**Treasury Strategy Reports 2020/21 - 2023/24**

**Report of Councillor Clive Moesby, Portfolio Holder for Finance + Resources**

This report is public

**Purpose of the Report**

The purpose of this report is to provide Council with the necessary information to approve the Authority's suite of Treasury Strategies for 2020/21 to 2023/24.

**1 Report Details**

- 1.1 Treasury risk management at the Authority is conducted within the framework of the Chartered Institute of Public Finance and Accountancy's *Treasury Management in the Public Services: Code of Practice 2017 Edition* (the CIPFA Code) which requires the Authority to approve a treasury management strategy before the start of each financial year. This report fulfils the Authority's legal obligation under the *Local Government Act 2003* to have regard to the CIPFA Code.
- 1.2 From 2019/20, the CIPFA Code required that a Capital Strategy be produced alongside the Treasury Management Strategy. In addition, the 2018 Investment Guidance issued by the Ministry of Housing, Communities and Local Government required local authorities to produce a Corporate Investment Strategy. So from 2019/20 there has been a requirement to produce three separate treasury strategies.
- 1.3 As in previous years, the Authority's Treasury Management Strategy provides the framework for managing the Authority's cash flows, borrowing and investments, and the associated risks for the years 2020/21 to 2023/24. The Treasury Management Strategy sets out the parameters for all borrowing and lending as well as listing all approved borrowing and investment sources. Prudential indicators aimed at monitoring risk are also included. **(Appendix 1).**
- 1.4 The Capital Strategy is intended to be a high level, concise overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of the Authority's services. The report also provides an overview of the associated risk, its management and the implications for future financial sustainability. The Capital Strategy sets out the capital expenditure plans for the period and how they will be financed. It also provides information of the minimum revenue provision, capital financing requirement and prudential indicators aimed at monitoring risk **(Appendix 2).**

- 1.5 The Corporate Investment Strategy focuses on investments made for service purposes and commercial reasons, rather than those made for treasury management. Investments covered by this strategy include earning investment income through commercial investments or by supporting local services by lending to or buying shares in other organisations (**Appendix 3**).

## **2 Conclusions and Reasons for Recommendation**

- 2.1 This report outlines the Authority's proposed suite of Treasury Strategies for the period 2020/21 to 2023/24 for consideration and approval by Council. It contains:

- The Treasury Management Strategy which provides the framework for managing the Authority's cash flows, borrowing and investments for the period.
- The Capital Strategy which is intended to provide a high level, concise overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of the Authority's services.
- The Corporate Investment Strategy which focuses on investments made for service purposes and commercial reasons, rather than those made for treasury management.

The above strategies provide an approved framework within which the officers undertake the day to day capital and treasury activities.

## **3 Consultation and Equality Impact**

- 3.1 There are no equality issues arising from this report.

## **4 Alternative Options and Reasons for Rejection**

- 4.1 Alternative options are considered throughout the report

## **5 Implications**

### **5.1 Finance and Risk Implications**

- 5.1.1 These are considered throughout the report

### **5.2 Legal Implications including Data Protection**

- 5.2.1 As part of the requirements of the CIPFA Treasury Management Code of Practice the Authority is required to produce every year a Treasury Management Strategy and Capital Strategy which requires approval by full Council prior to the commencement of each financial year. This report is prepared in order to comply with these obligations.

- 5.2.2 There are no Data Protection issues arising directly from this report.

### **5.3 Human Resources Implications**

- 5.3.1 There are no human resource implications arising directly out of this report.
