | | | | SECOND INTERIM REPORT There is a revised policy for waste disposal scheduled to go to Council for approval in October. This will provide an updated framework for enforcement and education around residual, recycling, and garden waste collections. |
| | | | | | | | In anticipation of this, Streetscene is tightening up operational practices to ensure consistency with the Council's existing Waste Collection Policy. |
| | | | | | | | Continued education is being pursued to reduce contamination rates in recyclables. |
